Mon Pere Le General Denikine:

The White Russian Army in Exile, 1920-1941 Paul Robinson, 2002 Paul Robinson traces the fate of the tens of thousands of soldiers of the anti Bolshevik White Armies who fled Russia at the end of the Russian civil war Even as the troops dispersed throughout the world they continued to think of themselves as soldiers kept their organization intact and in some cases even continued their military training This book provides the first detailed history of this remarkable phenomenon It outlines the activities of the White Army in exile including its underground struggles against the Soviet Union the humanitarian aid it supplied to its members the ideological debates in which it participated and its efforts to collaborate with Germany in the Second World War The story of the afterlife of one of the largest combat forces ever dispersed in this way is a fascinating one and Robinson s account gives due attention to several of the remarkable individuals who were involved He sheds new light on the history of the White Movement in general as well as on the personal histories of those Russians caught up in the mass emigration of the interwar years

The Russian Revolution and Civil War 1917-1921

Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
