Keats, Modesty and Masturbation Rachel Schulkins, 2016-04-22 Examining John Keats's reworking of the romance genre Rachel Schulkins argues that he is responding to and critiquing the ideals of feminine modesty and asexual femininity advocated in the early nineteenth century Through close readings of *Isabella or the Pot of Basil* *The Eve of St Agnes* *Lamia* and *La Belle Dame sans Merci* Schulkins offers a re evaluation of Keats and his poetry designed to demonstrate that Keats's sexual imagery counters conservative morality by encoding taboo desires and the pleasures of masturbation In so doing Keats presents a version of female sexuality that undermines the conventional notion of the asexual female Schulkins engages with feminist criticism that largely views Keats as a misogynist poet who is threatened by the female's overwhelming sexual and creative presence Such criticism Schulkins shows tends towards a problematic identification between poet and protagonist with the text seen as a direct rendering of

authorial ideology Such an interpretation neither distinguishes between author protagonist text social norms and cultural history nor recognises the socio sexual and political undertones embedded in Keats s rendering of the female Ultimately Schulkins s book reveals how Keats s sexual politics and his refutation of the asexual female model fed the design plot and vocabulary of his romances

Gothic incest Jenny DiPlacidi,2018-02-24 This electronic version has been made available under a Creative Commons BY NC ND open access license The first full length study of incest in the Gothic genre this book argues that Gothic writers resisted the power structures of their society through incestuous desires It provides interdisciplinary readings of incest within father daughter sibling mother son cousin and uncle

niece relationships in texts by authors including Emily Brontë, Eliza Parsons, Ann Radcliffe and Eleanor Sleath. The analyses underpinned by historical literary and cultural contexts reveal that the incest thematic allowed writers to explore a range of related sexual, social and legal concerns. Through representations of incest, Gothic writers modelled alternative agencies, sexualities and family structures that remain relevant today.

Flame Aleatha Romig, 2020-02-25. What matters most is how you walk through the fire. Charles Bukowski: No longer simmering and crackling beyond our realm, the fire smoldering in the distance roars to life. The blaze has the capacity to scorch and destroy everything and everyone in its path. All that I've known and believed was obliterated the moment Madeline spoke a truth I'd never suspected. With one sentence, one plea, my life has taken an uncharted turn. Through the smoke and soot, I search for answers. A man, an outfit, and my brothers in arms have been my solace, my calling, and my reason to live. Now that I know there's more, what will the future hold? The Ivanov bratva wants Chicago. I want what they possess. With the Sparrow world at war, and Madeline's declaration, she and I are surrounded, trapped by the inferno. What will remain when the flames cease, and we are left surveying the ashes?

From *New York Times* bestselling author Aleatha Romig comes a brand new dark romance **FLAME**. It's time to get caught up in this new and intriguing saga. *Web of Desire*. **FLAME** is book two of the *WEB OF DESIRE* trilogy that began in *SPARK* and concludes in *ASHES*. Have you been?

Mastering Fear Rikke Schubart, 2018-07-12. Mastering Fear analyzes horror as play and examines what functions horror has and why it is adaptive and beneficial for audiences. It takes a biocultural approach and focusing on emotions, gender, and play, it argues we play with fiction, horror. In horror, we engage not only with the negative emotions of fear and disgust but with a wide range of emotions, both positive and negative. The book lays out a new theory of horror and analyzes female protagonists in contemporary horror from child to teen, adult, middle age, and old age. Since the turn of the millennium, we have seen a new generation of female protagonists in horror. There are feisty teens in *The Vampire Diaries* (2009–2017), troubled mothers in *The Babadook* (2014), and struggling women in the *New French Extremity* with *Martyrs* (2008) and *Inside* (2007). At the fuzzy edges of the genre are dramas like *Pan's Labyrinth* (2006) and *Black Swan* (2010), and middle age women are now protagonists with Carol in *The Walking Dead* (2010) and Jessica Lange's characters in *American Horror Story* (2011). Horror is not just for men but also for women, and not just for the young but for audiences of all ages.

The Fairgrounds Blake Alb, 2022-05-31. Can you stomach the Fairgrounds? Based on nothing but a modern day message in a bottle and a secret invention that can measure the ebb and flow of Karma itself, watch

as three troubled strangers each takes a leap of faith to find fairness in an unfair world But things get close and personal as a masked vigilante vows to take Karma into his own hands But no matter what brought our band of less than merry men together one thing is for certain common enemies make for strange bedfellows In book 2 conclusion join our three existential detectives at the point where they meet for the very first time at the precipice of the secret location alluded to in the mysterious message But they will need to do more than just wax philosophical as they decide to employ their secret invention and start Project Madcap to study the very workings of Karma itself Will they see beyond the Veil of the World's Great Curtain past the Abyss and into the very realms of the 6th dimension Or are their ambitions too lofty as they would be fortunate to simply get out alive Things get more complicated when the serial killer Amrak gets involved and takes justice in his own hands With all three beaten and broken heroes in one place and time let's just hope the whole is greater than the sum of its parts
