The Battle for the Beginning John F. MacArthur, 2005-03-20 The battle lines have been drawn Is the enemy winning Thanks to the theory of evolution writes best selling author John MacArthur naturalism is now the dominant religion of modern society Less than a century and a half ago Charles Darwin popularized the credo for this secular religion Naturalism has now replaced Christianity as the main religion of the Western world and evolution has become its principal dogma Many Christians who claim to believe that the Bible is God s revealed truth seem willing to allow modern scientific theories to replace the Genesis account of creation Such compromises present a conspicuous danger Bible teacher and pastor John MacArthur believes that in Genesis 1-3 we find the foundation of every doctrine that is essential to the Christian faith the vital underpinnings for everything we believe The Battle for the Beginning draws a clear line on today s theological landscape Everything in Scripture that teaches about sin and redemption assumes the literal truth of the first three chapters of Genesis If we wobble to any degree on the truth of this passage John MacArthur insists we undermine the very foundations of our faith

billions of our own kind it is difficult to stand out and we often feel lost in the darkness With every passing day we try to understand the people around us but we essentially forget how important it is to understand ourselves the emotions aspirations thoughts ideas and even the identities Everything is repressed under the compliance of the social order But when the reality hits us hard we cannot reject them we try to elude them So let us put some light into how the world might look if we never have to escape Poetry is usually considered to be a form of art that only a few can relate to but this book does not limit itself to any particular kind of readers Every poem in the collection is written to communicate with every individual who reads it
