**Crude Britannia** James Marriott,Terry Macalister,2021-05-20 Dripping with delicious detail Aditya Chakraborty Taking the reader on a journey through North East Scotland Merseyside South Wales the Thames Estuary and London this is the story of Britain s oil soaked past present and future Travelling the country the authors discover how the financial power and political muscle of an industry built the culture of a nation from pop music to kitchen appliances and how companies constructed an empire extracting the wealth of the world from Iran to Nigeria and Alaska Today the tide seems to be going out Britain s refineries have been quietly closed the North Sea oilfields are declining and wind farms are being built in their place As the country painfully shifts into its new post industrial role in the shadow of Covid Brexit and the climate crisis many believe the age of oil to be over But is it Speaking to oil company executives and traders as well as refinery workers filmmakers and musicians activists and politicians the authors put real people at the heart of a compelling story

**Refugees from Nazism to Britain in Trade, Industry, and Engineering** ,2025-09-04 From an unlikely Technical College in internment run by the dubious character Ludwig Warschauer or the unusual female electrical engineer Ira Rischowski to the unprecedented and creative initiative that was the trading estates where many refugees set up their businesses this book is full of surprises You may be intrigued to learn how much the refugees contributed to the British War Effort from Ludwig L wy who created new aircraft for the RAF to Londex a little known engineering company which made lighting equipment for buoys and submarines and many others these case studies reveal how the refugees helped Britain win the war Contributors are Tony Morgan Scott Cairns Tiffany Beebe Andrea Hammel Anna Nyburg Simon Willey Cathryn Enis Simon Parkin Felicitas Starr Egger Jonathan Aylen C Charmian Brinson Rob David Stephen Richardson Nicholas Russell Esther Saraga and Miriam David

*Redefining Nature* Roy Ellen,Katsuyoshi Fukui,2021-01-07 How can anthropology improve our understanding of the interrelationship between nature and culture What can anthropology contribute to practical debates which depend on particular definitions of nature such as that concerning sustainable development Humankind has evolved over several million years by living in and utilizing nature and by assimilating it into culture Indeed the technological and cultural advancement of the species has been widely acknowledged to rest upon human domination and control of nature Yet by the 1960s the idea of culture in confrontation with nature was being challenged by science

philosophy and the environmental movement Anthropology is increasingly concerned with such issues as they become more urgent for humankind as a whole This important book reviews the current state of the concepts of nature we use both as scientific devices and ideological constructs and is organised around three themes nature as a cultural construction the cultural management of the environment and relations between plants animals and humans

**Trademarks, Brands, and Competitiveness** Teresa da Silva Lopes,Paul Duguid,2010-05-04 Trade Marks Brands and Competitiveness brings together scholars from a variety of disciplines to provide a critical account of the contribution of branding to economic growth the relationship between trademark law and brand strategy and the building and repositioning of individual brands as case studies in the effects of competition

**Trains, Culture, and Mobility** Benjamin Fraser,Steven D. Spalding,2012-01-01 Trains Culture and Mobility Riding the Rails goes beyond textual representations of rail travel to engage an impressive range of political sociological and urban theory Taken together these essays highlight the complexity of the modern experience of train mobility and its salient relation to a number of cultural discourses Incorporating traditionally marginal areas of cultural production such as graffiti museums architecture or even plunging into the social experience of travel inside the traincar itself each essay constitutes an attempt to work from the act of riding the train toward questions of much larger significance Crisscrossing cultures from the New World and Old from East and West these essays share a common preoccupation with the way in which trains and railway networks have mapped and re mapped the contours of both cities and states in the modern period Bringing together individual and large scale social practices this volume traces out the cultural implications of Riding the Rails

Railway Photographic Advertising in Britain, 1900-1939 Alexander Medcalf,2018-03-06 This book explores the phenomenal resources dedicated to understanding and encouraging passengers to consume travel from 1900 to 1939 analysing how place and travel were presented for sale Using the Great Western Railway as a chief case study as well as a range of its competitors both on and off the rails Alexander Medcalf unravels the complex and ever changing processes behind corporate sales communications This volume analyses exactly how the company pictured passengers in the countryside at the seaside in the urban landscape and in the company s vehicles This thematic approach brings transport and business history thoroughly in line with tourism and leisure history as well as studies in visual culture      **Soldiering On** Adam Powell,2019-09-09 A month after the Armistice Prime Minister David Lloyd George promised to make Britain a land fit for heroes At the time it was widely believed Returning soldiers expected decent treatment and recognition for what they had done yet the fine words of 1918 were not matched by actions The following years saw little change as a lack of political will watered down any reform Beggars in trench coats became a common sight in British cities Soldiering On examines how the Lost Generation adjusted to civilian life how they coped with physical and mental disabilities and struggled to find jobs or even communicate with their family This is the story of men who survived the trenches only to be ignored when they came home Using first hand accounts Adam Powell traces the lives of veterans from the first day of peace to the start of the Second World War looking at the many injustices ex servicemen bore while celebrating the heroism they showed in the face of a world too quick to forget      **Listening to British Nature** Michael Guida,2022 Listening to British Nature Wartime Radio and Modern Life 1914 1945 arguesthat trench warfare created new practices of listening to nature in order to cultivate an intimate connection with its vibrations to understand danger and to imagine survival In focusing on the sensing of sounds and rhythms this study demonstrates how nature retained its emotional potency as the pace of life seemed to increase and new man made sounds and sonic media appeared all around      Landscape and Englishness David Matless,2005-08-01 Landscape has been central to definitions of Englishness for centuries David Matless argues that landscape has been the site where English visions of the past present and future have met in debates over questions of national identity disputes over history and modernity and ideals of citizenship and the body Landscape and Englishness is extensively illustrated and draws on a wide range of material topographical guides health manuals paintings poetry architectural polemic photography nature guides and novels The author first examines the inter war period showing how a vision of Englishness and landscape as both

modern and traditional urban and rural progressive and preservationist took shape around debates over building in the countryside the replanning of cities and the cultures of leisure and citizenship He concludes by tracing out the story of landscape and Englishness down to the present day showing how the familiar terms of debate regarding landscape and heritage are a product of the immediate post war era and asking how current arguments over care for the environment or expressions of the nation resonate with earlier histories and geographies cultural history at its best subtle multi layered and full of new ideas and insights this book is a must Contemporary British History creates a convincing portrait of the changing meanings of the English landscape in the twentieth century Times Literary Supplement

**Pressure Groups in British Politics** W.N. Coxall, 2014-06-06 Pressure groups are an important influence on modern politics with people feeling strongly about single issues willing to protest lobby and petition for their cause
