**Money** Joe Cribb, 1986      Money: from Cowrie Shells to Credit Cards , 1986      *Fakes and Forgeries* Peter Knight, Jonathan Long, 2004 The possibility that works of art and literature might be forged and that identity might be faked has haunted the cultural imagination for centuries That spectre seems to have returned with a vengeance recently with a series of celebrated hoaxes and scandals ranging from the Alan Sokal hoax article in Social Text to Benjamin Wilkomirski's fake Holocaust memoir But as well as creating anxiety the possibility of faking it has now been turned into entertainment Traditionally these activities have been dismissed as dangerous and immoral but more recently some scholars have begun to speculate for example that all forms of national identity rely on forged myths of origin Recent cultural theory has likewise called into question traditional notions of authenticity and originality in both personal identity and in works of art Despite critical pronouncements of the death of the author and the substitution of the simulacrum for the original however making a distinction between the genuine and the fake continues to play a major role in our everyday understanding and evaluation of culture law and politics Consider for example the fiasco surrounding the forged Hitler diaries law suits against auction houses for failing to detect forgeries in the art market or the problem of plagiarism at universities It still seems to matter that we can spot the difference especially in the historical moment when we are capable of making copies that are indistinguishable perhaps even better than the original This collection of essays considers the moral aesthetic and political questions that are raised by the long history and current prevalence of fakes and forgeries The international team of contributors consider the issues thrown up by a wide range of examples drawn from fields ranging from literature to art history These case studies include little known subjects such as Eddie Burrup the Australian aboriginal artist who turned out to be an 81 year old white woman as well as new interpretations of familiar cases such as faked Holocaust memoirs The strength of the collection is that it brings together not only a wide range of cultural examples of fakes and forgeries from different historical periods but also offers a wide variety of theoretical takes that will form a useful introduction and casebook on this growing field of inquiry      **Numismatics and Greek Lexicography** Michael P. Theophilos, 2019-11-28 Michael P Theophilos explores the fascinating variety of numismatic contributions to Greek lexicography pertaining to lexicographic studies of the Second Temple period in general and the New Testament in particular Theophilos considers previous scholarly attempts to grapple with and incorporate critical numismatic material into the emerging discipline of Greek lexicography including foundational work by F Preisigke and E Kiessling before outlining his own methodological approach Theophilos then examines the resources available for engaging with the numismatic material and presents a series of specific case studies throughout the New Testament material His carefully annotated images of coins draw readers in to a greater understanding of the material culture of the Greco Roman world and how this impacted upon the Greek language and the New Testament      **The No-nonsense Guide to Global Finance** Peter Stalker, 2009 The basic concepts of finance are

introduced and explained in this No Nonsense Guide Includes information on how money is created as well as how decisions by banking and other financial service corporations determine the fate of billions of people In today s turbulent economical climate this guide makes for essential reading *The Spanish Treasure Fleets* Timothy R Walton,2015-10-17 The story of the expeditions of Spanish explorers told through the history of the first American currency pieces of eight **The 75 Greatest Management Decisions Ever Made** Stuart Crainer,1999-10-22 The 75 Greatest Management Decisions Ever Made is a pithy compendium that celebrates pinnacles of decision making that have shaped management through the ages and left their indelible impressions on business and society *Textiles and Clothing Along the Silk Roads* China National Silk Museum,UNESCO,2022-10-05 Coinage and History in the North Sea World, c. AD 500-1250 Barrie Cook,Gareth Williams,2006-01-01 This is a themed volume of 28 papers written in honour of Marion Archibald It considers the role of coinage in northern Europe from the fall of the Western Roman Empire to the early thirteenth century Although the focus of the volume is the coinage itself the majority of the papers consider coinage in its historical and or archaeological context A recurrent theme of the volume is the movement of coinage across the English Channel and the North Sea and beyond Particular areas of focus include the importation and use of money in early Anglo Saxon England movement hoarding and secondary treatment of coinage during the Viking Age and monetary contacts between England and her neighbours under the Normans and Angevins The papers in this book provide an important range of perspectives in current numismatic research and will provide a valuable resource for scholars in a variety of disciplines with interests in the economy and society in northern Europe c 500 1250 *Archaeological Artefacts as Material Culture* Linda Hurcombe,2014-05-12 This book is an introduction to the study of artefacts setting them in a social context rather than using a purely scientific approach Drawing on a range of different cultures and extensively illustrated *Archaeological Artefacts and Material Culture* covers everything from recovery strategies and recording procedures to interpretation through typology ethnography and experiment and every type of material including wood fibers bones hides and adhesives stone clay and metals With over seventy illustrations with almost fifty in full colour this book not only provides the tools an archaeologist will need to interpret past societies from their artefacts but also a keen appreciation of the beauty and tactility involved in working with these fascinating objects This is a book no archaeologist should be without but it will also appeal to anybody interested in the interaction between people and objects *The History of Money* Jack Weatherford,1998-03-10 If you re interested in the revolutionary transformation of the meaning and use of money this is the book to read Charles R Schwab Cultural anthropologist Jack Weatherford traces our relationship with money from primitive man s cowrie shells to the electronic cash card from the markets of Timbuktu to the New York Stock Exchange *The History of Money* explores how money and the myriad forms of exchange have affected humanity and how they will continue to shape all aspects of our lives economic political and personal A fascinating book about the force that makes the world go round the dollars pounds francs marks bahts ringits kwanzas levs biplwelles yuans
