Ethical Borders Bill Ong Hing, 2010-04-16 In his topical new book *Ethical Borders* Bill Ong Hing asks why do undocumented immigrants from Mexico continue to enter the United States and what would discourage this surreptitious traffic An expert on immigration law and policy Hing examines the relationship between NAFTA globalization and undocumented migration and he considers the policy options for controlling immigration He develops an ethical rationale for opening up the U S Mexican border as well as improving conditions in Mexico so that its citizens would have little incentive to migrate In *Ethical Borders* Hing insists that reforming NAFTA is vital to ameliorating much of the poverty that drives undocumented immigration and he points to the European Union s immigration and economic development policies as a model for North America Hing considers the world wide economic crisis and the social problems that attend labor migration into homogenous countries arguing for a spectrum of changes including stricter border enforcement and more effective barriers a path to citizenship for undocumented migrants or a guest worker program Hing also situates NAFTA and its effects in the larger and rapidly shifting context of globalization particularly the recent rise of China as the world s economic giant Showing how NAFTA s unforeseen consequences have been detrimental to Mexico Hing passionately argues that the United States is ethically bound to address the problems in a way that puts prosperity within the grasp of all North Americans **National Process Evaluation of Operation Weed and Seed** ,1996 **U.S. Border Patrol's**

as a case of increasing economic integration and liberalization along with growing immigration control the US Mexico Border and its history is put in a wider global context of similar developments elsewhere A companion website is available at www.routledge.com/textbooks/9780415996945 The Companion Website contains key U S government documents related to the boundary and immigration enforcement strategy reports from non partisan research entities and non governmental organizations that evaluate enforcement from a civil and human rights perspective and studies that investigate migrant deaths in the U S Mexico borderlands There are also photo essays including one related to deportations and another to California s Border Field State Park for which the site also includes historic photos and other resources Finally the site has links to websites from U S government agencies involved in boundary and immigrant policing to humanitarian and border migrant and human rights organizations
