Japanese Women: Emerging from Subservience, 1868-1945, 2021-10-01 For the first time many of the world's leading scholars in the field of Japanese women's history met in Edinburgh in 2003 and presented papers addressing the themes of *Pioneering Women in Japan* and *General Issues in Japanese Women's History* This volume containing most of the papers which have been specially edited and revised for publication together with an in depth contextual Introduction by Dr Hiroko Tomida and Dr Gordon Daniels is the outcome By definition therefore the volume contains some of the most recent findings in this field in Japan Australia the United States and the UK and introduces new approaches to studying Japanese women's history In addition it contains a special contribution on Ichikawa Fusae by Professor Barbara Molony **Victorian Women Travellers in Meiji Japan** Lorraine Sterry, 2009-01-29 This volume complements other published works about travel by nineteenth century women writers by locating and creating space for Japan which is missing within recent critical

discourses on travel writing It examines the narratives of women writers who travelled to Japan from the mid 1850s onwards when Japan was first opened to the West and became a highly desirable travel destination for decades thereafter Many women travelled in this period and although most left no record of their journeys enough did to form a discrete body of literature spanning more than fifty years from the end of the feudal Tokugawa era to the rise of Meiji Japan as a world power Their narratives about Japan occupy a culturally significant place not only in the genre of Victorian female travel writing but in Victorian travel writing per se The writers who are the subject of this book are divided into two groups those who were travellers by intent namely Anna D A Alice Frere Annie Brassey Isabella Bird and Marie Stopes and those who travelled by default as the wives of diplomats namely Mrs Pemberton Hodgson Mrs Hugh Fraser and Baroness Albert d Anethan

A History of Japanese Theatre Jonah Salz, 2016-07-14 Japan boasts one of the world's oldest most vibrant and most influential performance traditions. This accessible and complete history provides a comprehensive overview of Japanese theatre and its continuing global influence. Written by eminent international scholars, it spans the full range of dance theatre genres over the past fifteen hundred years, including noh theatre, bunraku puppet theatre, kabuki theatre, shingeki modern theatre, rakugo storytelling, vanguard butoh dance, and media experimentation. The first part addresses traditional genres, their historical trajectories, and performance conventions. Part II covers the spectrum of new genres since Meiji 1868, and Parts III to VI provide discussions of playwriting, architecture, Shakespeare, and interculturalism, situating Japanese elements within their global theatrical context. Beautifully illustrated with photographs and prints, this history features interviews with key modern directors, an overview of historical scholarship in English and Japanese, and a timeline. A further reading list covers a range of multimedia resources to encourage further explorations.

Across A Bridge Of Dreams Lesley Downer, 2012-06-07 In the brave new Japan of the 1870s, Taka and Nobu meet as children and fall in love, but their relationship will test the limits of society. Unified after a bitter civil war, Japan is rapidly turning into a modern country with rickshaws, railways, and schools for girls. Commoners can marry their children into any class, and the old hatred between north and south is over, or so it seems. Taka is from the powerful southern Satsuma clan, which now dominates the country, and her father General Kitaoka is a leader of the new government. Nobu, however, is from the northern Aizu clan, massacred by the Satsuma in the civil war. Defeated and reduced to poverty, his family has sworn revenge on the Satsuma. Taka and Nobu's love is unacceptable to both their families and must be kept secret, but what they cannot foresee is how quickly the tables will turn. Many southern samurai become disillusioned with the new regime, which has deprived them of their swords, status, and honour. Taka's father abruptly leaves Tokyo and returns to the southern island of Kyushu, where trouble is brewing. When he and his clansmen rise in rebellion, the government sends its newly created army to put them down. Nobu and his brothers have joined this army, and his brothers now see their chance of revenge on the Satsuma. But Nobu will have to fight and maybe kill Taka's father and brother, while Taka now has to make a terrible choice between her family and the man she loves.

Aesthetic Life Miya Elise Mizuta Lippit, 2020-10-26 This study of modern Japan engages the fields of art history, literature, and cultural studies, seeking to understand how the beautiful woman *bijin* emerged as a symbol of Japanese culture during the Meiji period, 1868-1912. With origins in the formative period of modern Japanese art and aesthetics, the figure of the *bijin* appeared across a broad range of visual and textual media: photographs, illustrations, prints, and literary works, as well as fictional, critical, and journalistic writing. It eventually constituted a genre of painting called *bijinga*, paintings of beauties. *Aesthetic Life* examines the contributions of writers, artists, scholars, critics, journalists, and politicians to the

discussion of the *bijin* and to the production of a national discourse on standards of Japanese beauty and art As Japan worked to establish its place in the world it actively presented itself as an artistic nation based on these ideals of feminine beauty The book explores this exemplary figure for modern Japanese aesthetics and analyzes how the deceptively ordinary image of the beautiful Japanese woman an iconic image that persists to this day was cultivated as a national treasure synonymous with Japanese culture

Spectacles of Authenticity Hsuan Tsen, 2011 In the late nineteenth and early twentieth centuries America and Japan were in the process of establishing their positions as powers in a world dominated by Western Europe The two nations with unconnected histories and cultures found themselves in momentary sympathy as they embarked on their first forays into military imperialism expanded their trade and constructed civic institutions intended to compete with those of Europe It was during this period that mass entertainments developed and began circulating across national borders and drawing on tourist practices helped create a universal visual culture which coexisted with local particularities This dissertation undertakes a study of Japanese and American shared visual culture and modern entertainments with the goal of nuancing current scholarship on East West exchanges and expanding the definition of modernity Three modern phenomena panoramas World's Fairs and film form the core of my three main chapters and describe a process of appropriation assimilation and collaboration through their movements from Europe across America to Japan and ending with a return to America Many scholars have observed that Americans viewed Japan as a confusing cultural other with a baffling skill at appearing modern This dissertation begins with the premise that Japan was modern and re-examines American and Japanese cultural exchanges from this position with the aim of shifting the paradigms of modernity and modern visuality

The Affinity of the Eye Ignacio López-Calvo, 2013-06-06 López Calvo uses contemporary Nikkei texts such as fiction testimonies and poetry to construct an account of the cultural formation of Japanese migrant communities and in so doing challenges fixed notions of Japanese Peruvian identity
