## **Mad About Max Fatherhood:**

**Fatherhood** William McInnes, 2018-07-31 William McInnes one of Australia's best known storytellers and actors has turned to a subject that is close to his heart Fatherhood is about family about memories of his father and the memories he is creating as a dad himself with his own son and daughter Warm witty and nostalgic these tales are just like a friendly chat over the back fence or the banter of a backyard BBQ They will stir your own memories of hot summer days and cooling off under the sprinkler while Dad works in the garden with the radio tuned to the sports results that time Dad tried to teach you to drive and then got out of the car and kissed the ground or taking your own kids on a family road trip Fatherhood is full of memories the happy the hilarious the sad bad and the unexpectedly poignant moments You will laugh you may even cry but you will recognise yourself and those you love somewhere in these pages Fatherhood Scenarios Rama Rao Gogineni, April E. Fallon, Andres J. Pumariega, Salman Akhtar, 2024-05-08 Fatherhood Scenarios offers a wide range of perspectives including different cultural and ethnic perspectives and chapters considering the role of the father throughout the lifespan including experiences of gay fathers adoptive fathers and disabled fathers With contributors from around the world representing diverse mental health disciplines these chapters constitute a harmonious gestalt of knowledge information theory and socio clinical dimensions pertaining to fatherhood The emphasis of all these sections is nonetheless the psychosocial tasks of fatherhood as it undergoes subtle and gradual transformation with the offspring's growth through childhood and adolescence to full adulthood including becoming a parent themselves The book also traces the portrayal of fatherhood in popular media including television and movies keeping in mind their evolution and transformation over the past many decades Spanning a vast terrain of psychosocial concern Fatherhood Scenarios will be of great appeal to mental health professionals psychotherapists child psychiatrists and family welfare workers in practice and in training George Washington and Political Fatherhood Heinz Tschachler, 2020-01-31 More than two hundred years after his death George Washington is still often considered the metaphorical father of the United States He was first known as the Father of His Country during his lifetime when the American people bestowed the title upon him as a symbolic act of resistance and rebirth Since then presidents have stood as paternal figureheads for America often serving as moral beacons This book tracks political fatherhood throughout world history from the idea of the pater patriae in Roman antiquity to Martin Luther's Bible translations and beyond Often using George Washington as a paradigm the author explores presidential iconography in the U S propaganda and the role of paternal rhetoric in shaping American sociopolitical history including the results of the 2016 presidential election Fathers on Film Katie Barnett, 2020-02-06 The father is an enduring and iconic figure in Hollywood cinema and in the 1990s narratives of redemptive fatherhood featured prominently in some of the decade's most popular films like Kindergarten Cop 1990 Mrs Doubtfire 1993 Jurassic Park 1993 and The Lion King 1994 Interpreting such films through the lens of feminist and queer theory along with masculinity studies and psychoanalysis Katie Barnett offers an

Exchange Ideologies Paul Anderson, 2023-03-15 Exchange Ideologies documents the social world of Aleppo's traders before the destruction of the city exploring changing conceptions of commerce in Syria Syria's traders have been seen as embodying a timeless culture of the bazaar or an ahistorical Islamic culture of trade Other accounts portray them as venal figures motivated only by profit and commerce as a purely instrumental pursuit Rejecting both approaches Paul Anderson traces the diverse social structures and notions of language through which Aleppo's merchants understood and construed commerce and the figure of the merchant during a period of economic liberalization in the 2000s Rather than seeing these social structures and representations as expressions of a timeless bazaar culture or as shaped only by Islamic tradition Exchange Ideologies relates them to processes of politically managed economic liberalization and the Syrian regime's attempts to ensure its own survival in the midst of change In doing so Anderson provides an account of economic liberalization in Syria as a social and
