The Psychology of Golf Performance under Pressure Denise Hill, Jamie Barker, Karl Steptoe, 2023-10-13

The Psychology of Golf Performance under Pressure offers contemporary research informed information regarding the key psychological factors affecting golf development and performance under pressure. Through the authors' substantive expertise, all of whom are notable scholars and/or practitioners in the field of golf psychology, the text provides a highly accessible real world application of theory to practice through the provision of evidence based guidance regarding how to maximise golf performance under pressure. Golf is a sport that has embraced sport psychology with many of the highest ranked players in the world, male and female, openly working with a sport psychologist and advocating their importance. As a result, an increasing number of high profile practitioners are working full time within the sport around the world, encouraging trainee sport psychology practitioners to pursue their career within golf. Accordingly, there is an ever increasing demand for high quality information pertaining to the psychological demands of golf, the key psychological variables that affect golfing development and performance, and evidence based strategies which enable effective golf performance under pressure. This novel text provides a comprehensive portrayal of the psychological factors which enable effective golfing development and optimal performance under pressure. A theoretical review of the pertinent psychological factors followed by the practical application of theory for the provision of take home messages will ensure that this book is of value, interest and benefit for golfers, coaches, golf organisations and even the parents of golfers, alongside sport psychology scholars, students, practitioners and researchers alike.

Life Routes Roger Bullock, Sophie Wood, 2006-01-01

Life skills are key to improved outcomes for young people. Young people understand the benefit of negotiating skills, taking responsibility and problem solving but have difficulty putting them into practice. Life Routes offers practical ideas for helping young people develop their life skills. The Life Routes programme works in school and community settings to help young people, particularly those who are marginalised and vulnerable, develop the skills and confidence they need to achieve positive outcomes. This resource provides guidance, activities and worksheets that can be used with different sized groups in a range of settings. Life Routes is for practitioners who work with vulnerable young people aged 13 to 16 in a range of settings. The activities apply recognised active learning methods and are grounded in real life situations that young people tell us are relevant to their everyday lives.
