Murphy, Terry Gifford, Katsunori Yamazato, 1998 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company **Visions of the Irish Dream** Marguerite Quintelli-Neary, 2009-01-14 Visions of the Irish Dream assembles essays that examine the elusive dream of the Irish and Irish Americans looking at aspirations of 19th century emigrants to Canada and the United States political and educational goals of the Irish historic trauma contemporary xenophobia and artists renditions of Irishness Whether the dreams are fulfilled or deferred they all strive to come to terms with what it means to be Irish sometimes the definition involves bringing a piece of the old country with you buying facsimiles of genuine Irish goods or redefining self in a way that frees Ireland of the colonial model This study explores the conflicted and shifting visions of the people who inhabit or have left an isolated island that has moved from a search for independence to integration into a European union From discussion of the politics of translation in Ferguson and Mangan to the establishment of the National schools the movement of the Celts from continental Europe as evidenced in Joyce to the transatlantic flight of the Irish to the Americas in a drama by Nicola McCartney and the reinvention of the feminine force in the writings of novelists Jennifer Johnston and Roddy Doyle to the feminine voice expressed in the work of poet Eil an N Chuillean in the collection underscores the significance of the dream in Irish history and the arts

Irish Women Writers Elke D'hoker,2010 After a decade in which women writers have gradually been given more recognition in the study of Irish literature this collection proposes a reappraisal of Irish women s writing by inviting dialogues with new or hitherto marginalised critical frameworks as well as with foreign and transnational literary traditions Several essays explore how Irish women writers engaged with European themes and traditions through the genres of travel writing the historical novel the monologue and the fairy tale Other contributions are concerned with the British context in which some texts were published and argue for the existence of Irish inflections of phenomena such as the New Woman suffragism or vegetarianism Further chapters emphasise the transnational character of Irish women s writing by applying continental theory and French feminist thinking to various texts in other chapters new developments in theory are applied to Irish texts for the first time Casting the efforts of Irish women in a new light the collection also includes explorations of the work of neglected or emerging authors who have remained comparatively ignored by Irish literary criticism **The Field**

destroy order creating undesirable disorder and instability that had both individual and communal consequences These had to be actively managed through social mechanisms such as children s education acculturation and training and also through religious intellectual and textual practices that were both socio cultural and individual Presenting the latest research from an international team of scholars this volume argues that the ways in which emotions created states of order and disorder in medieval and early modern Europe were deeply informed by contemporary gender ideologies Together the essays reveal the critical roles that gender ideologies and lived structured and desired emotional states played in producing both stability and instability **The Canadian Journal of Irish Studies** ,1993 *Early American Poetry* Oscar Wegelin,1903
