Lateral Thinking: Exercises and Research Topics Gerald Kehr Ed.D., 2017-04-11 Apply your intellect to the exercises found in this unique text The problems in science history political science linguistics mathematics social theory and philosophy are designed for readers who are able to look beyond the seemingly obvious for answers Although this text is applicable to a wide ranging readership one suggested application would be in the sphere of higher education where it could be used to help students develop lateral thinking skills The text also provides suggested research topics to further advance these skills All readers will improve their creativity and gain a broader more enriched world view **Strategic**

Communication Anthony Dudo, LeeAnn Kahlor, 2016-07-01 The focus of this book is Strategic Communication Communication can be defined as strategic if its development and or dissemination is driven by an expected outcome These outcomes can be attitudinal behavioral persuasive or knowledge related they can lead to change or engagement or they can miss their mark entirely In looking at strategic communication one is not limited to a specific context or discipline Many of the scholars in the volume are generating research that covers strategic communication in ways that are meaningful across fields This volume collects the work and idea of scholars who cover the spectrum of strategic communication from source to message to audience to channel to effects Strategic Communication offers new perspectives across contexts and is rooted firmly in the rich research traditions of persuasion and media effects Spanning multiple disciplines and written to appeal to a large audience this book will be found in the hands of researchers graduate students and students doing interdisciplinary coursework Challenges and Opportunities for Knowledge Organization in the Digital Age Fernanda Ribeiro, Maria Elisa Cerveira, 2018-07-11 Thema der 15 Internationalen Konferenz der International Society for Knowledge Organization vom 9 bis 11 Juli 2018 in Porto ist Challenges and Opportunities for Knowledge Organization in the Digital Age Der Konferenzband fasst die Vorträge von Wissenschaftlern aus aller Welt zusammen

Relationship Power in Health Care John B. Livingstone, M.D., Joanne Gaffney, R.N., LICSW, 2016-02-24 The personal interface between clinician and patient is a misunderstood subject which can impact all areas of health care Without adequate training in relationship science clinicians inadvertently contribute to empathic failure poor medical decision process difficulty changing health related behavior costly variation and derailment of care extra litigation and clinician burnout Relationship Power in Health Care presents new knowledge and skills that empower health care and wellness professionals to become competent facilitators of behavior and lifestyle change information transfer and medical decision making in collaboration with their patients The new approaches are supported by a wide variety of research and clinical evidence derived from modern psychotherapy brain biology and the latest advances in health coaching and nursing science Putting them to work to improve health care makes good sense both scientifically and ethically This comprehensive text integrates past health psychology models starting from the 1950s with recent advances

made since the 1990s in relationship psychology and interpersonal neurobiology It also includes videos of brief medical interviews along with analysis of the strategies and tactics used The tactics outlined and the interview demonstrations conducted by a highly experienced clinical social worker and nurse Joanne Gaffney offer a unique opportunity for all clinicians to acquire valuable skills in both clinician self care and patient care
