Money Basics For Everyday People K.C. Hobbs,2010-02-17 MONEY BASIC FOR EVERYDAY PEOPLE was created from a desire that all Americans should have the opportunity to acquire their own personal fortunes and live their dreams It is not our lack of effort and hard work that keeps us from having our wealth The problem is that most people lack the knowledge to make their money work for them Since money principles are not emphasized in schools and most financial books are too complicated and detailed in content people never learn the basics The American savings rate has been in decline for the last 65 years and millions of hard working couples are now retiring at or just above the poverty level This book is designed to give basic money information that everyday people can understand and really put to use The purpose of MONEY BASIC for EVERYDAY PEOPLE is to provide simple and useable ideas about money concepts that may have been hidden from you This book will offer insights into how money works that your families friends neighbors and co workers do not know You will learn that you don t have to be a financial wizard to make your money

work harder Below are a few examples Would you like a bigger tax refund check Would you like to know how to save for 6 years and you could possibly have your retirement Would you like to save hundreds of dollars on your insurance premiums Would you like to know more than most people in America about money Would you like to finally have your EYES WIDE OPENED to the mystique of finance These pages are full of proven concepts and ideas to help you achieve your financial goals I have purposely concentrated only on the most important topics that will explain how to make your money work harder What you will need to learn is condensed into just FIVE SIMPLE STEPS that will be easy to understand and put into use everyday By learning and using the FIVE SIMPLE STEPS that are explained in these chapters you can achieve financial freedom *Money Basics for Young Adults* Don Chambers,2007

corporate government and municipal bonds and how much of a return you can anticipate from each You will be taught the face value sale price and coupon rate of a bond as well as their callability ratings insurance taxes and maturity that might be and are associated with them Savings Bonds as one example have been gaining a renewed significance since the U S Treasury introduced the inflation protected Series I Bond and their online accounts at Treasury Direct After reading this book you will understand how Savings Bonds work and why the Series I Savings Bond protects you from the risk of default

Basic Savings and Checking Account Guidance: Book 1 for Teens and Young Adults Ronald Hudkins,2014-03-09 The book Basic Savings and Checking Account Guidance For Teens and Young Adults is designed specifically for the younger generation that grew up in U S households with parents who did not set up good financial management lifestyles The practical knowledge provided here is a realistic tool for understanding money management that points independent young people in the right financial direction This targeted financial advice explains savings and checking accounts in a clear logical sequence emphasizing truly understanding needed financial decisions It outlines the outcomes that could result if someone continues making misdirected impulsive or uneducated monetary decisions This book provides a common sense intuitive roadmap for putting together a sound financial future Teens and young adults will learn how checking and savings accounts are established maintained and factored into financial decisions Dollars and Sense Nicholas Suivski,2024-08-01 Money may not grow on trees but with practice anyone can learn how to manage and grow their savings Knowing how to earn save and manage money is not just an important skill for adults Money is part of every aspect of life from catching a movie on Friday night to buying your first car Get a head start on one of life s most important skills This book is filled with practical tips for making a budget saving money setting financial goals and investing in the future Learn about savings accounts the risks and benefits of debt and how to decide when to save and when to spend gaining the knowledge you need to become a money savvy young adult *The Psychology of Money* Michael Argyle,Adrian Furnham,2013-10-23 This fascinating book examines such diverse and compelling subjects as money and power gender differences morality and tax the very rich the poor lottery and pools winners how possessions and wealth affect self image and esteem why some people become misers and others gamblers spendthrifts and tycoons and why some people gain more pleasure from giving away money than from retaining it Comprehensive and cross cultural The Psychology of Money integrates fascinating and scattered literature from many disciplines and includes the most recent material to date It will be of interest to psychologists sociologists anthropologists and to people interested in business and economics *Basic Income and Sovereign Money* Geoff Crocker,2020-02-20 This is a radical thought provoking book which brings together debates that are often kept separate about basic income and sovereign money You might not agree with all of it but it makes big arguments and does so with constructive intent that of proposing alternative ways of organising our economy and welfare states Nick Pearce Director of The Institute for Policy Research University of Bath UK Though I have criticized modern money theory MMT for being too

facile regarding the consequences of money financed deficits I welcome this book s advocacy of a universal basic income MMT proponents have focused on the problem of employment Geoff Crocker wants to shift the focus to basic income and I believe he is right We are in an era of transition Employment was the fundamental problem of the 20th century Income distribution will be the fundamental problem of the 21st century We must begin transitioning the policy discourse now In coming decades we will need both employment and basic income policy It is good to have MMT advocates on board Thomas Palley independent economist Washington DC USA Geoff Crocker s book is a very stimulating and provoking contribution to the discussion of how to define identify and finance basic income It addresses very clearly the societal issue of a monetary basic income funding which will excite the discussion beside well known tax proposals and establishes the discussion on integrating basic income directly into crisis prevention and crisis solution Bernhard Neum rker G tz Werner Professor of Economic Policy Constitutional Economic Theory and Head of Freiburg Institute for Basic Income Studies FRIBIS at the University of Freiburg The current economic system is dysfunctional characterised by crises austerity excessive household and government debt low pay poverty inequality and ecological damage This needs a radical re think and re engineering of the economic system The standard explanation of the 2007 economic crisis is that banks behaved badly and governments failed to regulate But policies of tighter bank regulation quantitative easing and austerity failed and proved counter productive This book challenges this orthodox view From a careful analysis of long term economic data it shows that earned income has inexorably fallen behind economic output leading to huge increases in consumer debt causing the crisis Governments have sought to curtail deficit spending by socially harmful austerity policy The answer is a universal basic income funded by debt free sovereign money which also funds government social expenditure always limited by economic output to avoid inflation This book will appeal to policy makers academic economists think tank networks and everyone who is concerned with the ongoing dysfunctionality of the current economic system
