Art in Scotland 1650-1760

Patrons And Painters Art In Scotland 16501760

Christopher John Murray

Patrons And Painters Art In Scotland 1650-1760:

Patrons and Painters James Holloway, Scottish National Portrait Gallery, 1989

Scottish Society, 1707-1830

Christopher A. Whatley, 2000 This book challenges conventional wisdom and provides new insights into Scottish social and economic history Christopher A Whatley argues that the Union of 1707 was vital for Scottish success but in ways which have hitherto been overlooked He proposes that the central place of Jacobitism in the historiography of the period should be revised Comprehensive in its coverage the book is based not only on an exhaustive reading of secondary material but also incorporates a wealth of new evidence from previously little used or unused primary sources

Scottish Country Houses, 1600-1914 Ian Gow, 2019-07-30 No detailed description available for Scottish Country Houses 1600 1914 **A Companion to Nineteenth-Century Art** Michelle Facos, 2018-12-06 A comprehensive review of art in the first truly modern century A

Companion to Nineteenth Century Art contains contributions from an international panel of noted experts to offer a broad overview of both national and transnational developments as well as new and innovative investigations of individual art works artists and issues The text puts to rest the skewed perception of nineteenth century art as primarily Paris centric by including major developments beyond the French borders The contributors present a more holistic and nuanced understanding of the art world during this first modern century In addition to highlighting particular national identities of artists A Companion to Nineteenth Century Art also puts the focus on other aspects of identity including individual ethnic gender and religious The text explores a wealth of relevant topics such as the challenges the artists faced how artists learned their craft and how they met clients the circumstances that affected artist s choices and the opportunities they encountered and where the public and critics experienced art This important text Offers a comprehensive review of nineteenth century art that covers the most pressing issues and significant artists of the era Covers a wealth of important topics such as ethnic and gender identity certain general trends in the nineteenth century an overview of the art market during the period and much more Presents novel and valuable insights into familiar works and their artists Written for students of art history and those studying the history of the nineteenth century A Companion to Nineteenth Century Art offers a comprehensive review of the first modern era art with contributions from noted experts in the field *Living with Jacobitism, 1690-1788* Allan I. MacInnes, Lesley

Graham, Kieran German, 2015-10-06 For over seventy years after the Glorious Revolution of 1688 90 Jacobitism survived in the face of Whig propaganda These essays seek to challenge current views of Jacobite historiography They focus on migrant communities networking smuggling shipping religious and intellectual support mechanisms art architecture and identity

Scottish Art (Second) (World of Art) Murdo MacDonald, 2021-04-13 Accessible extensively researched and beautifully illustrated this updated volume by renowned scholar and author Murdo Macdonald sheds light on the history and cultural significance of Scottish art At a time when issues of Scottish identity are the subject of fierce debate Murdo Macdonald illuminates Scotland s artistic past and present in this classic text in the World of Art series Ranging from Neolithic standing

stones and the art of the Picts and Gaels to Reformation and Enlightenment art and major figures in the contemporary art scene Scottish Art explores the distinctive characteristics of Scottish art through the centuries It examines the cultural heritage and intricate patterns of Celtic design the importance of Highland and coastal landscapes long standing connections between French and Scottish artists and how each of these factors influenced the development of art in Scotland This new edition includes more than 200 full color images of Scottish art from prehistoric times to the present With masterpieces from artists such as Charles Rennie Mackintosh and Joan Eardley this book is a thorough authoritative and accessible introduction to Scottish art

The King's Artists : The Royal Academy of Arts and the Politics of British Culture 1760-1840 Holger Hock,2003-11-13 This is the story of the forging of a national cultural institution in late eighteenth and early nineteenth century Britain The Royal Academy of Arts was the dominant art school and exhibition society in London and a model for art societies across the British Isles and North America This is the first study of its early years re evaluating the Academy s significance in national cultural life and its profile in an international context Holger Hock reassesses royal and state patronage of the arts and explores the concepts and practices of cultural patriotism and the politicization of art during the American and French Revolutions By demonstrating how the Academy shaped the notions of an English and British school of art and influenced the emergence of the British cultural state he illuminates the politics of national culture and the character of British public life in an age of war revolution and reform

Heritage and Museums J.M. Fladmark,2015-11-17 Papers from the 1999 conference by the Museum of Scotland Aims to generate international comparison and debate about interpretation and presentation of heritage assets and to examine the role of museums in shaping national identity

Medieval Art, Architecture and Archaeology in the Dioceses of Aberdeen and Moray Jane Geddes,2016-04-14 Exploring the medieval heritage of Aberdeenshire and Moray the essays in this volume contain insights and recent work presented at the British Archaeological Association Conference of 2014 based at Aberdeen University The opening historical chapters establish the political economic and administrative context of the region looking at both the secular and religious worlds and include an examination of Elgin Cathedral and the bishops palaces The discoveries at the excavations of the kirk of St Nicholas which have revealed the early origins of religious life in Aberdeen city are summarized and subsequent papers consider the role of patronage Patronage is explored in terms of architecture the dramas of the Reformation and its aftermath highlighted through essentially humble parish churches assailed by turbulent events and personalities The collegiate church at Cullen particularly its tomb sculpture provides an unusually detailed view of the spiritual and dynastic needs of its patrons The decoration of spectacular ceilings both carved and painted at St Machar s Cathedral Provost Skene s House and Crathes Castle are surveyed through the eyes of their patrons and the viewers below Saints and religious devotion feature in the last four chapters focusing on the carved wooden panels from Fetteresso which display both piety and a rare glimpse of Scottish medieval carnal humour the illuminated manuscripts from Arbuthnott the Aberdeen Breviary and Historia

Gentis Scotorum The medieval artistic culture of north east Scotland is both battered by time and relatively little known With discerning interpretation this volume shows that much high quality material still survives while the lavish illustrations restore some glamour to this lost medieval world **The British Confederate** Allan I. MacInnes,2011-03-01 The interplay of roles of the Marquess of Argyll as clan chief Scottish magnate and influential British statesman make him a worthy counterpoint to Cromwell This book reviews Argyll s formative influence in shaping British frontier policy during the period 1607 38 and his radical financially creative and highly partial leadership of the Covenanting Movement in Scotland 1638 45 when Covenanters rather than Royalists or Parliamentarians directed the political agenda in Britain It examines his role as reluctant but calculated revolutionary in pursuing confessional confederation throughout the British Isles and in restoring Scotland s international relations particularly with France His ambivalent role as a military leader is contrasted with that of his genius as a political operator 1646 51 Reappraising his trial and execution as a scapegoat for reputedly collaborating with Oliver Cromwell and the regicides who executed Charles I in the 1650s it rehabilitates Argyll s reputation as a tarnished Covenanting hero rather than an unalloyed Royalist villain The book is firmly grounded in public and private archival sources in the UK the USA and Scandinavia and draws especially on privileged access to archives in Inveraray Castle Argyllshire It should appeal to those interested in clanship civil war and British state formation *Scots and the Union* Christopher A Whatley,2014-04-14 This book traces the background to the Treaty of Union of 1707 explains why it happened and assesses its impact on Scottish society including the bitter struggle with the Jacobites for acceptance of the union in the two decades that followed its inaugur **Displaying Art in the Early Modern Period** Pamela Bianchi,2022-08-23 From aesthetic promenades in noble palaces to the performativity of religious apparatus this edited volume reconsiders some of the events habits and spaces that contributed to defining exhibition practices and shaping the imagery of the exhibition space in the early modern period The contributors encourage connections between art history exhibition studies and architectural history and explore micro histories and long term changes in order to open new perspectives for studying these pioneering exhibition making practices Aiming to understand what spaces have done and still do to art the book explores an underdeveloped area in the field that has yet to trace its interdisciplinary nature and understand its place in the history of art The book will be of interest to scholars working in art history museum studies exhibition history and architectural history Scottish Art, 1460-2000 Duncan Macmillan,2000 This magnificent volume offers a richly illustrated survey of art in Scotland from 1460 to the current day Its main emphasis is on painting and the graphic arts and its scope clearly establishes the place of visual art in Scottish culture Placing in perspective the impact of the Reformation and the richness of late medieval art the book then follows the growth of art in the new Protestant culture through the 17th century It culminates with the glorious achievements of the 18th 19th and 20th centuries of painters such as Ramsay Raeburn Mackintosh and Wilkie A splendid volume that establishes the claim of Scottish art to a distinct identity and that changes our understanding

of the wider history of European art British Art and the Seven Years' War Douglas Fordham, 2010-09-10 Between the Jacobite Rebellion of 1745 and the American Declaration of Independence London artists transformed themselves from loosely organized professionals into one of the most progressive schools of art in Europe In British Art and the Seven Years War Douglas Fordham argues that war and political dissent provided potent catalysts for the creation of a national school of art Over the course of three tumultuous decades marked by foreign wars and domestic political dissent metropolitan artists especially the founding members of the Royal Academy including Joshua Reynolds Paul Sandby Joseph Wilton Francis Hayman and Benjamin West creatively and assiduously placed fine art on a solid footing within an expansive British state London artists entered into a golden age of art as they established strategic alliances with the state even while insisting on the autonomy of fine art The active marginalization of William Hogarth's mercantile aesthetic reflects this sea change as a newer generation sought to represent the British state in a series of guises and genres including monumental sculpture history painting graphic satire and state portraiture In these allegories of state formation artists struggled to give form to shifting notions of national religious and political allegiance in the British Empire These allegiances found provocative expression in the contemporary history paintings of the American born artists Benjamin West and John Singleton Copley who managed to carve a patriotic niche out of the apolitical mandate of the Royal Academy of Arts Flemington And Tales From Angus Violet Jacob, 2009-05-01 I think it is the best Scots romance since The Master of Ballantrae said John Buchan when Flemington was first published in 1911 Violet Jacob's fifth and finest novel is a tragic drama of the 1745 Jacobite Rising tightly written poetic in its symbolic intensity lit by flashes of humour and informed by the author's own family history as one of the Erskines of the House of Dun near Montrose Drawn back to these roots in her later years Violet Jacob also wrote many unforgettable short stories about the people the landscapes and the language of the North east In this volume fourteen of these stories are re collected and re edited as Tales from Angus **Encyclopedia of the Romantic Era, 1760-1850** Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism *King's College Chapel, Aberdeen, 1500-2000* Jane Geddes, 2020-10-28 This new edition is a revised and expanded version of the book produced in 2000 to celebrate the quinqucentenary of King's College Chapel Aberdeen Since then exciting discoveries have taken place and old ideas have been reappraised The choir stalls and woodwork have provided a fresh seam of information about the meaning and use of the medieval chapel Daniel MacCannell has identified new iconography in the stalls Jane Geddes prompted by the installation of the new organ has investigated the original function and appearance of the great pulpitum or screen between

the choir and nave and discovered the location of a magnificent lost organ loft Mary Pryor and John Morrison have examined the great baroque biblical paintings and come up with a totally new interpretation of their iconography and function a political warning to King Charles II Easter Smart the university chaplain describes the flexible and ecumenical use of the chapel today The revised edition appears in time to honour the quincentenary of the death of Bishop William Elphinstone the founder of Aberdeen University who died in 1514 This book aims to integrate his legacy to the chapel the liturgy music architecture and fittings Thanks to an unusually tolerant and conservative attitude towards religion at the university following the Reformation the chapel has survived in a more complete medieval state than any other church in Scotland The rich archive of university documents show how benign neglect and a fierce pride in their iconic building caused the university to maintain the structure and its furnishings even during the long centuries when it ceased to serve a religious function

From an Antique Land Anne MacLeod, 2012-11-05 This book looks at visual images as an alternative and undervalued source of evidence for ideas about the Scottish Gaidhealtachd in the period 1700-1880 Illustrated with 100 plates it brings together many little known and previously unrelated images Addressing the textual bias inherent in Scottish historical studies the book examines a broad range of maps plans paintings drawings sketches and printed images arguing that the concept of antiquity was the single most powerful influence driving the visual representation of the Highlands and Islands from 1700 to 1880 and indeed beyond Successive chapters look at archaeological ethnological and geological motives for visualising the Highlands and at the bias in favour of antiquity which resulted from the spread of these intellectual influences into the fine arts The book concludes that the shadow of time which hallmarked visual representations of the region resulted in a preservationist mentality which has had powerful repercussions for approaches to Highland issues down to the present day The book will appeal to historians art historians cultural geographers and the general reader interested in Highland history and culture

The Cambridge Companion to Hume David Fate Norton, Jacqueline Taylor, 2008-12-08 Although best known for his contributions to the theory of knowledge metaphysics and philosophy of religion Hume also influenced developments in the philosophy of mind psychology ethics political and economic theory political and social history and aesthetic theory The fifteen essays in this volume address all aspects of Hume's thought The picture of him that emerges is that of a thinker who though often critical to the point of scepticism was nonetheless able to build on that scepticism a constructive viable and profoundly important view of the world Also included in this volume are Hume's two brief autobiographies and a bibliography suited to those beginning their study of Hume This second edition of one of our most popular Companions includes six new essays and a new introduction and the remaining essays have all been updated or revised

Life of William Robertson Jeffrey R. Smitten, 2016-10-26 The first modern biography of William Robertson a key figure of the Scottish Enlightenment A prominent figure in the Scottish Enlightenment William Robertson differed from his contemporaries such as Voltaire Hume and Gibbon because he used the critical tools of the Enlightenment to strengthen

religion not to attack it As an historian he helped shape 18th century historiography As a minister of the Church of Scotland he sought to make the church fit for a polite age And as principal of the University of Edinburgh he presided over a flourishing of intellectual inquiry in the midst of the Enlightenment But despite his European fame he was a controversial figure Drawing extensively on his unpublished correspondence Jeffrey Smitten captures both the man and his work in his own words By foregrounding Robertsons religious outlook Smitten gives us a more contextualised and nuanced interpretation of Robertson s motives intentions and beliefs than we have had before Key Features Includes new biographical information drawn from archival sources and from all Robertson s largely unpublished correspondence Discusses Robertson s works published and unpublished Assesses Robertson s achievement based on fresh consideration of all facets of his career as minister historian and principal
