**The Dynamics of Narrative Form** John Pier,2011-03-01 By redefining established topics of narratology research has become highly diversified The contributions to this volume neither synthesize developments nor work from shared postulates but represent a fresh look at ongoing issues Some scrutinize focalisation in a linguistic framework or in a poststructuralist vein others take on reliable and unreliable narration in a pronominal perspective or the unaddressed reader who upsets the tidy schemes of narrative communication Also outlined are a possible worlds approach to narrative time a systematic treatment of metanarrative and a transgeneric application of narratology to poetry The sequential ordering of narratives as a way of controlling reader response is examined in one article and in another is seen to elicit intertextual configurations Both divergent and complementary the contributions seek to integrate into narratological categories and methods the dynamic processes of narrative itself

**The Crimes of Marguerite Duras** Anne Brancky,2020-07-09 One of the most celebrated authors of twentieth century France Marguerite Duras loved crime Indeed criminal faits divers from the newspaper represented a key element in her literary project Sensational news stories made their way into her novels plays and screenplays inspired numerous journalistic pieces and media interventions and even informed the way that she discussed her life and work in the press The Crimes of Marguerite Duras offers an innovative framework for analyzing Duras s literary works and journalism as they relate to the mass media and broader cultural debates Anne Brancky reveals how Duras s predilection for provocatively blurring the line between truth and fiction on various media platforms helped make her a best selling author and a public intellectual ahead of her time Exploring the movement between serious literature and public scandal this readable book affirms literature s abiding role in political debate and the public sphere      *Madame Edwarda; Le mort; Histoire de l'oeil. Adams,2012-11-06 THE BOOKS THEY GAVE ME collects stories of books given and books received by loved ones The gift of a book can be surprisingly intimate revealing much about a relationship An ill chosen book can serve as a harbinger of doom while a perfect selection can fill one with hope for the future Together these stories form a revealing look at love loss and our literary tastes Originally focusing on romantic gifts THE BOOKS THEY GAVE ME quickly expanded to gifts from parents and grandparents siblings and friends There s the couple who tried to read Ulysses together over the course of their long distance relationship and ultimately never finished it There s the guy who bristled when he received Joy of Cooking from his boyfriend until he realized that the gift didn t represent a demand for better meals but a dream for a beautiful life together throwing cocktail parties for a warm group of friends These are stories of people falling in love regretting mistakes and finding hope

through books     The Crucified Mind Robert Havard, 2001 Why is the Spanish input to Surrealism so distinctive and strong What do such renowned figures as Dal Bu uel Lorca Aleixandre and Alberti have in common This book untangles the issue of Surrealism in Spain by focusing on a consistent feature in Spanish avant garde poetry art and film of the late twenties and thirties its supersaturation in religion A repressive religious upbringing typically under the Jesuits intensifies both the paranoiac and the mystical Surrealism s twin pillars which were already deeply ingrained in the Spanish psyche Striking examples are Lorca s prophetic voice in New York Dal and Bu uel s Eucharistic transformations Alberti s Loyolan materio mysticism Alberti is the fulcrum of this study since his poetry goes the full distance of Surrealism s evolution from Freudian catharsis to metaphysical transcendence until it expires in a Marxist reaction to church bound tradition when his nation convulses in civil war the surrealist ethos in Spain is not reducible to measuring how closely it imitates French theory It is more serious than the French says Alberti and its bearings are found on a cross of mental suffering and in a journey out of hell that made real art in practice ROBERT HAVARD is Professor of Spanish University of Wales Aberystwyth     Forbidden Fictions John Phillips, 1999-01-20 Phillips discusses texts by Apollinaire Pierre Lo ys Georges Bataille Pauline R age Alain Robbe Grillet Tony Duvert Elizabeth Barill and Marie Darrieussecq engaging in different levels of critical analysis so as to emphasize intertextual and parodic elements in one case or points of possible identification in another TLS French culture has long been perceived by the English speaking reader as somehow more erotic than its Anglo Saxon equivalent Forbidden Fictions is the first English language study devoted exclusively to the wide spectrum of French literary pornography in the twentieth century John Phillips provides a broad history of the genre and the associated moral and political issues Among the texts examined in detail all selected for their literary or sociopolitical importance are landmark works by Apollinaire Lou s Bataille R age Robbe Grillet Arsan and Duvert Phillips challenges current politically correct trends in literary criticism and stereotyped censoring discourses about pornography to provide a new reading of each text and to illustrate the genre s potential for social subversion Forbidden Fictions addresses the most controversial issues of contemporary sexual politics such as objectification sadomasochism homoeroticism and paedophilia with particular emphasis on the feminist debate on pornography In the light of current controversy over the control of pornography this is a timely and scholarly review of the ethical moral and social arguments surrounding the censorship of sexually explicit material     **Negative Knowledge** Sebastian Hüscher, Isabelle Koch, Philipp Thomas, 2020-08-10 The advent of Modernity was accompanied by a radical criticism of traditional metaphysics In particular since the 20th century rationality is predominantly conceived of as positivistic and scientific reducing reality to what is positively knowable The price to pay is the cutting out of any kind of phenomenon of negativity The present volume explicitly explores the philosophical and epistemological potential of negativity The contributions brought together in this book tackle the question of negativity from historical as well as from systematical perspectives From different angles they defend the claim that philosophical approaches recurring to negativity can build a

non reductive conceptualization of rationality and thus offer a valuable contribution to the orientation of humankind in the 20th and 21st century This volume contains contributions in English French and German

**Suppression of the Erotic in Modern Hebrew Literature** Nitsa Ben-Ari,2006-03-17 Issues of sexuality censorship and self censorship in the formation of national and cultural identities are a focus of great interest in contemporary literary research This is the first work of its kind to study these combined issues in the context of translated and original Hebrew literature

The Abject Object Keith Reader,2022-04-19 This book addresses representations and constructions of masculinity in crisis in contemporary French culture by way of two important concepts the phallus largely but not solely in a Lacanian sense s and abjection Kristeva Scrutiny of these concepts informs readings of a number of texts literary Bataille Adamov Doubrovsky Houellebecq Rochefort Angot and cinematic Ferreri Eustache Godard No Bonello in which the abject phallus is a significant factor The texts chosen all describe or stage crises of masculinity and mastery in ways that suggest that these supposedly beneficent qualities and the phallus that symbolizes them can often be perceived as burdensome or even detestable Abjection is a widely used concept in contemporary cultural studies but has not hitherto been articulated with the phallus as emblem of male dominance as it is here The volume will be of interest to those working in the areas of French gender and film studies

**After Bataille** Patrick Ffrench,2017-07-05 Author of the obscene narrative *Story of the Eye* and of works of heretical philosophy such as *Inner Experience* Georges Bataille 1897 1962 is one of the most powerful and secretly influential French thinkers of the last century His work is driven by a compulsion to communicate an experience which exceeds the limits of communicative exchange and also constitutes a sustained focus on the nature of this compulsion After Bataille takes this sense of compulsion as its motive and traces it across different figures in Batailles thought from an obsession with the thematics and the event of sacrifice through the exposure of being and of the subject to the necessary relation to others in friendship and in community In each of these instances After Bataille is distinctive in staging a series of encounters between Bataille his contemporaries and critics and theorists who extend or engage with his legacy It thus offers a vital account of the place of Bataille in contemporary thought
