**Comprehensive Handbook of Psychotherapy Integration** George Stricker, Jerold R. Gold, 2013-06-29 This Handbook

is the culmination of an interest in psychotherapy integration that led to our first professional collaboration in 1978. At that time we undertook research conducted for a doctoral dissertation by the second editor and supervised by the senior editor to understand from and within a psychodynamic perspective the experiences of patients who had completed behavioral therapies. At that time psychotherapy integration was a topic considered viable and interesting by only a few clinicians and scholars with little communication among them and less awareness, concern and appreciation on the part of psychotherapists in general. The situation today has changed. The appearance of this Handbook may be taken as a significant sign of maturation and legitimacy of work in psychotherapy integration. It is our hope and expectation that this volume will serve as an up to date and exhaustive overview of the status of ongoing scholarly and clinical work in the integration of the major schools of psychotherapy. The Handbook opens with a section that will provide the reader with an overview of the history, sociocultural context and empirical status of the broad field of psychotherapy integration.

Counselling advice services. *Processing Emotional Pain using Emotion Focused Therapy* Melissa Harte, 2019-10-18. Emotional pain is part of most people's reality. For some of us though that pain can begin to impact on our ability to function in our everyday life. Despite years of valiant attempts to resolve or deny such pain we may continue to suffer. Before her untimely death early in 2021 Dr Melissa Harte had experienced her own journey through emotional pain that led her eventually to become a counseling psychologist and an internationally accredited Emotion Focused Therapy (EFT) trainer. She spent years teaching hundreds of therapists how to use EFT as well as running her own thriving private practice. The legacy of her considerable skill and knowledge remains in this book which sets out a framework and model that works gently, effectively and deeply to assist in reversing the psychological, emotional, spiritual and physical damage of unresolved emotional pain. Applicable to a range of practitioners including counsellors and psychologists, this book will help you to help your clients whose emotional pain may be attachment related.
