## **Patterns From Paradise:**

*Patterns of Destiny* Diane M. Sharon, 2002 Diane Sharon uses the tools of structuralist literary criticism to uncover social and theological patterns in the literature of the Hebrew Bible After providing a brief framework for understanding the approach used in her study she demonstrates that the social activity of eating and drinking when accompanied by other literary motifs is part of a pattern portending the establishment or condemnation of a cultural entity This pattern she refers to as the Pattern of Destiny In addition to defining the destiny pattern Sharon shows that the direction of the eating and or drinking event provides clues regarding the nature of the destiny portended whether the event will turn out to the positive or negative for the individual or cultural entity is signaled by clues within the eating drinking event sometimes in opposition to the surface structure of the text in which these clues are embedded Book Jacket The Urantia Book Urantia
