Patrick White's Fiction:

Patrick White's Fiction Carolyn Bliss, 1986-08-18 This study examines all eleven novels of Patrick White the great Australian writer and Nobel Prize winner It begins from the observation that major characters in his novels undergo a necessary redemptive or facilitating failure This failure paradoxically enables their success within the context of what White has called the overreaching grandeur which circumscribes human existence Evolution of this theme is traced through forty years of White's fiction from his first novel *Happy Valley* 1939 to his most recent work *The Twyborn Affair* 1979 Comprehensive in its scope this book is informed by a thorough knowledge of White's poetry plays short stories and autobiography as well as his novels It is also unique in stressing that White's world view derives from a distinctly Australian experience It thus links him to a country in which he is deeply rooted and to a heritage he continued to affirm

Dissociation and Wholeness in Patrick White's Fiction Laurence Steven, 1989-08-23 Patrick White is a man divided one part of him strives for permanence surety the ideal while knowing the contingent temporal realm he inhabits must inevitably undermine such striving The desire and the knowledge of its futility leads him into a misanthropic devaluation of human creative possibility and complementarily into the arbitrary use of imposed symbolic resolutions directed to an elect who can see It has been this part of White largely that criticism has been industrious in explicating if not in quite the terms I have used above But there is another part of White which **Patrick White's Fiction** William Walsh, 1977 *Patrick White's Fiction* Daniel Benor, 1977 Reading Corporeality in Patrick White's Fiction Bridget Grogan, 2019-03-25 In *Reading Corporeality in Patrick White's Fiction* An *Object Dictatorship of the Flesh* Bridget Grogan combines theoretical explication textual comparison and close reading to argue that corporeality is central to Patrick White's fiction shaping the characterization style narrative trajectories and implicit philosophy of his novels and short stories Critics have often identified a radical disgust at play in White's writing claiming that it arises from a defining dualism that posits the purity of the disembodied spirit in relation to the pollution of the material world Grogan argues convincingly however that White's fiction is far more complex in its approach to the body Modeling ways in which Kristevan theory may be applied to modern fiction her close attention to White's recurring interest in physicality and abjection draws attention to his complex questioning of metaphysics and subjectivity thereby providing a fresh and compelling reading of this important world author

Laden Choirs Peter Wolfe, 2014-07-15 In 1973 the Australian novelist Patrick White won the Nobel Prize for Literature the year that his great novel of family ties and change *The Eye of the Storm* was published and became a bestseller in America and Europe Yet White is still not widely known or read and few writers of today have provoked so many contradictory judgments Now Peter Wolfe has written the first book length study of the work of this brilliant and haunting novelist The study offers a subtle penetrating examination of White's style his skill in building narrative tension and also the depth and complexity reflected in his characterization which in his novels always dominates action Fittingly for a writer

whose novels bear the indelible stamp of Australia the study also examines White's psychological use of setting and the intense sense of place found in his work No other critical study of White covers such a broad range of his writing Peter Wolfe considers here the entire canon of the novels *The Tree of Man* *Voss* *The Vivisector* *The Eye of the Storm* *A Fringe of Leaves* and *The Twyborn Affair* White's most recent novel are all discussed White's themes and settings range from the power and immensity of the wilderness of the Australian outback to the dislocations wrought in traditional values by postwar industrialization and urban sprawl *Laden Choirs* makes accessible to an American audience a writer of the first rank whose work lies at the heart of modernist concerns Literary students and scholars who wish to explore the world of Patrick White will find this book an essential key

The Living and the Dead Patrick White, 1967 Paperback reprint in the Penguin Twentieth Century Classics series of the second novel by the Australian winner of the Nobel Prize for literature Set in London in the 1930s it portrays the complex rhythms of relationships within a family First published in 1941 The author's other novels include *The Tree of Man* and *The Eye of the Storm*

Patrick White's Fiction Carolyn Bliss, 1986

Patrick White Mark Williams, 1993 This critical study considers Patrick White's 12 published novels and traces the connections between his life and work The novels from *The Aunt's Story* to *Memoirs of Many in One* are considered in terms of a number of overlapping contexts White's ambivalence about sexuality nationality and modernity his evolving sense of the possibilities of the novel as a form and the continuing presence of the themes experiments and influences of the 1930s shaping his mature fiction

Voss Patrick White, 1957 Set in nineteenth century Australia *Voss* is White's best known book a sweeping novel about a secret passion between the explorer Voss and the young orphan Laura As Voss is tested by hardship mutiny and betrayal during his crossing of the brutal Australian desert Laura awaits his return in Sydney where she endures their months of separation as if her life were a dream and Voss the only reality Marrying a sensitive rendering of hidden love with a stark adventure narrative *Voss* is a novel of extraordinary power and virtuosity from a twentieth century master

Creating Communities Nourit Melcer-Padon,2018-05-15 How does historical reality interrelate with fiction And how much are readers themselves involved in the workings of fictional literature With innovative interpretations of various well known texts Nourit Melcer Padon introduces the use of literary masks and illustrates literature s engagement of its readers ethical judgement She promotes a new perception of literary theory and of connections between thinkers such as Iser Castoriadis Sartre Jung and Neumann The book offers a unique view on the role of the community in post existentialist modern cultural reality by emphasizing the importance of ritual practices in literature as a cultural manifestation

Exploring Suburbia Nathanael O'Reilly,2012 Exploring Suburbia is the first book length study of suburbia in Australian literature it addresses a long neglected and underexamined area within Australian literature and analyzes novels by some of Australia s most important writers from a new perspective in addition to examining novels previously neglected by critics This book provides new insights and perspectives on fourteen Australian novels several of which are canonical works that have been analyzed extensively by other scholars This study will lead to a reassessment of the novels and authors under discussion and prompt further research into suburbia in Australian literature It demonstrates that that the authors who have explored suburbia since 1961 have already moved Australian literature in a new direction away from the traditional focus on the bush and the city demonstrating that the literal and theoretical space between the city and the bush contains the most interesting and important engagements with contemporary Australian culture Exploring Suburbia is an important addition for collections in literature It will also be an excellent textbook for professors teaching courses on space and culture in literature It will also of course be an essential read for courses in Australian and international literature The
