Nowhere Jon Lewis,2022-07-26 How a new generation of counterculture talent changed the landscape of Hollywood the film
 industry and celebrity culture By 1967 the commercial and political impact on Hollywood of the sixties counterculture had
 become impossible to ignore The studios were in bad shape still contending with a generation long box office slump and
 struggling to get young people into the habit of going to the movies Road Trip to Nowhere examines a ten year span from
 1967 to 1976 rife with uneasy encounters between artists caught up in the counterculture and a corporate establishment still
 clinging to a studio system on the brink of collapse Out of this tumultuous period many among the young and talented walked
 away from celebrity turning down the best job Hollywood and America had on offer movie star Road Trip to Nowhere
 elaborates a primary sourced history of movie production culture examining the lives of a number of talented actors who got
 wrapped up in the politics and lifestyles of the counterculture Thoroughly put off by celebrity culture actors like Dennis
 Hopper Christopher Jones Jean Seberg and others rejected the aspirational backstory and inevitable material trappings of
 success much to the chagrin of the studios and directors who backed them In Road Trip to Nowhere film historian Jon Lewis
 details dramatic encounters on movie sets and in corporate boardrooms on the job and on the streets and in doing so offers
 an entertaining and rigorous historical account of an out of touch Hollywood establishment and the counterculture workforce
