Selcer, 2004 Saloons barrooms honky tonks or watering holes by whatever name they are part of the mythology of the American West and their stories are cocktails of legend and fact as Richard Selcer David Bowser Nancy Hamilton and Chuck Parsons demonstrate in these entertaining and informative accounts of four legendary Texas establishments In most Western communities the first saloon was built before the first church and the drinking establishments far outnumbered the religious ones Beyond their obvious functions saloons served as community centers polling places impromptu courtrooms and public meeting halls The authors of this volume discuss both the social and operational aspects of the businesses who the owners were what drinks were typically served the democratic ethos that reigned at the bars the troubling issues of social segregation by race and gender within each establishment and the way order was maintained if it was at all Here the spotlight is thrown on four saloons that were legends in their day Jack Harris's Saloon and Vaudeville Theater in San Antonio Ben Dowell's Saloon in El Paso the Iron Front of Austin and the White Elephant of Fort Worth Together with architectural renderings of the floor plans and old photographs of the establishments and some of their more famous customers the history

of each is woven into the history of its city Fatal shootings are recounted and forms of entertainment are described with care and verve One of this book s most fascinating aspects is the sharp detail that brings to life the malodorous smoky interiors and the events that took place there Selcer and his co authors are experts on their respective watering holes They start with the origins of each establishment and follow their stories until the last drink was served and the places closed down for good There are stops along the way to consider the construction of the ornate bars the suppliers of the liquor served the attire of the gentlemen gamblers the variety of casino games that emptied men s pockets and more Through the wealth of detail and the animated narrative a crucial part of Texas Western heritage becomes immediately accessible to the present **Thirteen**

**Ways of Looking at a Black Man** Henry Louis Gates, Jr., 2011-06-08 This is a book of stories writes Henry Louis Gates and all might be described as narratives of ascent As some remarkable men talk about their lives many perspectives on race and gender emerge For the notion of the unitary black man Gates argues is as imaginary as the creature that the poet Wallace Stevens conjured in his poem Thirteen Ways of Looking at a Blackbird James Baldwin Colin Powell Harry Belafonte Bill T Jones Louis Farrakhan Anatole Broyard Albert Murray all these men came from modest circumstances and all achieved preeminence They are people Gates writes who have shaped the world as much as they were shaped by it who gave as good as they got Three are writers James Baldwin who was once regarded as the intellectual spokesman for the black community Anatole Broyard who chose to hide his black heritage so as to be seen as a writer on his own terms and Albert Murray who rose to the pinnacle of literary criticism There is the general turned political figure Colin Powell who discusses his interactions with three United States presidents there is Harry Belafonte the entertainer whose career has been distinct from his fervent activism there is Bill T Jones dancer and choreographer whose fierce courage and creativity have continued in the shadow of AIDS and there is Louis Farrakhan the controversial religious leader These men and others speak of their lives with candor and intimacy and what emerges from this portfolio of influential men is a strikingly varied and profound set of ideas about what it means to be a black man in America today
