the Company of Sages Greg Bogart,2015-01-30 Explains how to successfully navigate the process of initiation instruction testing and self transformation under the guidance of a spiritual teacher Explores how to approach a teacher for initiation and the importance of gauging your inner response and feeling of trust and resonance with the teacher Discusses the process of separating from a spiritual teacher and how to negotiate the emotional conflicts that can arise at this stage Shares the

author's experiences with several remarkable teachers and details lessons learned through testing and confronting doubts and fears. In the search for inner awakening and self realization a spiritual mentor can be key to advancement. Yet the process of finding an authentic spiritual teacher who resonates with you can be daunting especially for anyone who has had a negative experience with a guide. Exploring the emotional nuances of mentoring relationships Greg Bogart details the path of spiritual apprenticeship the process of aligning with a teacher establishing a dynamic spiritual practice and the later stages of separation and finding the teacher within. The author explores the importance of gauging your inner response and feeling of trust and resonance with a teacher and your readiness to receive initiation. He explains how the teacher student relationship affects the student's state of consciousness over time and how most students eventually need to become independent from their spiritual guides. Describing emotional conflicts that can arise at this stage he shows how wise teachers accept our need to separate and graduate while immature teachers try to thwart and control us. Openly sharing his own personal journey the author illustrates the lasting resonance of his encounters with several provocative spiritual mentors including Swami Muktananda and Dane Rudhyar. He discusses how some fierce teachers practice crazy wisdom to confront our doubts fears and fixations and to activate our dormant potentials. Examining practices in Hindu and Tibetan Buddhist Yoga Sufism and Jewish and Christian mysticism he also explores the deeper mystical aspects of the guru student relationship. The author shows how ultimately initiation leads the spiritual seeker to find the teacher within and how this can naturally lead to teaching others. Describing nine stages of the spiritual seeker's journey the author affirms that a direct path to self liberation is still attainable through initiation and instruction in the company of sages.

Teaching with the Wind

Michael Dallaire, 2011-11-16. *Teaching with the Wind* tackles the question Can education for a Canadian civic spirituality bridge the sometimes incommensurable worldviews of faith based schools and secular public schools. An affirmative answer is offered based on two foundations First that a national soul can be identified and thus serve as the content of spiritual education in Canada schools. Second that a reconstructed approach to the contemplation in action method found in world religions and philosophy can provide an appropriate pedagogy for Canadian spiritual education. This book argues that education for civic spirituality is of paramount importance as Canada continues its transition from a Judeo Christian and bicultural nation to a multi faith and multicultural nation within a secular democracy. It offers a direction that would enrich religious and secular education systems as well as Canada as a whole.

Meeting the Shadow on the Spiritual Path

Connie Zweig, 2023-05-23. A guide to rekindling spiritual inspiration after betrayal and disillusionment. Explains why we are drawn to charismatic leaders what we unconsciously give away to them and how to reclaim our inner spiritual authority. Explores how to recover from spiritual abuse or betrayal by a teacher or group including breaking free of denial projection and dependency using psychology and shadow work. Extends MeToo into the spiritual domain and tells the stories of contemporary clergy and spiritual leaders who acted out their shadows in destructive ways leaving their followers traumatized and lost. Within each of

us is a spiritual longing that prompts us to unite with something greater than ourselves to awaken to our unity with all of life Yet no matter the spiritual path we choose we inevitably encounter our own shadow those unconscious aspects of ourselves that we suppress or deny or the shadows of our teachers and their secret desires about money sex and power Meeting the shadow can derail the journey but according to Connie Zweig Ph D we can learn to recover from loss of faith and move from spiritual naivete to spiritual maturity Calling on us to expand our vision of religious and spiritual life and our vision of awakening to include the human shadow Zweig examines the yearning that sets us on the spiritual path showing how it can lead to ecstatic transcendent experiences or to terrible suffering by projecting it onto an authoritarian teacher priest or guru who abuses power She tells the stories of renowned teachers Sufi poet Rumi Hindu master Ramakrishna and Christian saint Catherine of Siena whose lives unfolded as they followed their spiritual yearning And she tells the cautionary tales of contemporary teachers of Buddhism Hinduism and Catholicism who acted out their shadows in devastating ways leaving their followers traumatized and lost She explains how meeting the shadow is a painful but inevitable stage on the path to a more mature spirituality She describes how to use spiritual shadow work to separate from abusive teachers reclaim inner spiritual authority and heal from betrayal With guidance for both inspired and disillusioned seekers the author explores how to navigate the narrow path through the darkness toward the light rekindle the flame of longing and once again engage in fulfilling spiritual practice *The Theosophical Path* Katherine Augusta Westcott Tingley,1921 [The Seven Powers of Spiritual Evolution](#) Alba Ambert,2008-09-18 This book is a call to the heart for all those who are seeking a more profound and enduring connection to their spiritual selves It offers a springboard to move forward on a spiritual path based on an open and awakened heart It deftly combines information on the seven spiritual powers within us with meditations and practices that allow the reader to tap into these powers easily and effectively If you are ready to make the change from mind domination to heart guidance this book will help you make that shift ***Bookbuyers' Reference Book***,1993 [The Seven Initiations on the Spiritual Path](#) Michael Mirdad,2008-03-31 Michael Mirdad has written a book that can assist us all on the path to wholeness and help us live a life of balance and peace By using life s little lessons and tests also called initiations Dr Mirdad explains that as we learn we open our hearts and our souls connection to God becomes stronger As this happens we move closer to a more spiritual and enlightened life The seven basic initiations involve different parts of ourselves from our bodies minds emotions and spirit This book is not only to be read but experienced The message is to take those triumphs and tragedies of life and use them as pavers to continue to build our road to peace and happiness ***Six Stages on the Spiritual Path*** Ruth Whitney,2021-05-21 In Six Stages on the Spiritual Path we learn about spirituality and its stages as well as how spirituality helps to reduce our suffering and create more love Writings from ancient to contemporary mystics across the world provide us with practical and spiritual wisdom that will make our lives happier and more loving In the first stage on the mystic way children experience awe and wonder but they do not realize that this is a spiritual experience While all

indigenous people recognize awe as a mystical experience only some adults and most artists do When parents and religious leaders teach children about God they cause their spiritual growth to flourish or to become stunted at an elementary school level Awakening is an experience of the Divine that helps us realize that the Sacred Spirit is within us and loves us Awakening produces love for our neighbors and ourselves Then love nurtures more awakenings Illumination and union are deeper mystical experiences that the Holy One is not only within all of us and all of creation but also that we are within the ONE Illumination creates more love for all people and all the universe **Steps on the Path to Enlightenment** Lhundub Sopa,2004-06-15 Steps on the Path to Enlightenment The Foundation Practices marks the first volume of a much anticipated comprehensive commentary on the Lamrim Chenmo by the renowned Buddhist scholar Geshe Sopa This landmark commentary on what is perhaps the most elegant Tibetan presentation of the Buddhist path offers a detailed overview of Buddhist philosophy especially invaluable to those wanting to enact the wisdom of the Buddha in their lives In the Lamrim Chenmo Tsongkhapa explains the path in terms of the three levels of practitioners those of small capacity who seek happiness in future lives those of medium capacity who seek liberation from the cycle of suffering and those of great capacity who seek full enlightenment in order to benefit all beings This volume covers the topics common to the first level Tsongkhapa's explanations of the role of the teacher his exhortation to take the essence of human existence the contemplation of death and future lives and going for the refuge Given his vast knowledge and his experience in both Tibetan and Western contexts Geshe Sopa is the ideal commentator of this work for the modern student of Tibetan Buddhism
