Contemporary Children's Literature and Film Kerry Mallan, 2011-07-13 Bringing together leading and emerging scholars this book argues for the significance of theory for reading texts written and produced for young people Integrating perspectives from across feminism ecocriticism postcolonialism and poststructuralism it demonstrates how these inform approaches to a range of contemporary literature and film Creation Rediscovered Jeffery M. Leonard, 2011-10-05 Creation Rediscovered by Jeffery M Leonard guides readers through a contextual reading of the Bible's creation stories Over the last two centuries few subjects have generated as much controversy for Christians as has creation The whethers whens and hows of creation have often become a battlefield in which the pitched forces of competing sides Darwinists and creationists young earthers and old figurativists and literalists have struggled for the upper hand Like most battles this fight has tended to inflict a fair amount of collateral damage along the way This is especially true for those put in the terrible position of feeling they have had to choose between the Bible they have fallen in love with and the science they have studied In this book Jeffery Leonard writes to fellow travelers in the faith who want to take the biblical text seriously while at the same time appreciate science's exploration of what we consider to be God's creation It is his contention that setting the Bible's creation texts back within their ancient context allows us to do both of these things Indeed Leonard believes that when we reread what the Bible has to say about creation in its original setting we find meaning in the text far more profound than what we have previously imagined Key points and features Written by a Bible scholar Unique timely and fresh interpretation Helps readers see the Bible's creation stories as vessels of healing and hope in God's larger plan for humanity Attempts to redirect Christians to read the ancient creation stories within the context in which they were written *In Search of Me* J.L. Stoenner, 2015-11-20 You are loved probably more than you realize God didn't make a mistake when He created you He has a divine plan and purpose for you but you won't be able to discover it or walk it out until you truly accept His unconditional undying love for you made manifest through Jesus Christ This book is the inspiring personal story of the first six years of a young woman's journey with Jesus a journey of faith and discovery faith in Christ and discovery of the wonderful loving

nature of God and her true God given identity as a child of God and co heir with Christ She has made this journey into a devotional in hopes that it will help you the reader cultivate a deep personal relationship with Jesus as well as help you discover your own God given mission and successfully walk it out As you read this inspiring story of faith and answer the questions at the end of each chapter your relationship with God will grow deeper and so will your faith Get ready to dive deep into the very heart of God

The Art of Madagascar Jerry Beck,2008 Animating Difference C. Richard King,Carmen R. Lugo-Lugo,Mary K. Bloodsworth-Lugo,2010-01-16 *Animating Difference* studies the way race ethnicity sexuality and gender are portrayed in recent animated films from 1990 through the present Ranging from Aladdin to Toy Story to Up these popular films are key media through which children and adults learn about the world and how to behave While racial and gender stereotypes may not be as obvious as they may have been in films of decades past they often continue to convey troubling messages and stereotypes in subtle and surprising ways *Happy Holidays--Animated!* William D. Crump,2019-04-18 Since the early 20th century animated Christmas cartoons have brightened the holiday season around the world first in theaters then on television From devotional portrayals of the Nativity to Santa battling villains and monsters this encyclopedia catalogs more than 1 800 international Christmas themed cartoons and others with year end themes of Hanukkah Kwanzaa and the New Year Explore beloved television specials such as A Charlie Brown Christmas theatrical shorts such as Santa s Workshop holiday episodes from animated television series like American Dad and The Simpsons feature films like The Nutcracker Prince and obscure productions such as The Insects Christmas along with numerous adaptations and parodies of such classics as A Christmas Carol and Twas the Night before Christmas Roger Ebert's Movie Yearbook 2007 Roger Ebert,2013-02-05 The most trusted film critic in America USA Today Roger Ebert actually likes movies It s a refreshing trait in a critic and not as prevalent as you d expect Mick LaSalle San Francisco Chronicle America s favorite movie critic assesses the year s films from Brokeback Mountain to Wallace and Gromit The Curse of the Were Rabbit Roger Ebert s Movie Yearbook 2007 is perfect for film aficionados the world over Roger Ebert s Movie Yearbook 2007 includes every review by Ebert written in the 30 months from January 2004 through June 2006 about 650 in all Also included in the Yearbook which is about 65 percent new every year are Interviews with newsmakers such as Philip Seymour Hoffman Terrence Howard Stephen Spielberg Ang Lee and Heath Ledger Nicolas Cage and more All the new questions and answers from his Questions for the Movie Answer Man columns Daily film festival coverage from Cannes Toronto Sundance and Telluride Essays on film issues and tributes to actors and directors who died during the year *Ethnic Humor in Multiethnic America* David Gillota,2013-07-01 When wielded by the white majority ethnic humor can be used to ridicule and demean marginalized groups In the hands of ethnic minorities themselves ethnic humor can work as a site of community building and resistance In nearly all cases however ethnic humor can serve as a window through which to examine the complexities of American race relations In *Ethnic Humor in Multiethnic America* David Gillota explores the ways in which contemporary

comic works both reflect and participate in national conversations about race and ethnicity Gillota investigates the manner in which various humorists respond to multiculturalism and the increasing diversity of the American population Rather than looking at one or two ethnic groups at a time as is common scholarly practice the book focuses on the interplay between humorists from different ethnic communities While some comic texts project a fantasy world in which diverse ethnic characters coexist in a rarely disputed harmony others genuinely engage with the complexities and contradictions of multiethnic America The first chapter focuses on African American comedy with a discussion of such humorists as Paul Mooney and Chris Rock who tend to reinforce a black white vision of American race relations This approach is contrasted to the comedy of Dave Chappelle who looks beyond black and white and uses his humor to place blackness within a much wider multiethnic context Chapter 2 concentrates primarily on the Jewish humorists Sarah Silverman Larry David and Sacha Baron Cohen three artists who use their personas to explore the peculiar position of contemporary Jews who exist in a middle space between white and other In chapter 3 Gillota discusses different humorous constructions of whiteness from a detailed analysis of South Park to Blue Collar Comedy and the blog Stuff White People Like Chapter 4 is focused on the manner in which animated children s film and the network situation comedy often project simplified and harmonious visions of diversity In contrast chapter 5 considers how many recent works such as Harold and Kumar Go to White Castle and the Showtime series Weeds engage with diversity in more complex and productive ways

The Zoo and Screen Media Michael Lawrence, Karen Lury, 2016-09-24 This book is the first critical anthology to examine the controversial history of the zoo by focusing on its close relationship with screen media histories and technologies Individual chapters address the representation of zoological spaces in classical and contemporary Hollywood cinema documentary and animation amateur and avant garde film popular television and online media The Zoo and Screen Media Images of Exhibition and Encounter provides a new map of twentieth century human animal relations by exploring how the zoo that modern apparatus for presenting living animals to human audiences has itself been represented across a diverse range of moving image media
