

Sharing The Children

Richard Bailey

Sharing The Children:

Sharing Child Care in Early Parenthood Malcolm Hill, 2023-02-13 Originally published in 1987 Malcolm Hill examines the different ways in which parents share responsibility for looking after their pre school children with other people whether members of their social networks formal groups or paid carers He also looks at the reasons parents give for choosing and changing their particular arrangements In this way he provides insights into a range of ideas which ordinary members of the public have about children s needs the rights and responsibilities of mothers and fathers and how children think and feel Marked differences are described in the social relationships of families and in notions about who is acceptable as a substitute carer for children in what circumstances and for what purpose Several of these contrasts are linked to attitudes and life conditions which are affected by social class The book identifies possible consequences for individual children s social adaptability resulting from these patterns of care It suggests that people working with the under fives could profit from adapting their activities and services to children s previous experiences of shared care and families differing expectations about groups for children

Fostering Children's Faith Jeanne Hall, 2012-03-29 Fostering faith in children is a shared privilege and responsibility of parents godparents and the church community We promise our children at baptism that we will support them in their faith formation in the formation of their relationship with God We need to take this promise seriously This book is intended to be an accessible and helpful resource for parents and other adults who seek to foster children s faith This book succinctly explores many ways we can support children s faith formation including our day to day interactions with children the images of God we share with them how we pray together the rituals we create service opportunities we provide music we share together the stories we tell and listen to our celebration of the sacraments and more While this book has a distinctly Roman Catholic orientation much of the content will be relevant for a wider Christian audience Lastly but perhaps most importantly this book is rooted in the conviction that the God we seek relationship with and that we hope to foster our children s relationship with is one who is infinitely loving welcoming and always yearning for deeper connection with us

Share and Take Turns Cheri J. Meiners, 2003 Help children practice sharing understand how and why to share and realize the benefits of sharing

Reasonable Children Michael S. Pritchard, 1996 The public outcry for a return to moral education in our schools has raised more dust than it s dispelled Building upon his provocative ideas in *On Becoming Responsible* Michael Pritchard clears the air with a sensible plan for promoting our children s moral education through the teaching of reasonableness Pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills Reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community In such an environment children learn to work together to listen to one another to build on one another s ideas to probe assumptions and different perspectives and

ultimately to think for themselves Advocating approaches to moral education that avoid mindless indoctrination and timid relativism Pritchard neither preaches nor hides behind abstractions He makes liberal use of actual classroom dialogues to illustrate children s remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truth-telling lying making and keeping promises obedience character and responsibility He also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state Pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers The result is a rich and insightful work that provides real hope for the future of our children and their moral education The Joy of Children's Literature Denise

Johnson,2023-12-18 This book provides in depth coverage of children s literature with integrated reading methods in a concise accessible format Johnson emphasizes that reading writing discussing and finding pleasure in children s books are essential tools in being able to recognize and recommend literature and being able to share the joy of children s literature with children themselves This fully updated third edition includes up to date research new book titles within each chapter a greater focus on diversity and inclusion and new sections on Activities for Professional Development and Print and Online Resources

Berk,2022-07-26 In the Ninth Edition of Infants and Children Prenatal Through Middle Childhood

renowned professor researcher and author Laura E Berk takes an integrated approach to presenting development in the physical cognitive emotional and social domains emphasizing the complex interchanges between heredity and environment providing exceptional multicultural and cross cultural focus and offering research based practical applications that students can relate to their personal and professional lives *Infants, Children, and Adolescents* Laura E. Berk, 2022-07-26 A best selling chronologically organized child development text Laura E Berk s *Infants Children and Adolescents* takes an integrated approach to presenting development in the physical cognitive emotional and social domains emphasizing the complex interchanges between heredity and environment providing exceptional multicultural and cross cultural focus and offering research based practical applications that students can relate to their personal and professional lives *Child Education Teach to Live* Ary S. Jr., 2024-02-16 This book is a comprehensive and practical guide for educators parents and caregivers who work with young children with special needs It addresses the main aspects of child development learning stages and styles educational theories and applications special needs and inclusion the use of technology and the promotion of children s mental and physical health **Young Children and the Environment** Julie Davis, Sue Elliott, 2023-12-31 *Young Children and the Environment* is a practical future oriented resource that explores how early childhood educators can work with children their families and wider community to tackle issues of sustainability Now in its third edition this seminal text covers Early Childhood Education for Sustainability as well as the science of sustainability public health children s wellbeing ethics and a broad range of environmental management topics *Stories from the Field* present practical ideas for early childhood educators to support their own learning and teaching in sustainability and international case studies provide examples of how sustainability is taught to young children across the globe *Young Children and the Environment* is a call to action for those who work with children to put in place practices for a sustainable future This book is a vital resource for students and practitioners looking for guidance on how to implement change for the future of children and the environment *Mirror Neuron Systems* Jaime A. Pineda, 2009-03-01 The aim of this book is to bring together social scientists cognitive scientists psychologists neuroscientists neuropsychologists and others to promote a dialogue about the variety of processes involved in social cognition as well as the relevance of mirroring neural systems to those processes Social cognition is a broad discipline that encompasses many issues not yet adequately addressed by neurobiologists Yet it is a strong belief that framing these issues in terms of the neural basis of social cognition especially within an evolutionary perspective can be a very fruitful strategy This book includes some of the leading thinkers in the nascent field of mirroring processes and reflects the authors attempts to till common ground from a variety of perspectives The book raises contrary views and addresses some of the most vexing yet core questions in the field providing the basis for extended discussion among interested readers and laying down guidelines for future research It has been argued that interaction with members of one s own social group enhances cognitive development in primates and especially humans Barrett Henzi 2005 Byrne and Whiten 1988 Donald 1991 and

others have speculated that abilities such as cooperation deception and imitation led to increasingly complex social interactions among primates resulting in a tremendous expansion of the cerebral cortex The evolutionary significance of an imitation capability in primates is matched by its ontological consequences *Narratives in Early Childhood Education* Susanne Garvis,Niklas Pramling,2017-05-08 Over the past few decades a growing body of literature has developed which examines children s perspectives of their own lives viewing them as social actors and experts in their understanding of the world Focusing specifically on narratives this unique and timely book provides an analysis of these new directions in contemporary research approaches to explore the lived experiences of children and teachers in early childhood education in addition to presenting original research on children s narratives The book brings together a variety of well regarded international researchers in the field to highlight the importance of narrative in young children s development from local and global perspectives While narrative is clearly understood within different countries this is one of the first texts to build an international understanding acknowledging the importance of culture and context It presents up to date research on the latest research methods and analysis techniques using a variety of different approaches in order to critically reflect on the future for narrative research and its insights into early childhood education *Narratives in Early Childhood Education* will be of interest to postgraduate students academics and researchers in early childhood education as well as early childhood professionals government policy makers and early childhood organisations and associations **Handbook of Race, Racism, and the Developing Child** Stephen M. Quintana,Clark McKown,2008-07-10 Filling a critical void in the literature *Race Racism and the Developing Child* provides an important source of information for researchers psychologists and students on the recent advances in the unique developmental and social features of race and racism in children s lives Thorough and accessible this timely reference draws on an international collection of experts and scholars representing the breadth of perspectives theoretical traditions and empirical approaches in this field *Embracing the New Two-Child Policy Era* Xiumin Hong,Wenting Zhu,Qun Ma,2022-05-04 Crafted from a research project that lasted for three years this book examines the impacts of China s universal two child policy under the lens of education and focuses specifically on early childhood This book not only provides number projection but also the prediction and judgment of the supply and demand of service resources in early childhood education It attempts to reveal the attitudes and views of families and stakeholders on the universal two child policy and present the public s policy requirements for the quality of early childhood education In addition it analyses possible problems and challenges in current kindergarten layouts and resources allocation Lastly it aims to provide references and bases for formulating the plan that adapts to changes of Chinese preschoolers supply guarantee of future early childhood education and the construction of public service system Offering rich insights into the current and future status of education in China this text will be of interest to students scholars and researchers of sociology early childhood education contemporary China studies East Asian educational practices and policy *Routledge International*

Encyclopedia of Women Cheris Kramarae, Dale Spender, 2004-04-16 For a full list of entries and contributors sample entries and more visit the Routledge International Encyclopedia of Women website Featuring comprehensive global coverage of women s issues and concerns from violence and sexuality to feminist theory the Routledge International Encyclopedia of Women brings the field into the new millennium In over 900 signed A Z entries from US and Europe Asia the Americas Oceania and the Middle East the women who pioneered the field from its inception collaborate with the new scholars who are shaping the future of women s studies to create the new standard work for anyone who needs information on women related subjects **The Routledge International Handbook of Children, Adolescents and Media** Dafna Lemish, 2013-07-18

The roles that media play in the lives of children and adolescents as well as their potential implications for their cognitive emotional social and behavioral development have attracted growing research attention in a variety of disciplines The Routledge International Handbook of Children Adolescents and Media analyses a broad range of complementary areas of study including children as media consumers children as active participants in media making and representations of children in the media The handbook presents a collection that spans a variety of disciplines including developmental psychology media studies public health education feminist studies and the sociology of childhood Essays provide a unique intellectual mapping of current knowledge exploring the relationship of children and media in local national and global contexts Divided into five parts each with an introduction explaining the themes and topics covered the handbook features 57 new contributions from 71 leading academics from 38 countries Chapters consider vital questions by analyzing texts audience and institutions including the role of policy and parenting in regulating media for children the relationships between children s on line and off line social networks children s strategies of resistance to persuasive messages in advertising media and the construction of gender and ethnic identities The Handbook s interdisciplinary approach and comprehensive international scope make it an authoritative state of the art guide to the nascent field of Children s Media Studies It will be indispensable for media scholars and professionals policy makers educators and parents

Communication Skills For Children'S Nurses

Lambert, Veronica, Long, Tony, Kelleher, Deirdre, 2012-10-01 This guide will help children s nurses to communicate with confidence sensitivity and effectiveness to meet the individual needs of children and their families The book explores different aspects of communicating in this challenging environment using vignettes examples practice insights and tips The book emphasises the importance of listening to and respecting children s views and rights in addition to respecting parent responsibility rights and duty to act in the child s best interests The authors show how a balance between protective exclusion and facilitated inclusion is core to communicating with children and families Bulletin , 1919 **Mental Health**

Interventions and Services for Vulnerable Children and Young People Panos Vostanis, 2007 This book provides a model which offers guidance on effective and appropriate therapeutic interventions and services for vulnerable children and young people the book enables professionals working with vulnerable children to choose the right intervention for each individual
