

Shelley's Process

*Radical Transference and the
Development of His Major Works*

Jerrold E. Hogle

Shelleys Process

Kim Wheatley

Shelleys Process:

Shelley's Process Jerrold E. Hogle, 1989-01-12 In this set of thorough and revisionary readings of Percy Bysshe Shelley's best known writings in verse and prose Hogle argues that the logic and style in all these works are governed by a movement in every thought memory image or word pattern whereby each is seen and sees itself in terms of a radically different form For any specified entity or figure to be known for what it is it must be reconfigured by and in terms of another one at another level which must then be dislocated itself In so delineating Shelley's process Hogle reveals the revisionary procedure in the poet's various texts and demonstrates the powerful effects of radical transference in Shelley's visions of human possibility

The Shelleys and the Brownings Rieko Suzuki, 2022-01-13 This book is about the intertextual relationships between the works of the Shelleys and the Brownings While a lot of research has been done on the relationship between Percy Bysshe Shelley and Robert Browning virtually nothing has been said about the links between Mary Shelley and Robert Browning and very little on the connections between the Shelleys and Elizabeth Barrett Browning Rieko Suzuki seeks to address this blind spot by focusing on three areas in particular firstly the way that Browning's later poems reflect back on and re-engage with Shelley's work secondly Mary Shelley's influence on Browning's early poems and thirdly Shelley's presence in and influence on Elizabeth Barrett Browning's writing In mapping out the various ways in which texts relate to other texts the book also identifies a number of important thematic threads that run throughout the work of all four writers These include theories of history and historical consciousness providing a further dimension to the question of influence They also include ideas about exile gender liberal politics and cultural heritage central to almost all the texts discussed here as the Shelleys and the Brownings in different ways and in varying contexts tried to negotiate the possibility of a more tolerant and resilient social political and cultural environment

Mary Shelley L. Adam Meckler, Lucy Morrison, 2010-01-08 This collection of essays expands critical consideration of Mary Shelley's placement within the age we call Romantic wherein her texts converse with those of her family her circle and her contemporaries Several essays address particularly how her texts interact with those of her husband Percy Bysshe Shelley revealing new depth and breadth to their literary partnership Others investigate interdisciplinary perspectives such as her pieces in *The Liberal* or the ways in which the figure of Scheherezade haunts her works while several essays also consider Mary Shelley's textual relationships with contemporaries such as Thomas Moore and John Polidori Still others tackle topics such as geopolitical relationships and the growth of opera as an art form considering Mary Shelley's commentary upon such contemporary issues while William Godwin's textual relationship with his daughter is further investigated This collection suggests Mary Shelley's texts merit further investigation not only for what they reveal about their author and her oeuvre but for the ways in which they illuminate our understanding of the contexts in which they were composed

The Neglected Shelley Alan M. Weinberg, Timothy Webb, 2016-03-16 New editions and facsimiles of Percy Bysshe Shelley's works are changing the landscape of Shelley studies by making complete compositions

and fragments that have received only limited critical attention readily available to scholars Building on the work begun in Weinberg and Webb's 2009 volume *The Unfamiliar Shelley* *The Neglected Shelley* sheds light on the breadth and depth of Shelley's oeuvre including the poet's earliest work written when he was not yet twenty and was experimenting with gothic romances and other striking forms of literary expression such as two collections of provocative verse There are discussions of Shelley's collaboration with Mary Shelley in the composition of *Frankenstein* and his skill as a translator of Greek poetry and drama reflecting his urgent concern with Greek culture His contributions to prose are the focus of essays on his letters the subversive notes to Queen Mab and his complex engagement with Jewish culture Shelley's considerable corpus of fragments is well represented in contributions on the later narrative fiction *Athanasion* *Prince Athanasion* and the significant group of unfinished poems including *Mazenghi* *Fiordispina* *Ginevra* and *The Boat on the Serchio* that treat Italian topics Finally there are explorations of subtle though neglected or underestimated works such as *Rosalind and Helen* *The Sensitive Plant* and the verse drama *Hellas* *The Neglected Shelley* shows that even the poet's apparently slighter works are important in their own right and are richly instructive as expressions of Shelley's developing art of composition and the diverse interests he pursued throughout his career

Coleridge and Shelley Sally West, 2016-05-23 Sally West's timely study is the first book length exploration of Coleridge's influence on Shelley's poetic development Beginning with a discussion of Shelley's views on Coleridge as a man and as a poet West argues that there is a direct correlation between Shelley's desire for political and social transformation and the way in which he appropriates the language imagery and forms of Coleridge often transforming their original meaning through subtle readjustments of context and emphasis While she situates her work in relation to recent concepts of literary influence West is focused less on the psychology of the poets than on the poetry itself She explores how elements such as the development of imagery and the choice of poetic form often learnt from earlier poets are intimately related to poetic purpose Thus on one level her book explores how the second generation Romantic poets reacted to the beliefs and ideals of the first while on another it addresses the larger question of how poets become poets by returning the work of one writer to the literary context from which it developed Her book is essential reading for specialists in the Romantic period and for scholars interested in theories of poetic influence

Shelley's Music Paul A. Vatalaro, 2016-01-13 First published in 2009 This book argues that the images of and allusions to music in Shelley's writing demonstrate his attempt to infuse the traditionally masculine word with the traditionally feminine voice and music This further extends to his even more fundamental desire to integrate the object voice with his own subjectivity For Shelley what plagues this integration is the prospect of losing both the poet's authority and the subjectivity upon which it relies This book asserts that the resultant deadlock and instability paradoxically becomes Shelley's ultimate goal creating a steady state of suspension that finally preserves both his authority and his humanity

The Complete Poetry of Percy Bysshe Shelley Percy Bysshe Shelley, 2012-07-01 Winner of the 2013 Richard J Finneran Award Society for Textual Scholarship Outstanding Academic Title

Choice His name is Percy Bysshe Shelley and he is the author of a poetical work entitled *Alastor or the Spirit of Solitude* With these words the radical journalist and poet Leigh Hunt announced his discovery in 1816 of an extraordinary talent within a new school of poetry rising of late The third volume of the acclaimed edition of *The Complete Poetry of Percy Bysshe Shelley* includes *Alastor* one of Shelley's first major works and all the poems that Shelley completed for either private circulation or publication during the turbulent years from 1814 to March 1818 *Hymn to Intellectual Beauty* *Mont Blanc* *Laon* and *Cythna* as well as shorter pieces such as his most famous sonnet *Ozymandias* It was during these years that Shelley already an accomplished and practiced poet with three volumes of published verse authored two major volumes earned international recognition and became part of the circle that was later called the Younger Romantics As with previous volumes extensive discussions of the poems composition influences publication circulation reception and critical history accompany detailed records of textual variants for each work Among the appendixes are Mary W Shelley's 1839 notes on the poems for these years a table of the forty two revisions made to *Laon* and *Cythna* for its reissue as *The Revolt of Islam* and Shelley's errata list for the same It is in the works included in this volume that the recognizable and characteristic voice of Shelley emerges unmistakable consistent and vital

Shelley's Broken World Bysshe Inigo Coffey, 2021-06-15 Shortlisted for the University English Book Prize 2022 *Shelley's Broken World* is a provocative and profound reassessment of Shelley's poetic art and thought Bysshe Inigo Coffey returns to a peculiarity of Shelley's expressive repertoire first noticed by his Victorian readers and editors his innovatory use of pauses which registered as irregularities in ears untuned to his innovations But his pauses are more than a quirk various intermittences are at the centre of Shelley's artistry and his thought This book aims to transform the philosophical scientific and aesthetic contexts in which Shelley is positioned It offers a ground breaking analysis of his reading and is the first study to refer to and include images of the unpublished *Marlow* List a record of the books Shelley left behind him on his departure for Italy in 1818 Shelley's prosody grew to articulate his sense that actuality is experienced as ruptured and fractured with gaps and limit points He shows us the weakness of the actual As we approach the bicentenary of the poet's death *Shelley's Broken World* provides an exciting new beginning for the study of a major Romantic poet the history of materialism and prosody

Shelley's Ambivalence Christine Gallant, 1989-11-02 A study of Shelley's poetry approaching it from the viewpoint of contemporary Jungian analytical psychology that incorporates the theories of Melanie Klein and D W Winnicott Material that relates to the earliest stages of the ego's development to the pre Oedipal situation are used

Shelley and His Readers Kim Wheatley, 1999 **Mary Shelley in Her Times** Betty T. Bennett, Stuart Curran, 2000-07-31 This volume advances Mary Shelley studies to a new level of discourse and raises important issues for English Romanticism and women's studies Stephen C Behrendt University of Nebraska Yearbook of English Studies

Shelley's Visions of Death Andrew Lacey, 2024-02-27 This book provides the first modern in depth analysis of Percy Bysshe Shelley's engagement with the phenomenon of death It argues that for Shelley this most nebulous of

realities represents first and foremost possibility Shelley's poetic writings on death are both numerous and varied presenting his reader with differing degrees of confidence over the course of his brief but brilliant career with several key visions of what death might be or actually is Shelley's Visions of Death stresses the seldom appreciated fact that death was one of Shelley's most enduring preoccupations and also demonstrates the poet's power to imagine with startling variety that which lies beyond the boundaries of experience

Shelley's Visual Imagination Nancy Moore Goslee, 2011-06-23 First full length study of Shelley's remarkable notebooks and the visual and textual imagination they reveal *Shelley's Poetry* S. Haines, 1997-02-24 Shelley's detractors since Hazlitt have noticed a division in the self of his poems A central reasoning core fears the passions surrounding it and distrusts the language expressing it A few of his admirers offer an alternative view of the poems as symbolical pointers to a non linguistic reality transcending passion most miss the point justifying their admiration by referring to the poems systems of thought This reading of Shelley's major poems and critical prose finds the adverse case more convincing **The Unfamiliar Shelley** Timothy Webb, 2016-12-05 Stimulated by new editions of Shelley's writings and the evidence of notebooks the editors have assembled an outstanding group of international Shelley scholars to work through the implications of recent advances in scholarship With particular attention to texts that have been neglected or underestimated the contributors consider many important aspects of Shelley's prolific and remarkably diverse output including the verse letter plays prose essays satire pamphlets political verse romance prefaces translations from the Greek prose style artistic representations fragments and early writings Revaluations of Shelley's youthful works often criticized for their over exuberance pay dividends as they reveal Shelley's early maturation as a writer and also shed light on his later achievement Taken as a whole the collection makes evident that Shelley's reputation has been based largely on surprisingly imperfect and incomplete edited publications driven by Victorian taste and culture A writer very different from the one we thought we knew emerges from these essays which are sure to inspire more reappraisals of Shelley's work

Shelley's Goddess Barbara Charlesworth Gelpi, 1992-10-29 The subject of Gelpi's new book is the importance of the mother infant relationship in Percy Bysshe Shelly's poetry and life However her book also uses Shelley as a touchstone by which to examine the rich historical and theoretical issues relevant to motherhood in the Romantic period Gelpi offers a detailed account of the historical rise in attention paid to mothering the changing cultural attitudes towards the role of the mother and the resulting effect on the nature of family life She further discusses the psychoanalytic Marxist and developmental approaches to the mother infant relationship particularly to the connection each makes between that relationship and the acquisition of language By combining psychoanalytic poststructuralist and feminist theory with extensive biographical material on Shelley and information on the position of mothers in England after 1790 Gelpi offers an important reassessment of Shelley's avowed feminism and the failure of his utopian vision **Shelley and Greece** J.

Wallace, 1997-05-30 Traditionally Hellenism is seen as the uncontroversial and beneficial influence of Greece upon later

culture Drawing upon new ideas from culture and gender theory Jennifer Wallace rethinks the nature of classical influence and finds that the relationship between the modern west and Greece is one of anxiety fascination and resistance Shelley s protean and radical writing questions and illuminates the contemporary Romantic understanding of Greece This book will appeal to students of Romantic Literature as well as to those interested in the classical tradition Shelley Among Others Stuart Peterfreund,2002 This is a comprehensive reading of Shelley s oeuvre through the lens of developments in literary and psychoanalytic theory The author provides though provoking readings of well known works and also explores less familiar pieces **Shelley's theory of poetry** Earl J. Schulze,2015-07-24 No detailed description available for Shelley s theory of poetry **The Oxford Handbook of Percy Bysshe Shelley** Madeleine Callaghan,2013 The book is an authoritative and up to date collection of original essays on one of the greatest of all English poets Percy Bysshe Shelley It covers a wide range of topics exploring Shelley s life and work from various angles
