Teach! Change! Empower! Carl A. Grant, 2009-08-25 Teach Change Empower takes the concepts of diversity and change which are often complex abstract confusing and not salient to many teachers who struggle with the meaning of these concepts in actual classroom practices and uses them as a framework for something that is very real to teachers the achievement gap Barbara Heuberger Rose Associate Professor Miami University Readers are challenged to think about themselves and their role in addressing achievement gaps in a non blaming manner Carl Grant does an outstanding job of incorporating the work of a number of researchers Maria Whitemore Minority Achievement Coordinator Frederick County Public Schools MD Narrow the achievement gap by affirming diversity and engaging in a process of personal change The achievement gap illustrates restricted life chances and choices for many students and only by addressing these inequities can we enable all learners to reach their fullest potential Teach Change Empower provides a powerful step by step process for making the changes necessary to close the achievement gaps in your school This innovative resource offers a wealth of strategies and action plans to help teachers reflect on their own beliefs about diversity and power and turn those reflections into actions Educators can put into practice ideas that challenge the status quo including Culturally relevant curriculum and environments for students Caring with a social political consciousness within a culture of learning Cooperative professional development for teachers administrators and staff Democratic student involvement Initiate change in your classroom that fosters lifelong learning in yourself your students and your school

Rationing Earth Herb Bentz, 2016-12-12 Our economy has spiralled out of control with too much focus on the quantity of production The way to reduce this wasteful overproduction of goods and services is to increase their quality In this groundbreaking book industrial designer Herb Bentz explains how to fix the economy and break the environment versus economy deadlock Bentz tells us how the use of good design can improve the quality of what we produce and how a beneficial growth in quality can substitute for the destructive increase in quantity Tying together many diverse aspects of the economy economic growth unemployment the welfare state and the need to ration Rationing Earth provides a critical analysis and a way forward at this crucial moment Despite high wealth in rich countries there is still poverty and inadequate funding for social programs This unjustified austerity has resulted in a persistence of economic insecurity the proliferation of poor quality products and inadequate action on environmental problems Bentz provides an economic solution from a designer s perspective By using elements of design thinking to achieve an overarching synthesis of the world s challenging problems including effectiveness of government the opposing demands of capital and labour positive and negative effects of technology and the absolute boundaries of a finite earth he presents practical solutions to the conflicting needs for economic growth full employment and reduced consumption In each of these areas Rationing Earth addresses the toughest questions How will we adapt to less economic growth How do

we solve unemployment What is the proper role of government And how can we create an economy that effectively rations scarce resources without reducing prosperity Bentz blends an entertaining style with a concise but broad analysis that is provocative informative and pertinent to anyone interested in economic change that has a positive impact on the environment
