Monks And White Dwarfs Science And The Mystical:

The Close Encounters Man Mark O'Connell, 2017-06-13 Meet the astronomer who invented the concept of Close Encounters with aliens inspired a classic sci fi film and made a nation want to believe in UFOs In June 1947 private pilot Kenneth Arnold looked out his cockpit window and saw a group of nine silvery crescents weaving between the peaks of the Cascade Mountains at an estimated 1 200 miles an hour The media the military and the scientific community led by J Allen Hynek an astronomer hired by the Air Force debunked this and many other Unidentified Flying Object sightings reported across the country But after years of denials Hynek made a shocking pronouncement UFOs are real Thirty years after his death Hynek's agonizing transformation from skeptic to true believer remains one of the great misunderstood stories of science In this definitive biography Mark O'Connell reveals for the first time how Hynek's work both as a celebrated astronomer and as the U S Air Force's go to UFO expert for nearly twenty years stretched the boundaries of modern science laid the groundwork for acceptance of the possibility of UFOs and was the basis of the hit film Close Encounters of the Third Kind With unprecedented access to Hynek's personal and professional files O'Connell smashes conventional wisdom to reveal the intriguing man and scientist behind the legend Tracing Hynek's career O'Connell examines his often ignored work as a professional astronomer to create a complete portrait of a groundbreaking enthusiast who became an American cult icon and transformed the way we see our world and our universe Scholastic and casual readers will find this fact packed biography informative and enjoyable highly recommended for school science departments Library Journal

The Black Monk, and Other Stories Anton Pavlovich Chekhov, 2019-11-21 In The Black Monk and Other Stories Anton Pavlovich Chekhov presents a masterful collection that delves into the complexities of the human psyche exploring themes of existentialism madness and the interplay between reality and illusion Through a concise yet evocative literary style characterized by subtle symbolism and rich character development Chekhov highlights ordinary lives marked by extraordinary struggles This anthology steeped in the socio political environment of late 19th century Russia echoes the turbulent transition from traditional norms to modern existential quests embodying the essence of the literary realism movement Chekhov a physician by profession channels his acute observations from daily life into his writing allowing him to explore the inner turmoils of his characters with unparalleled insight His works often reflect the struggles between personal desires and societal expectations influenced by his own experiences of pervasive melancholy and the human condition The Black Monk stands out as a poignant exploration of madness paralleling Chekhov's own introspective battles and commitment to portraying the intricacies of human experience with nuance This compelling collection is highly recommended for readers seeking profound narratives that challenge the boundaries of perception and offer insight into the depths of human emotion Chekhov's timeless tales resonate with a universal audience inviting reflection on the fragility of sanity the nature of truth and the shadows that dwell within us all
