Monarchism In The Weimar Republic:

Monarchism in the Weimar Republic Dr. Walter Kaufmann, 2018-03-12 The present essay is a pragmatic study of monarchism as a political factor in Germany during the period of the Weimar Republic It seeks to illuminate the history of that period by concentrating on the most powerful opposing force with which the democratic republic in Germany was confronted during the major part of its existence It also aims at an answer to the question why the fall of the Weimar Republic did not bring about a restoration of the monarchy but on the contrary destroyed monarchism together with democracy In tracing monarchism during the Weimar Republic we shall distinguish two main periods During the first until 1923 monarchism was the core of a violent rightist opposition to the republican form of government During the second from 1923 to 1933 monarchism adopted a more moderate policy It became an oppositional movement in the republican state in whose government it participated at various times while it gradually became outflanked by a non monarchistic rightist movement National Socialism

Monarchism in the Weimar Republic Walter H. Kaufmann, 1953

Monarchism in the Weimar Republic Walter H. Kaufmann, 1973 The Weimar Republic German Weimarer Republik vama epubli k is the name given by historians to the federal republic and parliamentary representative democracy established in 1919 in Germany to replace the imperial form of government It was named after Weimar the city where the constitutional assembly took place Following World War I the republic emerged from the German Revolution in November 1918 In 1919 a national assembly was convened in Weimar where a new constitution for the German Reich was written then adopted on 11 August of that same year The ensuing period of liberal democracy lapsed by 1930 when Hindenburg assumed dictatorial emergency powers leading to the ascent of the nascent Nazi Party and Adolf Hitler in 1933 The legal measures taken by the new Nazi government in February and March 1933 commonly known as the *machtergreifung* seizure of power meant that the government could legislate contrary to the constitution The republic nominally continued to exist until 1945 as the constitution was never formally repealed but the measures taken by the Nazis in the early part of their rule rendered the constitution irrelevant Thus 1933 is usually seen as the end of the Weimar Republic and the beginning of Hitler's Third Reich

Wikipedia

Lion, Eagle, and Swastika Robert S. Garnett, 2019-06-26 Originally published in 1991 this study analyses the Bavarian monarchist movement and its place in the relations between Bavaria and the Reich during the Weimar era with particular emphasis on the period up to 1929 Focusing on Bavaria's peculiar historical position in the Reich as a staunch adversary of strong national political authority the study has been anchored insofar as possible in local level organizational and governmental archival sources It makes extensive use of organizational and personal case studies

Elites Against Democracy Walter Struve, 2015-03-08 Since the beginning of the current era of imperialism in the late nineteenth century there has been a striking contrast between bourgeois political thought in Germany and the West Walter Struve demonstrates how German political culture went through a phase in which great emphasis was placed on the establishment of a new

political elite recruited on the basis of merit and skill but ruling in an authoritarian way and not controlled by the populace. He suggests that this type of elitism, many aspects of which were vital to the political culture of Nazi Germany, seems today to be widespread in the West. The development of this concept of an open yet authoritarian elite is approached through the analysis of the political ideas and activities of nine elitists among them Max Weber, Walther Rathenau, and Oswald Spengler. The author relates biography to intellectual, political, social, and economic history so that his work becomes a study in the political and social context of intellectual history. Originally published in 1973, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Monarchism in the Weimar Republic Walter Arnold Kaufmann, 1953 [Monarchy, Myth, and Material Culture in Germany 1750-1950](#) Eva Giloi, 2011-07-21 A fascinating study of how ordinary German subjects collected and consumed royal relics and memorabilia. **Nazis and Nobles** Stephan Malinowski, 2020 In the mountain of books that have been written about the Third Reich, surprisingly little has been said about the role played by the German nobility in the Nazis' rise to power. While often confidently referred to as the fateful role played by the German nobility, it is rarely if ever investigated in any real detail. *Nazis and Nobles* now fills this gap, providing the first systematic investigation of the role played by the nobility in German political life between Germany's defeat in the First World War in 1918 and the consolidation of Nazi power in the 1930s. As Stephan Malinowski shows, the German nobility was too weak to prevent the German Revolution of 1918 but strong enough to take an active part in the struggle against the Weimar Republic. In a real twist of historical irony, members of the nobility were as prominent in the destruction of Weimar democracy as they were to be years later in Graf Stauffenberg's July 1944 bomb plot against Hitler. In this skilful portrait of an aristocratic world that was soon to disappear, Malinowski gives us for the first time the in-depth story of the German nobility's social decline and political radicalization in the inter-war years and the troubled alliance to which this was to lead between the majority of Germany's nobles and the National Socialists.

Germany Joseph A. Biesinger, 2006 A wealth of information is presented in this guide in a variety of formats including a concise narrative history, a chronology, and A to Z entries to provide readers with a greater understanding of German history from the Renaissance to the present day. **Social Conservatism and the Middle Class in Germany, 1914-1933** Herman Lebowitz, 2015-12-08 Uprooted by the war, exposed to the full brunt of economic dislocation and fearful of losing status in face of the growing might of big business and organized labor, the middle classes in Weimar Germany longed for a solution to their plight that neither capitalism nor the socialism of their day could offer. This work examines the attempts of a number of scholars and publicists—Sombart, Salin, Spann, Niekisch, Spengler, and Fried—to provide such a solution in the

form of an ideology of social conservatism Originally published in 1969 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Germany's New Conservatism Klemens Von Klemperer, 2015-12-08 This is at once a chapter in the history of ideas and by reason of its focus on the Weimar Republic a case study The author first offers a stimulating approach to a definition of that much abused word conservatism He then discusses the new conservatism's roots in such men as Burckhardt and Nietzsche the various elements of the movement itself and three major expressions of it Moeller van den Bruck Spengler and Ernst Junger Finally he considers the complex relationship between neo conservatism and Nazism Originally published in 1957 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Kings, Queens and Fallen Monarchies Robert Stove, 2024-12-30 Explores the interwar movements to restore Europe's deposed royal houses examining their political significance and influence on global power dynamics Among the great hidden narratives of twentieth century history are the movements in Europe which between the two world wars aimed to restore the royal and imperial houses forced out of power in 1918 or in Portugal's case eight years earlier These efforts acquired media coverage and often strategic importance far greater than would be now supposed from the cursory often dismissive treatment which they have received from most historians since Campaigns to reinstate such dynasties as the Hohenzollerns the Habsburgs the Wittelsbachs the Braganças and even France's House of Orléans were taken seriously at the highest governmental and journalistic levels in London and Paris not to mention the Holy See Upon the whole phenomenon this book seeks to shed light It discusses both the phenomenon's soft power manifestations the designs of newspaper tycoon Lord Rothermere upon the Hungarian throne for his son for instance and the phenomenon's hard power manifestations among which probably the most dramatic were the successful monarchical campaigns in Albania and Greece With a cast that includes not only the monarchist candidates themselves but Churchill Lloyd George Hitler Mussolini and Franco this is a drama that embraces a continent and forces thorough reappraisals of events which we thought we knew No one can read it without acquiring a firmer grasp of political power's very nature and the sheer narrowness of the gap between victory and defeat

Monarchism in the Weimar Republic, 1973 *The End of Kings* William R. Everdell, 2000-04-15 Written in clear lively prose *The End of Kings* traces the history of republican governments and the key figures that are united by the simple

republican maxim No man shall rule alone Breathtaking in its scope Everdell's book moves from the Hebrew Bible Solon's Athens and Brutus's Rome to the impeachment trial of Andrew Johnson and the Watergate proceedings during which Nixon resigned Along the way he carefully builds a definition of republic which distinguishes democratic republics from aristocratic ones for both history and political science In a new foreword Everdell addresses the impeachment trial of President Clinton and argues that impeachment was never meant to punish private crimes Ultimately Everdell's brilliant analysis helps us understand how examining the past can shed light on the present An energetic aphoristic wide ranging book Marcus Cunliffe Washington Post Book World Ambitious in conception and presented in a clear and sprightly prose This excellent study is the best statement of the republican faith since Alphonse Aulard's essays almost a century ago Choice A book which ought to be in the hand of every American who agrees with Benjamin Franklin that the Founding Fathers gave us a Republic and hoped that we would be able to keep it Sam J Ervin Jr *Alfred von Tirpitz and German Right-Wing Politics, 1914-1930* Raffael Scheck, 2023-08-21 In a skillful combination of biographical case study and contextual analysis Scheck presents a readable often thrilling account of the troubled transition period before the Nazi catastrophe Drawing from a vast base of previously unused documents the book traces the conspiracies and public campaigns of Great Admiral Alfred von Tirpitz a key figure of the German right By focusing on Tirpitz known as a supreme politician and manipulator of public opinion Scheck explains the political and ideological problems contributing to the breakdown of the conservative German right and to the success of the National Socialists in the early 1930s **Dispatches From the Weimar Republic** Morgan Philips-Price, 1999-04-20 This is a superb text which is relevant for anyone who has an interest in the turbulent post war years of Germany and the Weimar period It is very accessible and easy to read bolstered by the clarity of its language and organisation History Teaching Review The period immediately following the First World War was one of great turbulence in Germany The widespread dislocation throughout the country left morale crushed and the economy crippled by Allied demands for reparations Russia was in the hands of the Bolsheviks and Germany seemed on the brink of falling to working class revolutionaries Writing between 1919 and 1923 as special correspondent for the Manchester Guardian Price was one of the very few British journalists in Weimar Germany during these important years His unique position as an outsider allowed him to record what he saw with an objective eye and his sympathy with the Bolsheviks gave him an understanding of the deeper implications behind the unfolding of events These remarkable writings reprinted for the first time in 80 years cover the key events in postwar Germany Price witnesses the establishment of the Weimar Republic the emergence of Hitler and the Nazi Party the inflammatory violence in the south of the country which threatened civil war and the signing of the Versailles Treaty **The Minor Parties of the Federal Republic of Germany** S.L. Fisher, 2012-12-06 Minor parties in the United States have been studied both individually and collectively On the basis of these studies social scientists have set forth certain generalizations concerning the types of American minor parties their characteristics their functions and the obstacles they face in the

American party system However in their comparative analysis of political parties political scientists have generally limited themselves to comments about the major parties This study examines in detail all the minor parties which have participated in the national elections of the Federal Republic of Germany since its inception in 1949 in light of the descriptive and explanatory generalizations which have been formulated about minor parties in the United States The purpose of such an analysis is threefold First it provides materials on the West German minor parties which will be readily accessible for cross national research Second through comparisons with the West German experience the generalizations produced to explain American minor parties are made more suitable for comparative analysis Third and most important it seeks to demonstrate that some minor parties play an important role in a party system and that therefore minor parties should not be ignored in the comparative analysis of political parties I am deeply indebted to Professors William B Gwyn and James D Cochrane for their help on this project This work could not have been completed without Professor Gwyn's guidance and prodding

Prophet of Decline John Farrenkopf, 2001-06-01 Oswald Spengler 1880-1936 is best known for *The Decline of the West* in which he propounded his pathbreaking philosophy of world history and penetrating diagnosis of the crisis of modernity This monumental work launched a seminal attack on the idea of progress and supplanted the outmoded Eurocentric understanding of history His provocative pessimism seems to be confirmed in retrospect by the twentieth century horrors of economic depression totalitarianism genocide the dawn of the nuclear age and the emerging global environmental crisis In *Prophet of Decline* John Farrenkopf takes advantage of the historical perspective the end of the millennium provides to reassess this visionary thinker and his challenging ideas on world history and politics and modern civilization Farrenkopf's assessment ranges widely placing Spengler's philosophy in its intellectual historical context and covering Spengler's ideas on democracy capitalism science and technology cities Western art social change and human exploitation of the environment He also illuminates the implications of Spengler's thought for contemplating from a fresh perspective the future of the United States the leading power of the West *Prophet of Decline* is highly relevant today as many take the opportunity at the turn of the century to ponder again the direction in which humankind and our global community are moving and approach with concern the uncertain future amid globalization hypercomplexity and accelerating change An interdisciplinary book about an interdisciplinary thinker it is a substantial contribution to the literature of historical philosophy political science international relations and German studies

A History of Fascism, 1914-1945 Stanley G. Payne, 1996-07-15 *A History of Fascism* is an invaluable sourcebook offering a rare combination of detailed information and thoughtful analysis It is a masterpiece of comparative history for the comparisons enhance our understanding of each part of the whole The term fascist used so freely these days as a pejorative epithet that has nearly lost its meaning is precisely defined carefully applied and skillfully explained The analysis effectively restores the dimension of evil Susan Zuccotti *The Nation* A magisterial wholly accessible engaging study Payne defines fascism as a form of ultranationalism espousing a myth of national rebirth and marked by

extreme elitism mobilization of the masses exaltation of hierarchy and subordination oppression of women and an embrace of violence and war as virtues Publishers Weekly **The Hohenzollerns and the Nazis** Stephan Malinowski, 2025-01-30
AWARDED THE GERMAN NON FICTION PRIZE 2022 Malinowski's work is a near masterpiece relating a story not synthesised in this way before and about which any number of self serving myths exist Simon Heffer The Telegraph Stephan Malinowski's brilliant book strikes a balance between the forensic analysis of individual behaviour and a new understanding of how the toxic political culture of a defeated monarchy helped to disrupt democracy in Germany Christopher Clark The shocking true story of the German monarchy's collaboration with the Nazis already a bestseller in Germany now in English for the first time The disappearance of the Hohenzollern family from the history of Germany in November 1918 as the Kaiser fled into Dutch exile is one of the most startling rapid instances of a once all powerful royal family becoming almost overnight irrelevant and marginal Except this is not exactly what happened Stephan Malinowski's German bestseller is an extraordinary work of recovery It suited both the Weimar Republic and then the Third Reich to view the Hohenzollerns with contempt and yet the royal family's hatred of the former and approval of the latter were for millions of Germans a significant factor in their own view of their country and its government With forensic and often shocking detail Malinowski shows that far from being ridiculous marginal figures the Hohenzollerns lay at the heart of Germany's ongoing nightmare Despite formally losing power the members of the royal family remained prominent catastrophically allowing many other conservative Germans to stay distanced from the new republic and to eventually betray conservative traditions and values Battered from both left and right the Republic collapsed in 1933 in part because conservative forces fearful of both Communism and Fascism had abandoned their own principles just as much as the leading members of former royal family had who were themselves beguiled by and fooled by Hitler This is an important and shocking book as well as a devastating picture of an inadequate and trivial royal family painfully underequipped to fulfil its role

Thank you enormously much for downloading **Monarchism In The Weimar Republic**. Most likely you have knowledge that, people have seen numerous times for their favorite books like this Monarchism In The Weimar Republic, but end in the works in harmful downloads.

Rather than enjoying a good book in the manner of a cup of coffee in the afternoon, otherwise they juggled bearing in mind some harmful virus inside their computer. **Monarchism In The Weimar Republic** is comprehensible in our digital library an online admission to it is set as public so you can download it instantly. Our digital library saves in merged countries, allowing you to get the most less latency period to download any of our books later this one. Merely said, the Monarchism In The Weimar Republic is universally compatible considering any devices to read.

Monarchism In The Weimar Republic Introduction

In the digital age, access to information has become easier than ever before. The ability to download Monarchism In The Weimar Republic has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Monarchism In The Weimar Republic has opened up a world of possibilities. Downloading Monarchism In The Weimar Republic provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Monarchism In The Weimar Republic has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Monarchism In The Weimar Republic. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Monarchism In The Weimar Republic. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Monarchism In The Weimar Republic, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure

their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Monarchism In The Weimar Republic has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Monarchism In The Weimar Republic Books

1. Where can I buy Monarchism In The Weimar Republic books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Monarchism In The Weimar Republic book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
