Understanding Inequalities Lucinda Platt, 2019-05-29 Bringing together the most recent empirical evidence and the latest theoretical debates this fully revised new edition gets to grips with a broad range of inequalities in people's lives Examining social class gender ethnicity disability and migration status it demonstrates how these play out in relation to education health poverty neighbourhood and housing and how they cumulate across the life course Richly illustrated with figures and concrete examples showing the distribution of life chances across social groups the book demonstrates how people's lives are structured by inequalities across multiple dimensions Comprehensive topical chapters are framed by an exploration of the meaning and interpretation of inequalities and a discussion highlighting the important intersections between them With new chapters on disability and international migration this updated edition continues to provide a wide ranging but detailed and theoretically sophisticated account of contemporary inequalities that will be invaluable to undergraduate and masters students alike

The Future for Older Workers Wendy Loretto, Sarah Vickerstaff, Phil White, 2007 Dealing directly and exclusively with the issue of older workers this book brings together up to the minute research findings by many of the leading researchers and writers in the field exploring key issues that will influence public policy in the UK and beyond

Neoliberalising Old Age John Macnicol, 2015-09-29 Governments are encouraging later life working and state pension ages are being raised There is also a growing debate on intergenerational equity and on ageism age discrimination John Macnicol one of Europe's leading academic analysts of old age and ageing examines the effect of neoliberalism on the recent ageing and social policy agenda in the UK and the USA He argues that the demographic and economic impulses behind recent policy changes are in fact less important than the effect of neoliberalism as an ideology which has caused certain key problems to be defined in a particular way The book outlines past theories of old age and examines pensions reform the debate on life expectancy gains the causes of retirement the idea of intergenerational equity the current debate on ageism age discrimination and the likely human consequences of raising state pension ages

Happy Retirement? Sarah Vickerstaff, 2004-07-07 Any attempt by governments to stem the tide of early retirement will need to focus as much on employers management of human resources as on the impacts of social policy This report focuses on this previously neglected area employers policies and practice as a dynamic force in retirement decisions Drawing on data

from a series of organisational case studies that situate the individual's decisions and experience in the context of employers' age management policies the report examines how the retirement process is currently managed in a range of organisations identifies barriers to effective planning for retirement considers whether individuals feel there is enough choice when facing decisions about retirement and addresses the concerns of both researchers and academics in the fields of human resource management and social policy
