Deadly Deception in Arizona Elizabeth Bruening Lewis, 2012-05-03 Bright determined and focused Abby Taylor has not lost her sense of humor in spite of taking an indefinite leave of absence from her position as Professor of Anglo Saxon Studies at Vassar College due to Polycystic Kidney Disease And she certainly doesn t go out looking for trouble any more than her attractive companion Northern Arizona Forestry Professor David Neale does But once again it finds them And once again Abby s beloved Corgi dog Francis will do all that he can to protect his humans In the midst of the beautiful ranching country near Prescott AZ where their borrowed house is located Abby and David along with the faithful Francis should be enjoying a pleasant break from daily cares and concerns But alas disturbing events begin unfolding left and right Who would poison a Hereford Yearling Who would shoot an innocent and much respected Basque sheepherder And who would turn the highway going down from Mingus Mountain into a death trap As they try to live their peaceful lives amidst the splendor of the high desert it becomes evident that some questions must be answered if Abby David and Francis are going to stay alive in Arizona

Sacred Mobilities Avril Maddrell, Alan Terry, 2016-03-03 This collection draws on the Mobilities approach to look afresh at notions of the sacred where they intersect with people objects and other things on the move Consideration of a wide range of spiritual meanings and practices also sheds light on the motivations and experiences associated with particular mobilities Drawing on rich situated case studies this multi disciplinary collection discusses what mobility in the social sciences arts and humanities can tell us about movements and journeys prompted by religious more broadly spiritual and secular sacred practices and priorities Problematising the fixity of sacred places and times as territorially and temporally bounded entities that exist in opposition to

profane everyday life this collection looks at the intersection between the embodied emotional spiritual experience of places travel belief practices and communities It is this geographically informed perspective on the interleaving of religious spiritual secular notions of the sacred with the material and more than representational attributes of associated mobilities and related practices which constitutes this volume s original contribution to the field
