Gentrifier opens up a new conversation about gentrification one that goes beyond the statistics and the clichés and examines different sides of a controversial deeply personal issue In this lively yet rigorous book John Joe Schlichtman Jason Patch and Marc Lamont Hill take a close look at the socioeconomic factors and individual decisions behind gentrification and their implications for the displacement of low income residents Drawing on a variety of perspectives the authors present interviews case studies and analysis in the context of recent scholarship in such areas as urban sociology geography planning and public policy As well they share accounts of their first hand experience as academics parents and spouses living in New York City San Diego Chicago Philadelphia and Providence With unique insight and rare candour Gentrifier challenges readers current understandings of gentrification and their own roles within their neighborhoods A foreword by Peter Marcuse opens the volume , **SHKI** T R Fenn,2023-01-16 The battered snow covered body of a woman is found on the banks of the Ottawa River across from the Parliament Buildings launching a complex investigation led by Sergeant John Bass and Coroner Gen Simone Discovered next to the body is a bag of unrefined gold worth almost 800 000 As layers of mystery are peeled back John and Gen realize there is a deeper question at the heart of this story one involving the extinct Beothuk peoples of Newfoundland one that if answered could reveal stunning truths about Canada's colonial history and the future outcomes of climate change The dead woman is presumed to be Anouk Demas a government Director Soon after her body is released to her sister Alice Demas new information comes to light but by this time the corpse has gone missing sending John and Gen on a breathless race through Canada's eastern provinces involving all levels of government and law enforcement Unless John and Gen can solve the puzzle in time the Demas sisters secret and an essential historical truth will be lost forever At once a mystery thriller a sociopolitical inquiry an exploration of romance friendship and teamwork and a celebration of Indigenous cultures and the natural world SKHI surprises at every twist right up until its astonishing conclusion **Immortal Longings** Erin Eldridge,2014-06-18 Immortal Longings was conceived as a gentle love story It tells the story of John Ryan a talented young detective with the Seattle Police who is searching for his soul mate and finds her in the daughter of one of Seattle's richest families Almost immediately their love for each other confronts challenges that test them sorely The theme of the book is about facing and overcoming obstacles through the power of love **Shortage and Famine in the Late Medieval Crown of Aragon** Adam Franklin-Lyons,2025-03-18 In the late fourteenth century the medieval Crown of Aragon experienced a series of food crises that created conflict and led to widespread starvation Adam Franklin Lyons applies contemporary understandings of complex human disasters vulnerability and resilience to explain how these famines occurred and to describe more accurately who suffered and why Shortage and Famine in the Late Medieval Crown of Aragon details the social causes and responses to three events of varying magnitude that struck the western

Mediterranean the minor food shortage of 1372 the serious but short lived crisis of 1384 85 and the major famine of 1374 76 the worst famine of the century in the region Shifts in military action international competition and violent attempts to control trade routes created systemic panic and widespread starvation which in turn influenced decades of economic policy social practices and even the course of geopolitical conflicts such as the War of the Two Pedros and the papal schism in Italy Providing new insights into the intersecting factors that led to famine in the fourteenth century Mediterranean this deeply researched convincingly argued book presents tools and models that are broadly applicable to any historical study of vulnerabilities in the human food supply It will be of interest to scholars of medieval Iberia and the medieval Mediterranean as well as to historians of food and of economics
