Monks Reflection Hardback A View From The Dome:

Monk's Reflections Edward A. Malloy, 2009-01-01 I am excited to have this opportunity to share some of my experiences and considered reflections I hope to provide some sense of what the world looks like from my desk as the president of Notre Dame Father Edward Malloy The book falls into three parts The University President in which Father Malloy explains the president's role Academia and the Life of the Mind in which he examines the practices of teaching and scholarship in the contemporary university setting and The Collegiate World in which he comments on the nonacademic facets of college life including athletics residentiality and religion Father Malloy writes in a warm personable tone often touching on his own life experiences He is not afraid to voice strong opinions but he does so in a compassionate manner that speaks well of him both as a priest and a president and that makes for an eminently readable book Notre Dame alumni are among the most dedicated and loyal in America and will enjoy reading about Father Malloy's experiences *Spaces of Spirituality* Nadia Bartolini, Sara MacKian, Steve Pile, 2018-02-15 Spirituality is too often subsumed under the heading of religion and treated as much the same kind of thing Yet spirituality extends far beyond the spaces of religion The spiritual makes geography strange challenging the relationship between the known and the unknown between the real and the ideal and prompting exciting possibilities for charting the ineffable spaces of the divine which lie somehow beyond geography In setting itself that task this book pushes the boundaries of geographies of religion to bring into direct focus questions of spirituality By seeing religion through the lens of practice rather than as a set of beliefs geographies of religion can be interpreted much more widely bringing a whole range of other spiritual practices and spaces to light The book is split into three sections each contextualised with an editor's introduction to explore the spaces of spiritual practice the spiritual production of space and spiritual transformations This book intends to open up new questions and approaches through the theme of spirituality pushing the boundaries on current topics and introducing innovative new ideas including esoteric or radical spiritual practices This landmark book not only captures a significant moment in geographies of spirituality but acts as a catalyst for future work **The Publishers Weekly**, 1962 *A Mirror for Monks* Louis de Blois, 1901
