Simon Robbins

Monkey Business The Memoirs Of General Sir Cecil Blacker:

Monkey Business Sir Cecil Blacker, 1993 *British Generalship on the Western Front 1914-1918* Simon Robbins, 2004-12-17 This book explores how British Army learnt from the pyrrhic victories of 1915-17 and developed the new tactics, leadership and doctrine of combined arms to overcome the tactical stalemate hitherto bedevilling Allied offensives to defeat the

The British Way in Counter-Insurgency, 1945-1967 David French, 2011-09-29 The claim by the Ministry of Defence in 2001 that the experience of numerous small wars has provided the British Army with a unique insight into this demanding form of conflict unravelled spectacularly in Iraq and Afghanistan. One important reason for that, David French suggests, was because contemporary British counter-insurgency doctrine was based upon a serious misreading of the past. Until now many observers believed that during the wars of decolonisation in the two decades after 1945 the British had discovered how western liberal notions of right and wrong could be made compatible with the imperatives of waging war amongst the people: that force could be used effectively but with care and that a more just and prosperous society could emerge from these struggles. By using only the minimum necessary force and doing so with the utmost discrimination the British were able to win by securing the hearts and minds of the people. But this was a serious distortion of actual British practice on the ground. David French's main contention is that the British hid their use of naked force behind a carefully constructed veneer of legality. In reality they commonly used wholesale coercion including cordon and search operations, mass detention without trial, forcible population resettlement and the creation of free fire zones to intimidate and lock down the civilian population. The British waged their counter-insurgency campaigns by being nasty, not nice to the people. The British Way in Counter-Insurgency is a seminal reassessment of the historical foundation of British counter-insurgency doctrine and practice.

Uncivil War Huw Bennett, 2023-10-05 When Operation Banner was launched in 1969, civil war threatened to break out in Northern Ireland and spread over the Irish Sea. *Uncivil War* reveals the full story of how the British army acted to save Great Britain from disaster during the most violent phase of the Troubles but in so doing condemned the people of Northern Ireland to protracted grinding conflict. Huw Bennett shows how the army's ambivalent response to loyalist violence undermined the prospects for peace and heightened Catholic distrust in the state. British strategy consistently underestimated community defence as a reason for people joining or supporting the IRA whilst senior commanders allowed the army to turn in on itself, hardening soldiers to the suffering of ordinary people. By 1975 military strategists considered the conflict unresolvable: the army could not convince Catholics or Protestants that it was there to protect them and settled instead for an unending war.

Debs at War Anne de Courcy, 2012-12-20 An extraordinary account from firsthand sources of upper class women and the active part they took in the War. Pre-war debutantes were members of the most protected, not to say isolated stratum of 20th century society: the young 17-20 unmarried daughters of the British upper classes. For most of them the war changed all that for ever. It meant independence and the shock of the new and daily exposure to customs and

attitudes that must have seemed completely alien to them For many the almost military regime of an upper class childhood meant they were well suited for the no nonsense approach needed in wartime This book records the extraordinary diversity of challenges shocks and responsibilities they faced as chauffeurs couriers ambulance drivers nurses pilots spies decoders factory workers farmers land girls as well as in the Women s Services How much did class barriers really come down Did they stick with their own sort And what about fun and love in wartime did love cross the class barriers **Military**

Identities David French,2005-07-07 The regimental system has been the foundation of the British army for three hundred years but has been repeatedly reinvented to suit the changing roles that were forced upon the army Based upon extensive primary research this is the first book to strip away the myths that have been deliberately manufactured to justify or to condemn the system **Army, Empire, and Cold War** David French,2012-01-26 David French explores Britain s post war defence policy placing the army centre stage He sheds new light on this critical period by drawing from a range of primary sources and explains why we should remember the forgotten post war British army **National Service** Richard

Vinen,2014-08-28 SUNDAY TIMES BOOKS OF THE YEAR and FINANCIAL TIMES BOOKS OF THE YEAR 2014 WINNER OF THE TEMPLER MEDAL AND THE WOLFSON HISTORY PRIZE Sunday Times Top 10 Bestseller Richard Vinen s new book is a serious if often very entertaining attempt to get to grips with the reality of National Service an extraordinary institution which now seems as remote as the British Empire itself With great sympathy and curiosity Vinen unpicks the myths of the two gap years which all British men who came of age between 1945 and the early 1960s had to fill with National Service Millions of teenagers were thrown together and under often brutal conditions taught to obey orders and to fight The luck of the draw might result in two years of boredom in some dilapidated British barracks but it could also mean being thrown into a dangerous combat mission in a remote part of the world By any measure National Service had a huge impact on the nature of British society and yet it has been remarkably little written about As the military s needs wound down and Britain ceased to be a great power National Service came to be seen as just an embarrassment and its culture of rank and discipline something which many British people were by the 1960s running away from But without a proper understanding of National Service the story of post war Britain barely makes sense Richard Vinen provides that missing book It will be fascinating to those who endured or even enjoyed their time in uniform but also to anyone wishing to understand the unique nature of post war Britain **Royal Historical Society Annual Bibliography of British and Irish History** Austin Gee,2001-10-18 The

Royal Historical Society s Annual Bibliography of British and Irish History provides a comprehensive and authoritative survey of books and articles published in a single calendar year It covers all periods of British and Irish history from Roman Britain to the end of the twentieth century and also includes a section on imperial and commonwealth history It is the most complete and up to date bibliography of its type and an indispensable tool for historians **Air University Library Index to Military**

Periodicals ,1994 The British National Bibliography Arthur James Wells,1995 **Whitaker's Books in Print** ,1998
