Mad Look At Tv:

A Mad Look at TV Dick DeBartolo, Angelo Torres, 1974 *Mad Look at TV Mad*, 1991-04-01 *How To Watch Television* Ethan Thompson, Jason Mittell, 2013-09-16 Examines social and cultural phenomena through the lens of different television shows We all have opinions about the television shows we watch but television criticism is about much more than simply evaluating the merits of a particular show and deeming it good or bad Rather criticism uses the close examination of a television program to explore that program's cultural significance creative strategies and its place in a broader social context How to Watch Television brings together forty original essays from today's leading scholars on television culture writing about the programs they care and think the most about Each essay focuses on a particular television show demonstrating one way to read the program and through it our media culture The essays model how to practice media criticism in accessible language providing critical insights through analysis suggesting a way of looking at TV that students and interested viewers might emulate The contributors discuss a wide range of television programs past and present covering many formats and genres spanning fiction and non fiction broadcast and cable providing a broad representation of the programs that are likely to be covered in a media studies course While the book primarily focuses on American television important programs with international origins and transnational circulation are also covered Addressing television series from the medium's earliest days to contemporary online transformations of television How to Watch Television is designed to engender classroom discussion among television critics of all backgrounds Parody and Taste in Postwar American Television Culture Ethan Thompson, 2010-12-14 In this original study Thompson explores the complicated relationships between Americans and television during the 1950s as seen and effected through popular humor Parody and Taste in Postwar American Television Culture documents how Americans grew accustomed to understanding politics current events and popular culture through comedy that is simultaneously critical commercial and funny Along with the rapid growth of television in the 1950s an explosion of satire and parody took place across a wide field of American culture in magazines comic books film comedy albums and on television itself Taken together these case studies don't just analyze and theorize the production and consumption of parody and television but force us to revisit and revise our notions of postwar consensus culture as well Dracula in Visual Media John Edgar Browning, Caroline Joan (Kay) Picart, 2014-01-10 This is a comprehensive sourcebook on the world's most famous vampire with more than 700 citations of domestic and international Dracula films television programs documentaries adult features animated works and video games as well as nearly a thousand comic books and stage adaptations While they vary in length significance quality genre moral character country and format each of the cited works adopts some form of Bram Stoker's original creation and Dracula himself or a recognizable vampiric semblance of Dracula appears in each The book includes contributions from Dacre Stoker David J Skal Laura Helen Marks Dodd Alley Mitch Frye Ian Holt Robert Eighteen Bisang and J Gordon Melton **Mad Magazine #40** , 0 PAGES OF NEW MAD CONTENT In case

Avidly Reads Screen Time Phillip Maciak, 2023-05-16 What happens when screen time is all the time In the early 1990s the phrase screen time emerged to scare parents about the dangers of too much TV for kids Screen time was something to fret over police and judge in a low grade moral panic Now screen time has become a metric not only for good parenting but for our adult lives as well There's even an app for it In the streaming era and with streaming made nearly ubiquitous during COVID 19 almost every aspect of our day is mediated by these bright surfaces Whether it was ever the real villain in the first place or merely a convenient proxy for unaddressed familial social and institutional failures screen time is now all the time *Avidly Reads Screen Time* is a funny insightful work of cultural criticism and history about how we define screens and how they now define us From *Mad Men* to *iCarly* Vine to FaceTime binge watching to doom scrolling Phillip Maciak leads us on a sometimes heartwarming sometimes harrowing tour of the media that brings us together and tears us apart

Angry White Men Michael Kimmel, 2013-11-05 We can t come off as a bunch of angry white men Robert Bennett chairman of the Ohio Republican Party One of the enduring legacies of the 2012 Presidential campaign was the demise of the white American male voter as a dominant force in the

political landscape On election night after Obama was announced the winner a distressed Bill O Reilly lamented that he didn't live in a traditional America anymore He was joined by others who bellowed their grief on the talk radio airwaves the traditional redoubt of angry white men Why were they so angry Sociologist Michael Kimmel one of the leading writers on men and masculinity in the world today has spent hundreds of hours in the company of America's angry white men from white supremacists to men's rights activists to young students in pursuit of an answer *Angry White Men* presents a comprehensive diagnosis of their fears anxieties and rage Kimmel locates this increase in anger in the seismic economic social and political shifts that have so transformed the American landscape Downward mobility increased racial and gender equality and a tenacious clinging to an anachronistic ideology of masculinity has left many men feeling betrayed and bewildered Raised to expect unparalleled social and economic privilege white men are suffering today from what Kimmel calls aggrieved entitlement a sense that those benefits that white men believed were their due have been snatched away from them *Angry White Men* discusses among others the sons of small town America scarred by underemployment and wage stagnation When America's white men feel they've lived their lives the right way worked hard and stayed out of trouble and still do not get economic rewards then they have to blame somebody else Even more terrifying is the phenomenon of angry young boys School shootings in the United States are not just the work of misguided youth or troubled teens they're all committed by boys These alienated young men are transformed into mass murderers by a sense that using violence against others is their right The future of America is more inclusive and diverse The choice for angry white men is not whether or not they can stem the tide of history they cannot Their choice is whether or not they will be dragged kicking and screaming into that inevitable future or whether they will walk openly and honorably far happier and healthier incidentally alongside those they've spent so long trying to exclude
