The Conversion Effect Damon Lee, 2012-03 From the moment of creation we have always wondered about the world around us We have always had this longing in our hearts as our eyes drifted upward towards a vast heaven where we so longed to journey to We then created a means to discover the world and devised various concepts ideologies and systems of beliefs based on our observations and interactions We have built schools of thought and pursue intellectual and spiritual endeavors to find our place among creation That which we have built however has turned against us It clouds our view of heaven for worldly treasures It distracts us with its promise of purpose and leads us down the road to isolation and solitude as we desperately scream for release We feel stuck unsure of ourselves and we have lost sight of our true purpose Let us reclaim our destiny and journey toward the Conversion of the mind and of the body *Small Press*
