She Came To The Valley:

Stories from the Sunshine Mountain Valley Drew Bridges, 2007-03 The Sunshine Mountain Valley is a lovely little crossroads community in north central south western North Carolina located near the intersection of two interstate highways two great concrete and steel ribbons of travel and commerce that cross and go their separate ways just out of sight and out of mind of the people of the valley These are their stories some told from the porch of the Bull Tail Tavern so named because the owner was enamored of Mark Twain who noted that the man who takes a bull by the tail is privileged to information not available to others People of the valley live lives and have experiences not available to others Read this book for the simple enjoyment of the stories or as an aspiring storyteller Each of the main stories is followed by a section discussing a potentially difficult element in the telling of that story There are unfinished stories for the writer or storyteller to complete and shorts about children to remind all readers that we are all storytellers

The Desert Valley JACKSON GREGORY, 2024-01-02 The Desert Valley by using Jackson Gregory is a riveting Western book set against the dry backdrop of the American frontier Gregory s story of adventure love and the pursuit of justice takes readers to difficult settings and captivating characters The tale follows the protagonist a decided and innovative cowboy as he faces the hardships of the wasteland terrain Set in opposition to the backdrop of a harsh and merciless environment the tale delves into topics of survival loyalty and the conflict between desirable and evil Gregory s rich descriptions carry the wasteland terrain to existence making it an individual in the tale alongside the individuals who live there The protagonists encounter the tough realities of the frontier including both natural elements and the complexities of human interactions The Desert Valley exemplifies Gregory s capacity to seize the temper of the American West Through his bright storytelling he creates a world in which braveness and perseverance are essential for both people and nature This Western classic remains a riveting read for individuals who are inquisitive about stories of the uncooked untamed frontier
