Monet Et Ses Amis:

Manet and the Family Romance Nancy Locke, 2001 Edward Manet's paintings have long been recognized for being visually compelling and uniquely recalcitrant. While critics have noted the presence of family members and intimates in paintings such as *Le Déjeuner sur l'herbe*, Nancy Locke takes an unprecedented look at the significance of the artist's family relationships for his art. Locke argues that a kind of mythology of the family or Freudian family romance frequently structures Manet's compositional decisions and choice of models. By looking at the representation of the family as a volatile mechanism for the development of sexuality and of repression, conflict and desire, Locke brings powerful new interpretations to some of Manet's most complex works. Locke considers for example the impact of a father-son drama rooted in a closely guarded family secret: the adultery of Manet's father and the status of Léon Leenhoff. Her nuanced exploration of the implications of this story that Manet in fact married his father's mistress makes us look afresh at even well-known paintings such as *Olympia*. This book sheds new light on Manet's infamous interest in gypsies, street musicians and itinerants as Locke analyzes the activities of Manet's father as a civil judge. She also reexamines the close friendship between Manet and the Impressionist painter Berthe Morisot, who married Manet's brother. Morisot becomes the subject of a series of meditations on the elusiveness of the self, the transience of identity and conflicting concerns with appearances and respectability. *Manet and the Family Romance* offers an entirely new set of arguments about the cultural forces that shaped these alluring paintings.

Bazille: Purity, Pose, and Painting in the 1860s, 1998 *Monet Et Ses Amis*, 1971 Masterpieces of European Painting, 1800-1920, in the Metropolitan Museum of Art Metropolitan Museum of Art (New York, N.Y.), Kathryn Calley Galitz, 2007 **Psychoanalytic Perspectives on Art, V.2** Mary M. Gedo, 2013-05-13 This new hardcover annual offers a unique scholarly format: an interdisciplinary dialogue that it is hoped will foster the development of a sound, useful methodology for applying psychoanalytic insight to art and artists. The series provides a medium for those who study art, those who interpret it, and occasionally those who create it: formally to explore the meaning of an artistic work as the direct reflection of the inner world of its creator. Within each volume, individual topics are addressed by either an art historian or a psychoanalyst, with a response frequently tendered by an expert from the other field. Reviews of important books of cross-disciplinary interest are treated in a similar manner and include rebuttals by the authors themselves. It is precisely this exchange of ideas among scholars with different perspectives on the meaning of a work of art that sets PPA apart from the standard art history publication. Its depth of scholarship coupled with its innovative format make it a fascinating addition to the burgeoning field of psychoanalytic studies of art history. *Origins of Impressionism* Gary Tinterow, Henri Loyrette, 1994 This handsome publication, which accompanies a major exhibition at The Metropolitan Museum of Art, is a lively and engaging account of the artistic scene in Paris in the 1860s, the years that witnessed the beginnings of Impressionism. For the first time, the interactions and relationships among the group of painters who became known as the Impressionists are examined.

without the overworn art historical polarities commonly evoked academic versus avant garde classicist versus romantic realist versus impressionist A host of strong personalities contributed to this history and their style evolved into a new way of looking at the world These artists wanted above all to give an impression of truth and to have an impact on or even to shock the public And they wanted to measure up to or surpass their elders This complex and rich environment is presented here the grand old men and the young turks encounter each other the Salon pontificates and the new generation moves fitfully ahead benignly but always with determination Origins of Impressionism gives a day by day year by year study of the genesis of an epoch making style Bibliographies and provenances are provided for each of the almost two hundred works in the exhibition and there is an illustrated chronology With more than two hundred superb colorplates this informative survey is an essential work for both the general reader and the scholar BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Impressionism* Anne Distel, Michel Hoog, Charles S. Les Six Robert Shapiro, 2014-07-01 The absorbing comprehensive story of an absolutely unique experiment in classical music involving many key figures of the Dada and Surrealist movements *Les Six* were a group of talented composers who came together in a unique collaboration that has never been matched in classical music and here their remarkable story is told for the first time A musical experiment originally conceived by Erik Satie and then built upon by Jean Cocteau *Les Six* were also born out of the shock of the German invasion of France in 1914 an avant garde riposte to German romanticism and Wagnerism *Les Six* were all and still are respected in music circles but under the aegis of Cocteau they found themselves moving among a whole new milieu the likes of Picasso Ren Clair Blaise Cendrars and Maurice Chevalier all appear in the story But the story of *Les Six* goes on long after the heyday of Bohemian Paris the group never officially disbanded and it was only in the last 20 years that the last member died moreover their spouses descendents and associates are still active ensuring that the remarkable legacy of this unique group survives

Color in the Age of Impressionism Laura Anne Kalba, 2017-04-21 This study analyzes the impact of color making technologies on the visual culture of nineteenth century France from the early commercialization of synthetic dyes to the Lumi re brothers perfection of the autochrome color photography process Focusing on Impressionist art Laura Anne Kalba examines the importance of dyes produced in the second half of the nineteenth century to the vision of artists such as Edgar Degas Pierre Auguste Renoir and Claude Monet The proliferation of vibrant new colors in France during this time challenged popular understandings of realism abstraction and fantasy in the realms of fine art and popular culture More than simply adding a touch of spectacle to everyday life Kalba shows these bright varied colors came to define the development of a consumer culture increasingly based on the sensual appeal of color Impressionism emerging at a time when inexpensively produced color functioned as one of the principal means by and through which people understood modes of visual perception and signification mirrored and mediated this change shaping the ways in which people made sense of both modern life and modern art Demonstrating the central importance of color history and technologies to the study of visuality *Color in the Age of Impressionism* adds a dynamic new layer to our understanding of visual and material culture

Conservative Echoes in Fin-de-Si_cle Parisian Art Criticism Michael Marlais, 2010-11-01 While the painting of the 1880s and 1890s in Paris has been studied in great depth the concurrent art criticism has not been given the attention it deserves *Conservative Echoes* examines previously unexplored aspects of the symbolist criticism of art revealing its conservative nature and thus providing a new view of the art criticism of one of the most significant periods in the development of modern art Art historians tend to focus on a small body of criticism written by authors who championed one or more of the artists recognized today as leaders of the avant garde In essence it is the art that directs most studies of criticism rather than the criticism itself Michael Marlais has studied late nineteenth century criticism on all levels from popular press to esoteric review in order to understand the context in which avant garde

art criticism appeared He focuses on the critics Félix Fénéon, Albert Aurier, Alphonse Germain, Camille Mauclair and Maurice Denis noting both conservative and modernist features of their writing while attempting to situate them within the antinaturalist intellectual trends of the period Marlaire emphasizes the relationship of avant garde critics to the broader cultural milieu thus providing both a valuable corrective in the study of fin de siècle art history and another way of understanding the cultural climate in Paris during that time
