Macmillan Dictionary Of The Second World War:

A Dictionary of the Second World War Elizabeth-Anne Wheal, Stephen Pope, James Taylor, 1990 HISTORY MILITARY WAR

The Macmillan Dictionary of the Second World War Stephen POPE, 1997 The Macmillan Dictionary of the Second World War Stephen POPE, 1997 *World War II in Europe, Africa, and the Americas, with General Sources* Loyd Lee, 1997-08-21 A broadly interdisciplinary work this handbook discusses the best and most enduring literature related to the major topics and themes of World War II Military historiography is treated in essays on the major theaters of military operations and the related themes of logistics and intelligence while political and diplomatic history is covered in chapters on international relations resistance movements and collaboration The volume analyzes themes of domestic history in essays on economic mobilization the home fronts and women in the military and civilian life The book also covers the Holocaust This handbook approaches each topic from a global viewpoint rather than focusing on individual national communities Except for nonprint material the literature research and sources surveyed are primarily those available in English The volume is aimed at both experts on the war and the general academic community and will also be useful to students and serious laymen interested in the war The Allies Strike Back, 1941-1943 James Holland, 2020-02-26 Volume two in this expert anecdote filled thoroughly entertaining history of WWII follows The Rise of Germany as the Allied forces turn the tides Kirkus James Holland s The Rise of Germany the first volume in his War in the West trilogy was widely praised for his impeccable research and lively narrative Covering the dawn of World War II it ended at a point when the Nazi war machine appeared to be unstoppable Germany had taken Poland and France with shocking speed London was bombed and U boats harried shipping on the Atlantic But Germany hadn t actually won the Battle of Britain or the Battle of the Atlantic It was not producing airplanes or submarines fast enough And what looked like victory in Greece and Crete had expended crucial resources in short supply The Allies Strike Back continues the narrative as Germany s invasion of Russia unfolds in the east while in the west the Americans formally enter the war In North Africa following major setbacks at the hands of Rommel the Allies storm to victory Meanwhile the bombing of Germany escalates aiming to not only destroy the its military industrial and economic system but also relentlessly crush civilian morale Comprehensive and impeccably researched Holland brings a fresh eye to the ebb and flow of the conflict in this majestic saga of 20th century history Literary Review UK The Emperor's Codes Michael Smith, 2001 Describes the work and personalities of the codebreakers who deciphered Japanese codes despite vast linguistic differences between English and Japanese and explains their contributions to Allied success during World War II

To Hell and Back Ian Kershaw, 2015-11-17 Chilling To Hell and Back should be required reading in every chancellery every editorial cockpit and every place where peevish Euroskeptics do their thinking Kershaw documents each and every ism of his analysis with extraordinary detail and passionate humanism The New York Times Book Review The Penguin History of Europe series reaches the twentieth century with acclaimed scholar Ian Kershaw s long anticipated analysis of the pivotal

years of World War I and World War II The European catastrophe the long continuous period from 1914 to 1949 was unprecedented in human history an extraordinarily dramatic often traumatic and endlessly fascinating period of upheaval and transformation This new volume in the Penguin History of Europe series offers comprehensive coverage of this tumultuous era Beginning with the outbreak of World War I through the rise of Hitler and the aftermath of the Second World War award winning British historian Ian Kershaw combines his characteristic original scholarship and gripping prose as he profiles the key decision makers and the violent shocks of war as they affected the entire European continent and radically altered the course of European history Kershaw identifies four major causes for this catastrophe an explosion of ethnic racist nationalism bitter and irreconcilable demands for territorial revisionism acute class conflict given concrete focus through the Bolshevik Revolution and a protracted crisis of capitalism Incisive brilliantly written and filled with penetrating insights To Hell and Back offers an indispensable study of a period in European history whose effects are still being felt today **The Rise of Germany, 1939-1941** James Holland, 2015-10-14 An account of the early years of World War II based on extensive new research A genuinely fresh approach exceptional The Wall Street Journal James Holland one of the leading young historians of World War II has spent over a decade conducting new research interviewing survivors and exploring archives that have never before been so accessible to unearth forgotten memoirs letters and official records In The Rise of Germany 1938-1941 Holland draws on this research to reconsider the strategy tactics and economic political and social aspects of the war The Rise of Germany is a masterful book that redefines our understanding of the opening years of World War II Beginning with the lead up to the outbreak of war in 1939 and ending in the middle of 1941 on the eve of Operation Barbarossa the Nazi invasion of Russia this book is a landmark history of the war on land in the air and at sea Magnificent Andrew Roberts New York Times bestselling author of The Storm of War The Deadly Deep Iain Ballantyne, 2018-12-04 A fascinating and comprehensive account of how an initially ineffectual underwater boat originally derided and loathed in equal measure evolved into the most powerful and terrifying vessel ever invented with enough destructive power to end all life on Earth Iain Ballantyne considers the key episodes of submarine warfare and vividly describes the stories of brave individuals who have risked their lives under the sea often with fatal consequences His analysis of underwater conflict begins with Archimedes discovering the Principle of Buoyancy Our clandestine journey then moves through the centuries and focuses on prolific characters with deadly motives including David Bushnell who in 1775 in America devised the first combat submarine with the idea of attacking the British Today nuclear powered submarines are among the most complex costly ships in existence Armed with nuclear weapons they have the ability to destroy millions of lives they are the most powerful warships ever created At the heart of this thrilling narrative lurks danger and power as we discover warfare's murkiest secrets Hitler, 1936-45 Ian Kershaw, 2000 In this volume Ian Kershaw introduces Adolf Hitler at the apex of his power idolized by millions of Germans for bringing the nation out of economic catastrophe The Nazi party the armed forces the industrial

cartels and the civil servants are all working towards the Fuhrer Meanwhile Hitler is poised to realize his Mephistophelean vision the subjugation of Europe under the Thousand Year Reich and in the process the annihilation of the Jews For three years Hitler and his relentless armies plunge the European continent into a bloodbath as German soldiers accompanied by fanatical SS units slaughter conquered troops and civilians alike Then as Allied might prevails Kershaw reveals a Hitler transformed from invincible warlord to desperate gambler ultimately bringing destruction to his country and ending his life in a bunker under the ruins of Berlin Based on immense research including the use of many previously untapped sources Hitler 1936-1945 Nemesis concludes the classic Hitler biography of our time Page 4 of cover *Normandy '44* James Holland,2019-06-04 A history of World War II s Operation Overlord from the campaign s planning to its execution as Allied forces battled to take France back from Germany D Day June 6 1944 and the seventy six days of bitter fighting in Normandy that followed the Allied landing have become the defining episode of World War II in the west the object of books films television series and documentaries Yet as familiar as it is as James Holland makes clear in his definitive history many parts of the Overlord campaign as it was known are still shrouded in myth and assumed knowledge Drawing freshly on widespread archives and on the testimonies of eye witnesses Holland relates the extraordinary planning that made Allied victory in France possible indeed the story of how hundreds of thousands of men and mountains of materiel were transported across the English Channel is as dramatic a human achievement as any battlefield exploit The brutal landings on the five beaches and subsequent battles across the plains and through the lanes and hedgerows of Normandy a campaign that in terms of daily casualties was worse than any in World War I come vividly to life in conferences where the strategic decisions of Eisenhower Rommel Montgomery and other commanders were made and through the memories of paratrooper Lieutenant Dick Winters of Easy Company British corporal and tanker Reg Spittles Thunderbolt pilot Archie Maltbie German ordnance officer Hans Heinze French resistance leader Robert Leblanc and many others For both sides the challenges were enormous The Allies confronted a disciplined German army stretched to its limit which nonetheless caused tactics to be adjusted on the fly Ultimately ingenuity determination and immense materiel strength delivered with operational brilliance made the difference A stirring narrative by a pre eminent historian Normandy 44 offers important new perspective on one of history s most dramatic military engagements and is an invaluable addition to the literature of war Praise for Normandy 44 An Amazon Best Book of the Month History An Amazon Best History Book of the Year Detail and scope are the twin strengths of Normandy 44 Mr Holland effectively balances human drama with the science of war as the Allies knew it Jonathan W Jordan Wall Street Journal A superb account of the invasions that deserves immense praise To convey the human drama of Normandy requires great knowledge and sensitivity Holland has both in spades Times UK **Hitler: 1936-1945 Nemesis** Ian Kershaw,2001-09-17 The climax and conclusion of one of the best selling biographies of our time The New Yorker declared the first volume of Ian Kershaw s two volume masterpiece as close to definitive as anything we are likely to see and

that promise is fulfilled in this stunning second volume As Nemesis opens Adolf Hitler has achieved absolute power within Germany and triumphed in his first challenge to the European powers Idolized by large segments of the population and firmly supported by the Nazi regime Hitler is poised to subjugate Europe Nine years later his vaunted war machine destroyed Allied forces sweeping across Germany Hitler will end his life with a pistol shot to his head More probing more judicious more authoritative in its rich detail more commanding in its mastery of the horrific narrative Milton J Rosenberg Chicago Tribune

Atrocity, Deviance, and Submarine Warfare Nachman Ben-Yehuda, 2013-07-15 In an era of changing ethics the submarine has inaugurated a new type of unrestricted naval warfare **Killing the Bismarck** Iain Ballantyne, 2014-05-19 An excellent account A suspenseful narrative that will keep readers on the edge of their seats WWII History Magazine In May 1941 the German battleship Bismarck accompanied by heavy cruiser Prinz Eugen broke out into the Atlantic to attack Allied shipping The Royal Navy's pursuit and subsequent destruction of Bismarck was an epic of naval warfare In this new account of those dramatic events at the height of the Second World War Iain Ballantyne draws extensively on the graphic eyewitness testimony of veterans to construct a thrilling story mainly from the point of view of the British battleships cruisers and destroyers involved He describes the tense atmosphere as cruisers play a lethal cat and mouse game shadowing Bismarck in the icy Denmark Strait We witness the shocking destruction of the British battle cruiser Hood in which all but three of her ship's complement were killed an event that filled pursuing Royal Navy warships including the battered battleship Prince of Wales with a thirst for revenge While Swordfish torpedo bombers try desperately to cripple the Bismarck we sail in destroyers on their own daring torpedo attacks battling mountainous seas Finally the author takes us into the final showdown as battleships Rodney and King George V supported by cruisers Norfolk and Dorsetshire destroy the pride of Hitler's fleet This vivid superbly researched account portrays this epic saga through the eyes of so called ordinary sailors caught up in extraordinary events conveying the horror and majesty of war at sea in all its cold brutality and awesome power **Peace at Daggers Drawn** Peter David Orr, 2005-05 This work constitutes an original piece of research and writing dedicated to relating the diplomatic initiatives both official and unofficial public and secret that were intended to end or stop the spread of the Second World War in Europe Special attention is given to specific peace proposals initiatives and back channel diplomatic maneuverings all within the general context of the foreign policies of the principal parties concerned Diplomatic efforts designed to bring about an end to hostilities by belligerent and non belligerent nations are included Geographically this work is confined to the European theater of operations The chronological focus of this volume is on the earliest stages of the conflict specifically from September 1 1939 to September 1940 It is the intent of the author to expand the time period covered by way of future additions *Sean O'Casey* Christopher Murray, 2004-11-08 Se O Casey was the quintessential Dublin playwright In critical works that include his Dublin Trilogy *The Shadow of a Gunman* *Juno and the Paycock* and *The Plough and the Stars* he portrayed the traumatic birth of a nation and delved into the Irish national character Christopher

Murray s Se O Casey Writer at Work takes a fresh look at the last of the great writers of the Irish literary revival *The Admirals* Michael Whitby, Richard H. Gimblett, Peter Haydon, 2006-01-21 The Admirals Canada s Senior Naval Leadership in the Twentieth Century fills an important void in the history of Canada s navy Those who carry the burden of high command have a critical niche in not only guiding the day to day concerns of running an armed service but in ensuring that it is ready to face the challenges of the future Canada s leading naval historians present analytical articles on the officers who led the navy from its foundation in 1910 to the unification in 1968 Six former Maritime Commanders provide personal reflections on command The result is a valuable biographical compendium for anyone interested in the history of the Canadian Navy the Canadian Forces or military and naval leadership in general **Alan Brooke—Churchill's Right-Hand Critic** Andrew Sangster, 2021-04-05 This new biography of Churchill s top WWII advisor is an excellent book for anyone interested in military leadership The NYMAS Review Voted the greatest Briton of the twentieth century Winston Churchill has long been credited with almost single handedly leading his country to victory in World War II But without Alan Brooke a skilled tactician at his side the outcome might well have been disastrous Brooke Chief of the Imperial General Staff more often than not served as a brake on some of Churchill s more impetuous ideas However while Brooke s diaries reveal his fury with some of Churchill s decisions they also reveal his respect and admiration for the wartime prime minister In return Churchill must surely have considered Brooke one of his most difficult subordinates but later wrote that he was fearless formidable articulate and in the end convincing As CIGS Brooke was integral to coordination between the Allied forces and so had to wrestle with the cultural strategy clash between the British and Americans Comments in his diaries offer up his opinions of both his British and American military colleagues his negative assessments of Mountbatten s ability and acerbic comments on the difficult character of de Gaulle and the weaknesses of Eisenhower Conversely he was clearly overindulgent in the face of Montgomery s foibles Brooke was often seen as a stern and humorless figure but a study of his private life reveals a little seen lighter side a lifelong passion for birdwatching and abiding love for his family The two tragedies that befell his immediate family were a critical influence on his life Andrew Sangster completes this new biography with a survey of the way various historians have assessed Brooke explaining how he has lapsed into seeming obscurity in the years since his crucial part in the Allied victory in World War II *Allies and Italians under Occupation* I. Williams, 2013-07-30 Using original documents the Allied Occupation of southern Italy particularly Sicily and Naples is illustrated by examining crime and unrest by Allied soldiers deserters rogue troops and Italian civilians from drunkenness theft rape and murder to riots demonstrations black marketeering and prostitution **HMS London** Iain Ballantyne, 2002-06-06 A fascinating and lively account of the lives of British warships named London looking at history from the perspective of the men who were there There is no current warship in the Royal Navy called HMS London but vessels carrying the name have featured in some of the most controversial episodes of British naval history For example the wooden wall battleship HMS London of the late 18th

century could be called the ship that lost America while the heavy cruiser of WW2 was command vessel for the escort force that failed to safeguard the controversial convoy PQ17 Examining the stories of HMS Londons all the way from the English Civil War through the Battle of Copenhagen in 1801 where Nelson famously ignored signals to break off the action displayed by HMS London we also learn of the pre dreadnought London s participation in the ill fated Dardanelles campaign of WW1 Among the people Iain Ballantyne interviewed for this book were veterans of the Arctic convoys of WW2 the Yangtse Incident and warriors of the Cold War and 1991 Gulf War It all adds up to a thoroughly researched and exciting narrative of naval history Adding to the authenticity of the tale Iain even sailed to Russia in the last HMS London a Type 22 guided missile frigate in August 1991 During a WW2 convoy re enactment the ship was almost hit by a practice torpedo launched from a Soviet submarine and had to take evasive action

Getting the books **Macmillan Dictionary Of The Second World War** now is not type of inspiring means. You could not isolated going similar to book buildup or library or borrowing from your links to gate them. This is an unquestionably easy means to specifically acquire lead by on-line.
