Booklist The Go-Go Years John Brooks, 1999-09-21 The Go Go Years The Go Go Years is not to be read in the usual manner of Wall Street classics You do not read this book to see our present situation reenacted in the past with only the names changed You read it because it is a wonderful description of the way things were in a different time and place From the Foreword by Michael Lewis The Go Go Years is the harrowing and humorous story of the growth stocks of the 1960s and how their meteoric rise caused a multitude of small investors to thrive until the devastating market crashes in the 1970s It was a time when greed drove the market and fast money was being made and lost as the go go stocks surged and plunged Included are the stories of such high profile personalities as H Ross Perot who lost 450 million in one day Saul Steinberg s attempt to take over Chemical Bank and the fall of America s Last Gatsby Eddie Gilbert Praise for The Go Go Years Those for whom the stock market is mostly a spectator sport will relish the book s verve color and memorable one liners New York Review of Books Please don t take The Go Go Years too much for granted as effortlessly as it seems to fly it is nonetheless an unusually complex and thoughtful work of social history New York Times Brooks s great contribution is his synthesis of all the elements that made the 1960s the most volatile in Wall Street history and making so much material easily digestible for the uninitiated Publishers Weekly Brooks is about the only writer around who combines a thorough knowledge of finance with the ability to perceive behind the dance of numbers high pure moral melodrama on the themes of possession domination and belonging Time **How to Survive and Prosper as an Artist, 5th Ed.** Carroll Michels, 2001-12 Covers public relations

exhibitions art dealers rejection grants other sources of income insurance resumes and motivation **How to Survive and Prosper as an Artist** Carol Michels, 2018-04-10 Michels explodes the romantic notion of the starving artist The New York Times Michels is a tough but compassionate advocate savvy in the ways of the world and the demands on artists in this materialistic society The Miami Herald Written for fine artists ready to launch their careers as well as experienced artists who wish to relaunch their careers How to Survive and Prosper as an Artist Seventh Edition an acclaimed guide empowers artists to take control of their careers to create a fulfilling life and earn a decent income In this newly revised edition Carol Michels continues to demystify the inner workings of the art world and challenge the status quo New chapters discuss such topics as New business models for artists Going to the extreme The use of social media and website development as marketing and publicity tools and what does and doesn't work The confusion between the art buying public and the general public and their differences New suggestions for establishing and calculating prices for artwork Neighborhood gentrification and the growing challenges of securing a reasonably priced live work space How dealers find artists how to negotiate with dealers and how to understand a dealer's agenda Using her own experiences as an artist as well as the experiences of her clients Michels crafts a must read guidebook for anyone interested in embarking upon a successful career as an artist
