Montana Justice Power Punishment And The Penitentiary:

Montana Justice Keith Edgerton,2004-07 Since the days of the Wild West Montanans have struggled to be tough on crime with limited resources this social history of the Montana penitentiary focuses on its early days under a corrupt warden

Montana Justice Keith Edgerton,2011-10-01 Since the days of the wild West Montanans have struggled to be tough on crime with limited resources During Montana s early territorial years criminal justice was almost nonexistent a few towns had inadequate and chronically overcrowded jails occasional prisoners were sent east to the federal penitentiary in Detroit and vigilantes summarily dealt with others suspected of crimes In 1871 the federal government funded a penitentiary in Deer Lodge that was turned over to Montana when it achieved statehood in 1889 In this absorbing book Keith Edgerton provides a social history of the Montana Penitentiary with a primary focus on its early formative years After statehood Montana leased its penitentiary to contractors who utilized cheap inmate labor to turn a profit for themselves and for the state Warden Frank Conley became a regional political boss and amassed a personal fortune using inmates for road construction and a variety of public and private projects Eventually charges of corruption led to his ouster by Governor Joseph M Dixon and sparked a trial and heated controversy that resulted in Dixon s political downfall After 1921 the prison system came under full control of the state government Although there were changes at the penitentiary during the rest of the twentieth century and two full scale riots in the 1950s there was also a depressing repetition of corruption neglect and underfunding *Montana: A Cultural*

The Punishment Response Graeme Newman,2017-07-28 Punishment occupies a central place in our lives and attitudes

We suffer a profound ambivalence about its moral consequences. Persons who have been punished or are liable to be punished have long objected to the legitimacy of punishment. We are all objects of punishment yet we are also its users. Our ambivalence is so profound that not only do we punish others but we punish ourselves as well. We view those who submit too willingly to punishment as obedient, verging on the groveling coward, and we view those who resist punishment as disobedient rebels.

In *The Punishment Response*, Graeme Newman describes the uses of punishment and how these uses change over time. Some argue that punishment promotes discrimination and divisiveness in society. Others claim that it is through punishment that order and legitimacy are upheld. It is important that punishment is understood as neither one nor the other; it is both. This point, simple though it seems, has never really been addressed. This is why Newman claims we wax and wane in our uses of punishment: why punishing institutions are clogged by bureaucracy; why the death penalty comes and goes like the tide. Graeme Newman emphasizes that punishment is a cultural process and also a mechanism of particular institutions, of which criminal law is but one. Because academic discussions of punishment have been confined to legalistic preoccupations, much of the policy and justification of punishment have been based on discussions of extreme cases. The use of punishment in the sphere of crime is an extreme unto itself since crime is a minor aspect of daily life. The uses of punishment and the moral justifications for punishment within the family and school have rarely been considered, certainly not to the exhaustive extent that criminal law has been in this outstanding work.
