She's Got A Thug In His Feelings Natisha Raynor, 2019-01-24 Islam Colby is every single woman's dream He's handsome established mature and doesn't have any children He spends his free time getting money and that has made him well off financially These factors made Islam aware that he's a hot commodity but he's also very choosy with whom he gives his time to Even though he's at the age where he's ready to settle down and start a family he refuses to rush it He's waiting for the woman that will make him feel like he doesn't want to live another day without her Just as he's starting to think that's a feeling that only people in romance novels and sappy movies get the pleasure of experiencing he meets Azzure Parker Islam is drawn to her like a moth to a flame but Azzure is involved in a complicated triangle that has her putting Islam on the back burner too many times for his liking The arrogance in him tells him to leave her where she stands but he simply can't Azzure Parker is old enough to know that we're given the rules of life we don't make them The relationship that she's been in for two years is unconventional to say the least but she's content For the most part There are days that Azzure wants a more traditional relationship but her faith in romance died long ago Just when it seems that Islam is resurrecting that faith a curve ball reminds Azzure that happy endings aren't as easy to obtain as she would hope Her decision is a complicated one Stay where it's safe and she knows what to expect or venture out into the world of fairy tale romance and give Islam her heart

People of the Streets Tony Parker, 2013-08-13 People of the streets you become aware of them and wonder who and what they are what kind of lives they have and what living them means First published in 1968 People of the Streets was Tony Parker's sixth book for which he spent a year approaching and interviewing people in London who were living their daily lives on street corners along gutters or in subways With his usual skill he coaxed them out of their natural reticence born of solitude into an unfamiliar but hugely illuminating spontaneity In Parker's books the strength lies in the interpretive

The Half-Life of Happiness John Casey,2015-08-19 From the winner of the 1989 National Book Award for Spartina a major new novel wise sad and richly comic about the meltdown of a marriage against the backdrop of a gloriously awful congressional campaign Charlottesville Virginia 1978 Mike is a successful forty something lawyer a onetime congressional staffer who s had it with Washington Joss his wife is a filmmaker They re Virginia liberals with a clan of close knit friends a bright edgy flirty games playing group spinning like a Catherine wheel around Mike and Joss But the sparks that fly between the two are getting hotter and more dangerous as Joss restlessness turns to impatience and then anger When one of the group introduces them all to the woman he wants to marry things suddenly explode this new arrival and Joss fall passionately in love and their whole world careens out of control What ensues is tragicomedy as Mike tries to allay his rage and misery by letting himself get sucked into a trial run for a seat in Congress He wants to be a hero to someone instead he becomes the unwitting star of a political farce Meantime Joss is struggling with her new life and their two young daughters who form a lovingly unmerciful Greek chorus commenting on the action have to navigate a turmoil in which one parent is a public joke and the other a private scandal Rarely has the undoing of love been chronicled with such large hearted humanity

Supreme Court , Behind Ghetto Walls Michael Novak,2017-09-08 This book is about the family lives of some 10 000 children and adults who live in an all Negro public housing project in St Louis The Pruitt Igoe project is only one of the many environments in which urban Negro Americans lived in the 1960s but the character of the family life there shares much with the family life of lower class Negroes as it has been described by other investigators in other cities and at other times in Harlem Chicago New Orleans or Washington D C This book is primarily concerned with private life as it is lived from day to

day in a federally built and supported slum The questions which are treated here have to do with the kinds of interpersonal relationships that develop in nuclear families the socialization processes that operate in families as children grow up in a slum environment the informal relationships of children and adolescents and adults with each other and finally the world views the existential framework arising from the life experiences of the Pruitt Igoeans and the ways they make use of this framework to order their experiences and make sense out of them The lives of these persons are examined in terms of life cycles Each child there is born into a constricted world the world of lower class Negro existence and as he grows he is shaped and directed by that existence through the day to day experiences and relationships available to him The crucial transition from child of a family to progenitor of a new family begins in adolescence and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior This book in short is about intimate personal life in a particular ghetto setting It does not analyze the larger institutional social structural and ideological forces that provide the social economic and political context in which lower class Negro life is lived These larger macro sociological forces are treated in another volume based on research in the Pruitt Igoe community However this book does draw on the large body of literature on the structural position of Negroes in American society as background for its analysis of Pruitt Igoe private life
