THE HISTORY OF THE DECATUR, ILLINOIS POLICE DEPARTMENT: VOLUME 3 Mark Barthelemy, 2018-02-02

This third volume in the history of the Decatur Illinois police department series covers the first two decades of the twentieth century *Guidelines for Police Performance Appraisal, Promotion and Placement Procedures* Sidney Epstein, Richard S. Laymon, 1973 These guidelines are intended to provide instruction and guidance to police managers and supervisors concerned with carrying out personnel appraisal responsibilities Data used in developing the guidelines were gathered from a literature review covering performance appraisal promotion and placement functions as well as a survey of personnel procedures followed by over 200 police departments throughout the country While the emphasis here is on the patrolman position and his promotion either to corporal or sergeant or his transfer to a lateral position to investigations or technical support the guidelines are applicable to other police positions The three substantive areas covered in the guidelines include performance appraisal promotion and placement each section contains information on existing technologies and practices and specific recommendations for procedural improvements 7 figures and 14 references **Dictionary of Occupational**

equal representation should enable men and women in policing to be equally valued and rewarded for the work they perform but it has been repeatedly shown that due to the great deal of opposition to the entry of women into policing women worldwide have been unable to fully integrate into this largely male profession Gender stereotypes have impeded the progress of women in policing and have played an unfortunate role in discriminating and devaluing their work However women make a valuable contribution to policing and the recognition and nurturing of their skills presents an important challenge to police management The introduction to the volume reviews the status of women officers worldwide and the integration progress made to date The important twenty four articles chosen for inclusion in this book document the need for

women officers and describe the many barriers they face in being fully assimilated into policing This volume serves as a wake up call for police management to find ways to attract and retain women in the police force **The Police Journal** ,1922
