*Money and Power in the New Religions* James T. Richardson, 1988      **Regulating Religion** James T. Richardson, 2012-12-06 *Regulating Religion* Case Studies from Around the Globe presents through the inclusion of contributions by international scholars a global examination of how a number of contemporary societies are regulating religious groups. It focuses on legal efforts to exert social control over such groups especially through court cases but also with selected major legislative attempts to regulate them. As such this analysis falls within the broad area of the sociology of social control and more specifically legal social control a topic of great interest when studying how contemporary societies attempt to maintain social order. The factual details about social and legal developments in societies where religion has been defined as problematic include Western and Eastern Europe Asia Oceania and the Americas. This book will be of interest to researchers and students in the sociology of religion the sociology of law social policy and religious studies as well as policy makers.

**Current Issues in Law and Religion** Silvio Ferrari, 2017-07-05 This volume focuses on issues that have only recently come to the forefront of the discipline such as freedom from religion ordination of homosexuals apostasy security and fundamentalism issues that are linked to the common themes of secularism and globalization. Although these subjects are not new to the academic debate they have become prominent in law and religion circles as a result of recent and rapid changes in society. The essays in this volume present multiple points of view facilitate scholars in understanding this evolving discipline and act as a stimulus for further research. This collection gives the reader a sense of the key topics and current debates in law and religion and is of interest to law politics human rights and religion scholars.

**Research in the Social Scientific Study of Religion, Volume 11** Joanne Marie Greer, David O. Moberg, 2021-11-22 The purpose of this book is to provide an outlet for original research articles examining the role and value of religious and spiritual constructs across the social sciences. The aim of the series is to include an international and interfaith voice to this research dialogue. An effort is made to be interdisciplinary and academically eclectic. The articles in each volume represent a wide array of perspectives and research projects. Most of the articles report the findings of quantitative or qualitative investigations but some deal with methodology theory or applications of social science studies in the field of religion and some are applied demonstrating the relevance of the social sciences to religious organizations and their clergy. The value of the volume is that it gives to researchers in this area a broad perspective on the issues and methods of religious research across a spectrum of academic disciplines. The aim of the book is to stimulate a creative integrative dialogue that will enhance interdisciplinary research.

**Wolves Within the Fold** Anson D. Shupe,1998 Wolves within the Fold is the first collection of new articles dealing with abuse of authority by religious leaders and the victimization of their parishioners The power of religion as a symbolic salvation promising enterprise resides in its authority to create and shape reality for believers and command their obedience This power can inspire tremendous acts of human kindness charity compassion and hope But witch hunts inquisitions crusades and pogroms show us how religious authority can be used for far darker purposes This abuse of power by religious authorities at the expense of their followers is termed clergy malfeasance by editor Anson Shupe and examined by the contributors to Wolves within the Fold The essays provide an innovative examination of behavior that is sometimes illegal and always unethical sometimes punished but often not Topics range from a cultural study of Aum Shinrikyo the Japanese apocalyptic group now infamous for releasing lethal gas into the Tokyo subway system to a sociological analysis of financial scandals among evangelical religious groups Groups analyzed include the Roman Catholic Church Protestant denominations televangelists and the Hare Krishnas

**Money for Power** John P. Hunter III,2014-07-27 MONEY It is understandable that we all need money for survival purposes This is fine and dandy is acceptable in society but

to purposely defraud other people to get possession of money is unacceptable no matter of any circumstance Politicians seem to hoard onto this conception that money is their GOD The more they possess the more they have power to control Politicians drug cartels gangs and let us not forget religion are aware of this fact The richer you are in society the better people will follow you supposedly The Elite in all societies of the world are equally guilty of this crime called murder on the unsuspecting citizens by depriving these citizens of certain FREEDOMS or plainly swindling them out of their hard earned money not included are the lazy incompetent people who devour the Welfare System dry not even trying to better themselves Murder is hidden by the non compliance of doing the right thing as it happens for prevention as well as protection This is where this book illustrates certain areas in our American past which contribute to the beginning of corruption Corruption is a way of dishonest living in order to remain on top or even to gain the top position Political separation of parties are a way of distracting the public's focus of what all politicians are involved in un constitutional biased prejudice and let us begin the Olympic Blame Game of each party is guilty but not me when in reality all are involved in a False Flag cover up of camouflaged deception to gain more wealth even if it includes a mass murder You will be amazed about certain people involved in this book which seemed honest but in reality are very wicked indeed This book is the sequel to AMERICA The Sleeping Giants MUST Awake which explains into depth Barack Hussein Obama the creator of Obamanism and of his cronies at large

**Money, Warfare and Power in the Ancient World** Jeremy Armstrong, Arthur J. Pomeroy, David Rosenbloom, 2024-01-11 Money Warfare and Power in the Ancient World offers twelve papers analysing the processes consequences and problems involved in the monetization of warfare and its connection to political power in antiquity The contributions explore not only how powerful men and states used money and coinage to achieve their aims but how these aims and methods had often already been shaped by the medium of coined money typically with unintended consequences These complex relationships between money warfare and political power both personal and collective are explored across different cultures and socio political systems around the ancient Mediterranean ranging from Pharaonic Egypt to Late Antique Europe This volume is also a tribute to the life and impact of Professor Matthew Trundle an inspiring teacher and scholar who was devoted to promoting the discipline of Classics in New Zealand and beyond At the time of his death he was writing a book on the wider importance of money in the Greek world A central piece of this research is incorporated into this volume completed by one of his former students Christopher De Lisle Additionally Trundle had situated himself at the centre of a wide ranging conversation on the nature of money and power in antiquity The contributions of scholars of ancient monetization in this volume bring together many of the threads of those conversations further advancing a field which Matthew Trundle had worked so tirelessly to promote

**On Being Nonreligious in Contemporary Japan** Ian Reader, Clark Chilson, 2025-06-12 Challenging the notion of the nonreligious in Japan being religious through tradition and institution this book demonstrates how negativity and antipathy for religion relate to religious decline in Japan today Why do most Japanese

say they are nonreligious mushukyo Since the 1990s scholars have answered this key question for understanding religion in contemporary Japan as follows although the Japanese say they are nonreligious because they do not identify with a particular religious tradition or institution they are in fact religious through their traditional practices New Year's visits to Shinto Shrines Buddhist mortuary rites and festivals matsuri are typically seen as customs rather than as religious Challenging this answer this book argues that many Japanese say they are nonreligious because they actually dislike religion and want to distance themselves from it To support this argument the book explores how religion is in decline in Japan today Demonstrating how negative images of religion are produced in the mainstream media in popular culture and by various groups and people this book also explores specific case studies such as anti cult organizations lawyers government agencies intellectuals and religious organizations Ian Reader and Clark Chilson argue that popular negative images and perceptions about religion create an ecology of dislike which encourages disassociation from religion and exacerbates problems for religions today Overall this book provides a new perspective on religion in contemporary Japan that has implications for our understanding of secularization in the modern world **Bringing Culture Back In** Michael Böss,2015-09-30

Economists used to claim that material self interest and the rational choices of the individual were universal factors that transcended cultural values and differences This position has been challenged by critics who have pointed out the methodological and philosophical weaknesses of this approach They dispute the idea that social order can be explained as the product of the choices of individual agents and that social agents operate independently of their social and cultural values and norms Today there is virtual agreement not only among students of culture but also among social scientists that culture counts in both politics and society as well as in international relations In this book a number of international political scientists economists philosophers and humanist scholars address the role of culture ethnicity and religion in contemporary states and societies

Pastoral Misconduct Janelle M. Eliasson-Nannini,2017-09-08 In the past clergy malfeasance was mentioned only in passing by group members or adherents The subject was invisible and those who studied it were often stigmatized as hostile to religion itself Today clergy misconduct is acknowledged as a social problem with growing conceptual and theoretical implications In Pastoral Misconduct Anson Shupe and Janelle M Eliasson Nannini argue that the history and traditions of black pastoral leadership coupled with the close identity of many black congregants with their pastor congregation and racial subculture creates opportunity structures that facilitate predatory behavior Familiarity and mutual identity frequently leads victims to drop their normal levels of wariness Major denominations and minor sects have been studied but this unique study by Shupe and Eliasson Nannini pursues nuances of pastoral bad behavior in a new context This book is not a tabloid treatment of the American black church In fact the black church becomes the vehicle for a major new sociological development a theory of clergy misconduct in any minority religion **Money, Power and Politics in Early Islamic Syria** John Haldon,2016-04-22 The transformation of the eastern provinces of the Roman empire from the middle of the seventh

century CE under the impact of Islam has attracted a good deal of scholarly attention in recent years and as more archaeological material becomes available has been subject to revision and rethinking in ways that radically affect what we know or understand about the area about state building and the economy and society of the early Islamic world and about issues such as urbanisation town country relations the ways in which a different religious culture impacted on the built environment and about politics This volume represents the fruits of a workshop held at Princeton University in May 2007 to discuss the ways in which recent work has affected our understanding of the nature of economic and exchange activity in particular and the broader implications of these advances for the history of the region *New Religions in Global*

*Perspective* Peter Bernard Clarke, 2006 This volume provides a complete guide to the global impact and cultural significance of new religious movements **Money, Trade, and Power** Jack P. Greene, Rosemary Brana-Shute, Randy J.

Money And Power In The New Religions : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
