*B[X Fantasy Roleplay* J Alexander Lloyd, 2016-08-04 BX Fantasy Roleplay is the ultimate B X emulator Based on the 1981 B X rules edited by Tom Moldvay Dave Cook and Steve Marsh this booklet consolidates the Basic and Expert Sets into one easy to use booklet So buy a backpack light a torch steady your steed and wield the BXFRP rules for an action pack exciting evening of fun and adventure old school style

*Hit Makers* Derek Thompson, 2018-02-06 Enthralling full of aha moments about why some ideas soar and others never get off the ground This book picks up where *The Tipping Point* left off Adam Grant Nothing goes viral If you think a popular movie song or app came out of nowhere to become a word of mouth success in today's crowded media environment you're missing the real story Each blockbuster has a secret history of power influence dark broadcasters and passionate cults that turn some new products into cultural phenomena Even the most brilliant ideas wither in obscurity if they fail to connect with the right network and the consumers that matter most aren't the early adopters but rather their friends followers and imitators the audience of your audience In his groundbreaking investigation Atlantic senior editor Derek Thompson uncovers the hidden psychology of why we like what we like and reveals the economics of cultural markets that invisibly shape our lives Shattering the sentimental myths of hit making that dominate pop culture and business Thompson shows quality is insufficient for success nobody has good taste and some of the most popular products in history were one bad break away from utter failure It may be a new world but there are some enduring truths to what audiences and consumers want People love a familiar surprise a product that is bold yet sneakily recognizable Every business every artist every person looking to promote themselves and their work wants to know what makes some works so successful while others disappear *Hit Makers* is a magical mystery tour through the last century of pop culture blockbusters and the most valuable currency of the twenty first century people's attention From the dawn of impressionist art to the future of Facebook from small Etsy designers to the origin of Star Wars Derek Thompson leaves no pet rock unturned to tell the fascinating story of how culture happens and why things become popular In *Hit Makers* Derek Thompson investigates What Taylor Swift the printing press and the laugh track have in common The secret link between ESPN's sticky programming and the The Weeknd's catchy choruses How advertising critics predicted Donald Trump The 5th grader who accidentally launched *Rock Around the Clock* the biggest hit in rock and roll history How Barack Obama and his speechwriters think of themselves as songwriters How Disney conquered the world but the future of hits belongs to savvy amateurs and individuals The French collector who accidentally created the Impressionist canon Quantitative evidence that the biggest music hits aren't always the best Why almost all Hollywood blockbusters are sequels reboots and adaptations Why one year 1991 is responsible for the way pop music sounds today Why another year 1932 created the business model of film How data scientists proved that going viral is a myth How 19th century immigration patterns explain the most heard song in the Western Hemisphere

Introducing HTML5 Game Development Jesse Freeman, 2012 Summary Step by step

guide to creating a 2D game using Impact the JavaScript game framework that works with HTML5's Canvas element **Hit Men** Fredric Dannen, 2011-09-14 Copiously researched and documented Hit Men is the highly controversial portrait of the pop music industry in all its wild ruthless glory the insatiable greed and ambition the enormous egos the fierce struggles for profits and power the vendettas rivalries shakedowns and payoffs Chronicling the evolution of America's largest music labels from the Tin Pan Alley days to the present day Fredric Dannen examines in depth the often venal sometimes illegal dealings among the assorted hustlers and kingpins who rule over this multi billion dollar business Updated with a new last chapter by the author **Morrissey FAQ** D. McKinney, Morrissey, 2015-04-01 FAQ No one can argue that Morrissey is one of the best lyricists and charismatic front men in music history But people love to argue about other things his mysterious personal life his pompous attitude and the history and meaning behind his biggest hits Morrissey FAQ will put to rest any questions and doubts about the singer known around the world for his meaningful lyrics and biting wit Readers will also learn about his passions his weaknesses the people who love him the people who hate him and the people who want to be him Not since Elvis have fans been so obsessed with a singer they fight with each other at concerts they rush and tackle him onstage they dress and act like him and they even build shrines dedicated to him Liking Morrissey isn't just liking his music it's a way of life Morrissey is known for his over the top lyrics his stage antics his philosophies and his whining But after reading this book and digging deeper into the brooding mystique that is Morrissey you'll also start whining for more Moz **Beyond Memory** Max Mojapelo, 2008 South Africa possesses one of the richest popular music traditions in the world from marabi to mbaqanga from boeremusiek to bubblegum from kwela to kwaito Yet the risk that future generations of South Africans will not know their musical roots is very real Of all the recordings made here since the 1930s thousands have been lost for ever for the powers that be never deemed them worthy of preservation And if one peruses the books that exist on South African popular music one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed Yet the fault lies not with them rather in the fact that there has been precious little documentation in South Africa of who played what or who recorded what with whom and when This is true of all music making in this country though it is most striking in the musics of the black communities **Beyond Memory Recording the History Moments and Memories of South African Music** is an invaluable publication because it offers a first hand account of the South African music scene of the past decades from the pen of a man Max Thamagana Mojapelo who was situated in the very thick of things thanks to his job as a deejay at the South African Broadcasting Corporation This book astonishing for the breadth of its coverage is based on his diaries on interviews he conducted and on numerous other sources and we find in it not only the well known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries **The New Generation of Country Music Stars** David Dicaire, 2014-11-21 This book highlights 50 of the most important entertainers

in contemporary country music providing a brief biography of each artist with special emphasis on experiences that influenced their musical careers The artists are divided into five categories The New Traditionalists artists such as George Strait Reba McEntire and Clint Black who established the mainstream country sound in the 1980s Alternative Country artists such as Steve Earle and Bela Fleck who made country music on their own terms Groups ensemble acts such as Alabama the Dixie Chicks and Rascal Flatts that have carried on the traditions of the Carter Family and other prominent groups of the 1920s and 1930s Country Pop artists such as Garth Brooks and Shania Twain who firmly established the countrypolitan sound as the cash cow of Nashville and New Country the next generation of country pop artists with particular attention paid to international megastars such as Keith Urban and teen sensations including LeAnn Rimes and Taylor Swift Unstrung Heroes Pete Braidis,2016-06-28 Interviews with 50 guitar players you ve no doubt heard but may not know by name Guitar players from pop to jazz to heavy metal and folk from the 1960s to the present day An insider s look behind the scenes of some of the greatest music ever recorded You're Only as Good as Your Next One Mike Medavoy,2013-06-25 An under read and engaging show biz memoir The New Yorker If I had a talent for anything it was a talent for knowing who was talented Mike Medavoy is a Hollywood rarity a studio executive who though never far from controversy has remained well loved and respected through four decades of moviemaking What further sets him apart is his role in bringing to the screen some of the most acclaimed Oscar winning films of our time Apocalypse Now One Flew Over the Cuckoo s Nest Amadeus The Silence of the Lambs Philadelphia and Sleepless in Seattle are just some of the projects he green lighted at United Artists Orion TriStar his own Phoenix Pictures The ultimate lose lose situation for a studio executive to wind up with a commercial bomb and a bad movie Of course there are the box office disasters and the films as Medavoy says for which I should be shot They too have a place in his fascinating memoir a pull no punches account of financial and political maneuvering and of working with the industry s brightest star power including Steven Spielberg Martin Scorsese Francis Ford Coppola Kevin Costner Robert De Niro Jodie Foster Sharon Stone Michael Douglas Meg Ryan and countless others Putting together the elements of a film is a succession of best guesses Medavoy speaks out on how movie studio buyouts have stymied the creative process and brought an end to the hands off golden age of filmmaking An eyewitness to Hollywood history in the making he gives a powerful and poignant view of the past and future of a world he knows intimately *What a Difference a Day Makes* Steve Bergsman,2023-10-30 In *What a Difference a Day Makes* Women Who Conquered 1950s Music Steve Bergsman highlights the Black female artists of the 1950s a time that predated the chart topping girl groups of the early 1960s Many of the singers of this era became wildly famous and respected and even made it into the Rock n Roll Hall of Fame However there were many others such as Margie Day Helen Humes Nellie Lutcher Jewel King and Savannah Churchill who made one or two great records in the 1950s and then disappeared from the scene The era featured former jazz and blues singers who first came to prominence in the 1940s and others who pioneered early forms of rock n roll In a companion volume Bergsman

has written the history of white women singers of the same era Although song styles were parallel the careers of Black and white female singers of the period ran in very different directions as the decade progressed The songs of African American vocalists like Dinah Washington and Etta James were segregated to the R B charts or covered by pop singers in the early and mid 1950s but burst into prominence in the last part of the decade and well into the 1960s White singers on the other hand excelled in the early 1950s but saw their careers decline with the advent of rock music In this volume Bergsman takes an encyclopedic look at both the renowned and the sadly faded stars of the 1950s placing them and their music back in the spotlight

**Research Methods in Language Acquisition** Barbara Lust,Maria Blume,2016-11-07 Language acquisition research is challenging the intricate behavioral and cognitive foundations of speech are difficult to measure objectively The audible components of speech however are quantifiable and thus provide crucial data This practical guide

synthesizes the authors decades of experience into a comprehensive set of tools that will allow students and early career researchers in the field to design and conduct rigorous studies that produce reliable and valid speech data and interpretations The authors thoroughly review specific techniques for obtaining qualitative and quantitative speech data including how to tailor the testing environments for optimal results They explore observational tasks for collecting natural speech and experimental tasks for eliciting specific types of speech Language comprehension tasks are also reviewed so researchers can study participants interpretations of speech and conceptualizations of grammar Most tasks are oriented towards children but special considerations for infants are also reviewed as well as multilingual children Chapters also provide strategies for transcribing and coding raw speech data into reliable data sets that can be scientifically analyzed Furthermore they investigate the intricacies of interpretation so that researchers can make empirically sound inferences from their data and avoid common pitfalls that can lead to unscientific conclusions
