Montana Gold Rush Diary Of Kate Dunlap:

The Montana Gold Rush Diary of Kate Dunlap Kate Dunlap, 1969 *Perilous Passage* Edwin Ruthven Purple, 1995 In 1862 Edwin Ruthven Purple seized the chance to strike it rich in the newly discovered goldfields of the northern Rocky Mountains With an introduction and thorough annotations by Kenneth N Owens *Perilous Passage* offers Purple s never before published first person narrative On hand for the crimes that led to vigilante justice Purple chronicled the story of a raucous sometimes murderous life among bonanza miners **Westering Women and the Frontier Experience, 1800-1915** Sandra L. Myres, 1982 Contains letters journals and reminiscences showing the impact of the frontier on women s lives and the role of women in the West Journeys to the Land of Gold Susan Badger Doyle, 2000 Collected here for the first time ever are the surviving eyewitness accounts of the Bozeman s Trail s civilian emigrants twenty four diaries written during the journey and nine reminiscences prepared afterward These accounts describe life on the West s last great emigrant trail the shortcut from the Platte River Road to the Montana goldfields from 1863 until 1866 when the route was closed by Red Cloud s War Ample introductions extensive annotation historical illustrations and detailed maps enrich this oversized two volume compendium *Montana* Michael P. Malone, Richard B. Roeder, William L. Lang, 1991 *Montana A History of Two Centuries* first appeared in 1976 and immediately became the standard work in its field In this thoroughgoing revision William L Lang has joined Michael P Malone and Richard B Roeder in carrying forward the narrative to the 1990s Fully twenty percent of the text is new or revised incorporating the results of new research and new interpretations dealing with pre history Native American studies ethnic history women s studies oral history and recent political history In addition the bibliography has been updated and greatly expanded new maps have been drawn and new photographs have been selected Growing Up with the Country Elliott West, 1989-09 This illustrated study shows how frontier life shaped children s character **The Frontiers of Women's Writing** Brigitte Georgi-Findlay, 2022-05-10 Although the myth of the American frontier is largely the product of writings by men a substantial body of writings by women exists that casts the era of western expansion in a different light In this study of American women s writings about the West between 1830 and 1930 a European scholar provides a reconstruction and new vision of frontier narrative from a perspective that has frequently been overlooked or taken for granted in discussions of the frontier Brigitte Georgi Findlay presents a range of writings that reflects the diversity of the western experience Beginning with the narratives of Caroline Kirkland and other women of the early frontier she reviews the diaries of the overland trails letters and journals of the wives of army officers during the Indian wars professional writings focusing largely on travel by women such as Caroline Leighton from the regional publishing cultures that emerged in the Far West during the last quarter of the century and late nineteenth and early twentieth century accounts of missionaries and teachers on Indian reservations Most of the writers were white literate women who asserted their own kind of cultural authority over the lands and people they encountered Their accounts are not only set in relation to a masculine

frontier myth but also investigated for clues about their own involvement with territorial expansion By exploring the various ways in which women writers actively contributed to and at times rejected the development of a national narrative of territorial expansion based on empire building and colonization the author shows how their accounts are implicated in expansionist processes at the same time that they formulate positions of innocence and detachment Georgi Findlay has drawn on American studies scholarship feminist criticism and studies of colonial discourse to examine the strategies of women s representation in writing about the West in ways that most theorists have not She critiques generally accepted stereotypes and assumptions both about women s writing and its difference of view in particular and about frontier discourse and the rhetoric of westward expansion in general as she offers a significant contribution to literary studies of the West that will challenge scholars across a wide range of disciplines
