## **Madame De Staël Freedom Today:**

**Madame de Staël and Freedom Today** Roberta J. Forsberg, Herman Clarence Nixon, 1959 *Madame de Staël and Freedom Today*, 1963 **An Extraordinary Woman** Germaine de Staël, 1987-08-18 *An Extraordinary Woman* Women Founders of the Social Sciences Lynn McDonald, 2013-12-01 Ground breaking and original this book debunks the myth that empirical social science has been dominated by its male founders and methodologists The author re analyses the critical role British French and American women played in creating the field from the 16th through the early 20th centuries Included are Mary Astell Mary Wollstonecraft Harriet Martineau Beatrice Webb Catharine Macauley Florence Nightingale Madame de Staël and Jane Addams **Archive**, 2002 **French News**, 1963 **Reason's Muse** Geneviève Fraisse, 1994-05-28 The French Revolution proclaimed the equality of all human beings yet women remained less than equal in the new society The exclusion of women at the birth of modern democracy required considerable justification and by tracing the course of this reasoning through early nineteenth century texts Genevieve Fraisse maps a moment of crisis in the history of sexual difference Through an analysis of literary religious legal philosophical and medical texts Fraisse links a range of positions on women's proper role in society to specific historical and rhetorical circumstances She shows how the Revolution marked a sharp break in the way women were represented in language as traditional bantering about the war of the sexes gave way to serious discussions of the political and social meanings of sexual difference Following this discussion on three different planes the economical the political and the biological Fraisse looks at the exclusion of women against the backdrop of democracy's inevitable lie the affirmation of an equality so abstract it was impossible to concretely apply This study of the place of sexual equality in the founding moment of democracy offers insight into a persistent question whether female emancipation is to be found through the achievement of equality with men or in the celebration of female difference *Mme de Staël and Political Liberalism in France* Chinatsu Takeda, 2018-07-31 This book sheds light on the unique aspects of communal liberalism in Mme de Staël's writings and considers her contribution to nineteenth century French liberal political thought Focusing notably on the *Considérations sur les principaux événements de la Révolution française* it examines the originality of Staël's liberal philosophy Rather than contrasting liberalism with either multiculturalism or republicanism the book argues that Staël's communal liberalism challenges the conventions of nineteenth century political thought notably through her assertion of the need to institutionalize an organic intermediary connecting the two spheres an idea later advanced by thinkers such as Jürgen Habermas Offering a critical reappraisal of Staël's multifaceted work this book assesses the political impact of her work arguing that the political influence of the *Considérations* permeates the liberal historiography of the French Revolution up to the present day **Catalogue of Books in the Free Library. Lending Department. Compiled by F. P. Perkins** Devon and Exeter Albert Memorial Museum and Free Library (EXETER), 1874 Free Trade and its Enemies in France, 1814-1851 David Todd, 2015-04-30 In the aftermath of the French Revolution advocates of

protection against foreign competition prevailed in a fierce controversy over international trade This groundbreaking study is the first to examine this protectionist turn in full Faced with a reaffirmation of mercantile jealousy under the Bourbon Restoration Benjamin Constant Jean Baptiste Say and regional publicists advocated the adoption of the liberty of commerce in order to consolidate the new liberal order But after the Revolution of 1830 a new generation of liberal thinkers endeavoured to reconcile the jealousy of trade with the discourse of commercial society and political liberty New justifications for protection oscillated between an industrialist reinvention of jealousy and an aspiration to self sufficiency as a means of attenuating the rise of urban pauperism A strident denunciation of British power and social imbalances served to defuse the internal tensions of the protectionist discourse and facilitated its dissemination across the French political spectrum
