Hope Heather Birrell, 2012 Journey Prize winning author returns with a kaleidoscope of off kilter short stories about parenting in its many forms **The Shooter at Midnight** Sean Patrick Cooper, 2024-04-30 Gripping A potent account of the crime and its aftermath placing its story of heartbreaking violence and injustice in a larger portrait of a rural American town The Wall Street Journal The harrowing true story of a cold blooded murder and the campaign to bring justice to a suffering Midwestern town On a November night in 1990 Cathy Robertson is murdered in her home outside Chillicothe Missouri After law enforcement conduct a haphazard investigation the sheriff's office puts the case in the hands of a Kansas City private eye with his own agenda In a close knit town still reeling from the aftereffects of the farming crisis friends and neighbors abruptly fracture into opposing camps Mark Woodworth a Robertson family neighbor eventually receives four life sentences for a crime that a growing group of local supporters believe he didn't commit In a surprising dramatic narrative that spans decades Mark's family turns to Robert Ramsey an attorney willing to take on a corrupt political machine suppressing the truth But the community's way of life is irrevocably damaged by the parallel tragedies of the farming crisis and Cathy's unsolved murder in a gripping story about the fault lines of a fracturing America that continue to cut across the farm belt today **Pantagruel and Gargantua** Francois Rabelais, 2019-02-15 With his birth itself a monumental exploit in itself it is clear that the giant Pantagruel is destined to great things and the novel that bears his name chronicles his the remarkable life of the exuberant youth from his voracious reading habits to his escapades with the knave Panurge and his prowess in battle The second work in this volume deals with the history of his father Gargantua whose biography is equally if not more

outlandish and larger than life But these bawdy and boisterous tales with their fixation on food and faeces are not just entertaining yarns as Francois Rabelais one of the foremost humanists of the sixteenth century parodies medieval learning lambasts the established church authority and develops his own ideal visions for the ordering of society **Bootleggers and Beer Barons of the Prohibition Era** J. Anne Funderburg,2014-04-04 This work is an accurate wide ranging and entertaining account of the illegal liquor traffic during the Prohibition Era 1920 to 1933 Based on FBI files legal documents old newspapers and other sources it offers a coast to coast survey of Volstead crime outrageous stories of America s most notorious liquor lords including Al Capone and Dutch Schultz Readers will find the lesser known Volstead outlaws to be as fascinating as their more famous counterparts The riveting tales of Max Hassel Waxy Gordon Roy Olmstead the Purple Gang the Havre Bunch and the Capitol Hill Bootlegger will be new to most readers Likewise the exploits of women bootleggers and flying bootleggers are unknown to most Americans Books about Prohibition usually note that Canadian liquor exporters abetted the U S bootleggers but they fail to go into detail Bootleggers and Beer Barons examines the major cross border routes for smuggling liquor from Canada into the U S Quebec to Vermont and New York Ontario to Michigan Saskatchewan to Montana and British Columbia to Washington Object Relations and Intersubjective Theories in the Practice of Psychotherapy Bruce Brodie,2019-12-06 The evolution of psychoanalytic psychodynamic psychotherapy has been marked by an increasing disconnect between theory and technique This book re establishes a bridge between the two In presenting a clear explanation of modern psychodynamic theory and concepts and an abundance of clinical illustrations Brodie shows how every aspect of psychodynamic therapy is determined by current psychodynamic theory In Object Relations and Intersubjective Theories in the Practice of Psychotherapy Brodie uses the theoretical foundation of the work of object relations theorist D W Winnicott showing how each of his developmental concepts have clear implications for psychodynamic treatment and builds on the contributions of current intersubjective theorists Thomas Ogden and Jessica Benjamin Added to this is Brodie s vast array of clinical material ranging from delinquent adolescents to high functioning adults and drawing on nearly 40 years of experience in psychotherapy These contributions are fresh and original and crucially demonstrate how clinical technique is informed by theory and how theory can be illuminated by clinical material Written with clarity and detail this book will appeal to graduate students in psychology and psychotherapy medical residents in psychiatry and young practicing psychotherapists who wish to fully explore why psychotherapists do what they do and the dialectical relationship between theory and technique that informs their work **The American Flint** ,1914 *School Shooter* Mark Frye,2005-06 The story of James Toomey a violent student who shot teachers and classmates at school explaining his childhood life at school and the motive and reasoning for the massacre **10,000 Drinks** Paul Knorr,2007 Recipes and tips for 10 000 alcoholic and nonalcoholic mixed drinks eye openers party starters pick me ups and thirst quenching libations *Crazy in Love* jetaime0830, This is the book 1 of Crazy in Love What will you do when you are fucking in love with someone who doesn
