German Idealism and the Jew Michael Mack,2013-11-01 In *German Idealism and the Jew* Michael Mack uncovers the deep roots of anti Semitism in the German philosophical tradition While many have read German anti Semitism as a reaction against Enlightenment philosophy Mack instead contends that the redefinition of the Jews as irrational oriental Others forms the very cornerstone of German idealism including Kant s conception of universal reason Offering the first analytical account of the connection between anti Semitism and philosophy Mack begins his exploration by showing how the fundamental thinkers in the German idealist tradition Kant Hegel and through them Feuerbach and Wagner argued that the human world should perform and enact the promises held out by a conception of an otherworldly heaven But their respective philosophies all ran aground on the belief that the worldly proved incapable of transforming itself into this otherworldly ideal To reconcile this incommensurability Mack argues philosophers created a construction of Jews as symbolic of the worldliness that hindered the development of a body politic and that served as a foil to Kantian autonomy and rationality In the second part

Mack examines how Moses Mendelssohn Heinrich Heine Franz Rosenzweig and Freud among others grappled with being both German and Jewish Each thinker accepted the philosophies of Kant and Hegel in varying degrees while simultaneously critiquing anti-Semitism in order to develop the modern Jewish notion of what it meant to be enlightened a concept that differed substantially from that of Kant Hegel Feuerbach and Wagner By speaking the unspoken in German philosophy this book profoundly reshapes our understanding of it *The Popes Against the Jews* David I. Kertzer, 2007-12-18 In this meticulously researched unflinching and reasoned study National Book Award finalist David I Kertzer presents shocking revelations about the role played by the Vatican in the development of modern anti-Semitism Working in long sealed Vatican archives Kertzer unearths startling evidence to undermine the Church's argument that it played no direct role in the spread of modern anti-Semitism In doing so he challenges the Vatican's recent official statement on the subject We Remember Kertzer tells an unsettling story that has stirred up controversy around the world and sheds a much needed light on the past

nationalistic ideal of Zionism Antisemitism A World History of Prejudice offers a clear and readable account of why antisemitism has featured so strongly in world history and provides extensive discussion of the issues that exist to this day Unlike most studies of the subject it does not focus exclusively on Christian antisemitism but explores the origins of Arab and organized Communist antisemitism and Nazi racism Brought right up to date with an exploration of how modern day antisemitism ought to be defined in order to combat it this revised edition is essential reading not only for history students and theologians but anyone interested in learning about why the Jews have been hated for so long *The Socialism of Fools?* William Brustein, Louisa Roberts, 2015-07-23 This study examines fully the role that the historic European left has played in developing and espousing anti Semitic views Roots of Hate William Brustein, 2003-10-13 William I Brustein offers the first truly systematic comparative and empirical examination of anti Semitism within Europe before the Holocaust Brustein proposes that European anti Semitism flowed from religious racial economic and political roots which became enflamed by economic distress rising Jewish immigration and socialist success To support his arguments Brustein draws upon a careful and extensive examination of the annual volumes of the American Jewish Year Books and more than 40 years of newspaper reportage from Europe s major dailies The findings of this informative book offer a fresh perspective on the roots of society s longest hatred **The Second Twentieth Century** Jean-Jacques Rosa, 2013-09-01 Jean Jacques Rosa offers an analysis of the grand cycle in social organization of the twentieth century showing how the transformation in communication and information technology has led to the downfall of the old political and corporate hierarchies He explains how today s explosion of freely available information is fueling the democratic free market revolution and reveals its universal contemporary consequences *The Souls of Jewish Folk* James M. Thomas, 2023-10 The Souls of Jewish Folk argues that late nineteenth century Germany s struggle with its Jewish question what to do with Germany s Jews served as an important and to date underexamined influence on W E B Du Bois s considerations of America s anti Black racism at the turn of the twentieth century Du Bois is well known for his characterization of the twentieth century s greatest challenge the problem of the color line This proposition gained prominence in the conception of Du Bois s *The Souls of Black Folk* 1903 which engages the questions of race racial domination and racial exploitation James M Thomas contends that this conception of racism is haunted by the specter of the German Jew In 1892 Du Bois received a fellowship for his graduate studies at the University of Berlin from the John F Slater Fund for the Education of Freedmen While a student in Berlin Du Bois studied with some of that nation s most prominent social scientists What *The Souls of Jewish Folk* asks readers to take seriously then is how our ideas and indeed intellectual work itself are shaped by and embedded within the nexus of people places and prevailing contexts of their time With this book Thomas examines how the major social political and economic events of Du Bois s own life including his time spent living and learning in a late nineteenth century Germany defined in no small part by its violent anti Semitism constitute the soil from which his most serious ideas about race racism and the global color line

sprang forth The Myth of the Jewish Race Alain F. Corcos, 2005 As a youth the author who had two Jewish grandparents was defined as a Jew by Vichy France his parents however refused to register the family as Jews In March 1944 Corcos and his brother fled to Spain and joined the Allied Forces in North Africa States that antisemites consider Jewishness to be inherited and to embody inferior evil traits This view is based on two false biological premises that there are pure races of humans and that some races are superior to others Rejects these premises by considering modern biology and Jewish history The latter indicates that the Jews cannot be a race due to their lack of sexual isolation diversity among Jews is a result of both intermarriage and proselytism Sees the Spanish limpieza de sangre statutes and the Inquisition as precursors of Nazi racism Observes that sometimes Jews have joined antisemites in accepting biological determinism Intermarriage in countries such as China India and the USA has led to considerable biological diversity among Jews and to the reduction of diversity between Jews and non Jews if such diversity existed at all Stresses that if antisemites have worried about contamination of their race by the Jews they have already missed the boat since Jews have mixed with non Jews for many centuries

Redeemer Nation Orrin Schwab, 2004 In this book Dr Orrin Schwab develops the concept of the modern technocratic state as part of a global technocratic culture and civilization The author argues that technocratic cultural and institutional forms were and are part of a collective script for Western culture The American script combined the scientific commercial and technological aspects of the Enlightenment with the radical 17th century Protestant belief in America as a new Zion In the twentieth century the synthesis of mission along with global technocratic knowledge and institutions created the Wilsonian liberal technocratic order As the principal agent and protector of the modern capitalist international system America the self defined Redeemer Nation has moved through the controlled anarchy of international relations from one war and crisis to the next confirmed in its self defined role and mission **Jewish Roots in Southern Soil** Marcie Cohen

Ferris, Mark I. Greenberg, 2006 A lively look at southern Jewish history and culture Disrupting Pathways to Genocide E. Murray, 2015-03-17 How does ideology in some states radicalise to such an extent as to become genocidal Can the causes of radicalisation be seen as internal or external Examining the ideological evolution in the Armenian genocide the Holocaust and during the break up of Yugoslavia Elisabeth Hope Murray seeks to answer these questions in this comparative work

Racism in Europe Neil MacMaster, 2017-03-08 The study of modern racism has tended to treat anti-Semitism and anti black racism as separate and unconnected phenomena This innovative study argues that a full understanding of the origins and development of racism in Europe after 1870 needs to examine the structure and interrelationships between the two dominant forms of prejudice Contrary to expectation anti black racism was not confined to the colonial maritime nations of western Europe but perpetrated even the rural societies of central and eastern Europe Likewise anti-Semitism could flourish even in the almost total absence of Jews MacMaster explores the conditions under which modern political movements faced with the crisis of modernity began to draw upon and mobilise the negative stereotypes that through the development of the

mass media had become almost universal features of popular culture By weaving together the changing spatial and temporal dimensions of anti Semitic and anti black prejudice the study provides a fresh and more global framework for understanding modern racism *Jousting with John* Adele Reinhartz, 2024-12-30 The Gospel of John is a book that tantalizes and disturbs in equal measure Its sublime imagery makes spirits soar Its positive portrayal of women such as the Samaritan woman the Bethany sisters and Mary Magdalene tickle the imagination when it comes to the roles of women in the early church Its disparagement of the Jews however reverberates through the long history of anti Judaism and antisemitism to this very day Adele Reinhartz has been one of the foremost interpreters of the Gospel of John for the past thirty years and more This volume contains a selection of her essays on the Fourth Gospel originally published from 1991 to 2020 The collection focuses on four major themes Essays on Gender consider the Gospel's portrayal of female characters its christological use of female imagery and the possibility of reading social history into or out of the Fourth Gospel Essays on the Jews explore the representation of the ioudaioi and respond to approaches employed by scholars to address the fraught question of anti Judaism The section on Method includes essays that apply different approaches such as trauma theory postcolonial theory and literary and rhetorical criticism to issues in Johannine studies The final section on Ethics considers ethics from two perspectives the ethical stance s that a reader brings to her reading of John and the question of whether the Gospel portrays Jesus as an ethical actor *The Norton Dictionary of Modern Thought* Alan Bullock, Stephen Trombly, 1999 Nearly four thousand entries cover terms in all disciplines contributed by experts in each field with suggestions for further reading [A Jewish Communist in Weimar Germany](#) Ralf Hoffrogge, 2017-07-10 Walter Benjamin derided Werner Scholem as a rogue in 1924 Josef Stalin referred him as a splendid man but soon backtracked and labeled him an imbecile while Ernst Th lmann chairman of the Communist Party of Germany KPD warned his followers against the dangers of Scholemism For the philosopher and historian Gershom Scholem however Werner was first and foremost his older brother The life of German Jewish Communist Werner Scholem 1895 1940 had many facets Werner and Gerhard later Gershom rebelled together against their authoritarian father and the atmosphere of national chauvinism engulfing Germany during World War I After inspiring his younger brother to take up the Zionist cause Werner himself underwent a long personal journey before deciding to join the Communist struggle Scholem climbed the party ladder and orchestrated the KPD's Bolshevisation campaign only to be expelled as one of Stalin's opponents in 1926 He was arrested in 1933 and ultimately murdered in the Buchenwald concentration camp seven years later This first biography of Werner Scholem tells his life story by drawing on a wide range of original sources and archive material long hidden beyond the Iron Curtain of the Cold War era First published in German by UVK Verlagsgesellschaft as *Werner Scholem eine politische Biographie 1895 1940* Konstanz 2014
