The Hemingway Short Story Robert Paul Lamb, 2013-01-02 In *The Hemingway Short Story A Study in Craft for Writers and Readers* Robert Paul Lamb delivers a dazzling analysis of the craft of this influential writer Lamb scrutinizes a selection of Hemingway's exemplary stories to illuminate the author's methods of construction and to show how craft criticism complements and enhances cultural literary studies *The Hemingway Short Story* the highly anticipated sequel to Lamb's critically acclaimed *Art Matters Hemingway Craft and the Creation of the Modern Short Story* reconciles the creative writer's focus on art with the concerns of cultural critics establishing the value that craft criticism holds for all readers Beautifully written in clear and engaging prose Lamb's study presents close readings of representative Hemingway stories such as *Soldier's Home* *A Canary for One* *God Rest You Merry Gentlemen* and *Big Two Hearted River* Lamb's examination of *Indian Camp* for instance explores not only its biographical contexts showing how details incidents and characters developed in the writer's mind and notebook as he transmuted life into art but also its original deleted opening and the final text of the story uncovering otherwise unseen aspects of technique and new terrains of meaning Lamb proves that a writer is not merely a site upon which cultural forces contend but a professional in his or her craft who makes countless conscious decisions in creating a literary text Revealing how the short story operates as a distinct literary genre Lamb provides the meticulous readings that the form demands showing Hemingway practicing his craft offering new inclusive interpretations of much debated stories reevaluating critically neglected stories analyzing how craft is inextricably entwined with a story's cultural representations and demonstrating the many ways in which careful examinations of stories reward us *Southern Humanities Review*, 2003

Representative Short Story Cycles of the Twentieth Century Forrest L. Ingram, 2012-05-02 No detailed description available for *Representative Short Story Cycles of the Twentieth Century* *The West Indian Novel and Its Background* Kenneth Ramchand, 2004 An account of the emergence of the West Indian novel in English this work provides valuable insights into the social cultural and political background offering concise and focused accounts of the growth of education the development of literacy and the formation of West Indian Creole languages *Stories and the Brain* Paul B. Armstrong, 2020-05-26 This book explains how the brain interacts with the social world and why stories matter How do our brains enable us to tell and follow stories And how do stories affect our minds In *Stories and the Brain* Paul B. Armstrong analyzes the cognitive processes involved in constructing and exchanging stories exploring their role in the neurobiology of mental functioning Armstrong argues that the ways in which stories order events in time imitate actions and relate our experiences to others lives are correlated to cortical processes of temporal binding the circuit between action and perception and the mirroring operations underlying embodied intersubjectivity He reveals how recent neuroscientific findings about how the brain works how it assembles neuronal syntheses without a central controller illuminate cognitive processes involving time action and self other relations that are central to narrative An extension of his previous book *How Literature Plays with the Brain* this new study applies Armstrong's analysis of the cognitive value of aesthetic harmony and dissonance to narrative

Armstrong explains how narratives help the brain negotiate the neverending conflict between its need for pattern synthesis and constancy and its need for flexibility adaptability and openness to change The neuroscience of these interactions is part of the reason stories give shape to our lives even as our lives give rise to stories Taking up the age old question of what our ability to tell stories reveals about language and the mind this truly interdisciplinary project should be of interest to humanists and cognitive scientists alike *Short Story Theories* ,2015-06-29 *Short Story Theories* A Twenty First Century Perspective problematizes different aspects of the renewal and development of the short story The aim of this collection is to explore the most recent theoretical issues raised by the short story as a genre and to offer theoretical and practical perspectives on the form Centering as it does on specific authors and on the wider implications of short story poetics this collection presents a new series of essays that both reinterpret canonical writers of the genre and advance new critical insights on the most recent trends and contemporary authors Theorizations about genre reflect on different aspects of the short story from a multiplicity of perspectives and take the form of historical and aesthetic considerations gender centered accounts and examinations that attend to reader response theory cognitive patterns sociolinguistics discourse analysis postcolonial studies postmodern techniques and contemporary uses of minimalist forms Looking ahead this collection traces the evolution of the short story from Chaucer through the Romantic writings of Poe to the postmodern developments and into the twenty first century This volume will prove of interest to scholars and graduate students working in the fields of the short story and of literature in general In addition the readability and analytical transparency of these essays make them accessible to a more general readership interested in fiction *Sixteen Modern American Authors* Jackson R. Bryer,1989 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains *American Studies* **World Literature Today** ,2003 [The Reading Lesson](#) Patrick Brantlinger,1998-12-22 Brantlinger s writing is admirably lucid his knowledge impressive and his thesis a welcome reminder of the class bias that so often accompanies denunciations of popular fiction Publishers Weekly Brantlinger is adept at discussing both the fiction itself and the social environment in which that fiction was produced and disseminated He brings to his study a thorough knowledge of traditional and contemporary scholarship which results in an important scholarly book on Victorian fiction and its production Choice Timely scrupulously researched thoroughly enlightening and steadily readable A work of agenda setting historical scholarship Garrett Stewart Fear of mass literacy stalks the pages of Patrick Brantlinger s latest book Its central plot involves the many ways in which novels and novel reading were viewed especially by novelists themselves as both causes and symptoms of rotting minds and moral decay among nineteenth century readers **The Novel** Michael Schmidt,2014-05-12 With contributions from Great Britain Ireland

America Canada Australia India and Southern Africa influenced by great novelists working in other languages and encompassing a range of genres the story of the novel in English unfolds like a richly varied landscape that invites exploration rather than a linear journey

The Short Story Charles May, 2013-10-14 The short story is one of the most difficult types of prose to write and one of the most pleasurable to read From Boccaccio's Decameron to The Collected Stories of Reynolds Price Charles May gives us an understanding of the history and structure of this demanding form of fiction Beginning with a general history of the genre he moves on to focus on the nineteenth century when the modern short story began to come into focus From there he moves on to later nineteenth century realism and early twentieth century formalism and finally to the modern renaissance of the form that shows no signs of abating A chronology of significant events works and figures from the genre's history notes and references and an extensive bibliographic essay with recommended reading round out the volume

The Art of Brevity Per Winther, Jakob Lothe, Hans H. Skei, 2004 The Art of Brevity gathers fresh ideas about the theory and writing of short fiction from around the globe to produce an international inclusive exploration of the steadily growing field of short story studies Though Anglo American scholars have served as the primary developers of contemporary short story theory since the field's inception in the 1960s this volume adds the contributions of scholars living in other parts of the world Such Anglo American pioneers as Mary Rohrberger Charles May Susan Lohafer and John Gerlach join with short fiction scholars at universities in Norway Denmark Sweden and Canada to build academic bridges and expand the field geographically as well as conceptually Contributors to the volume weave together themes of time space compression mystery reader response and narrative closure They discuss writers as varied as Edgar Allan Poe Nathaniel Hawthorne Herman Melville Sarah Orne Jewett James Joyce Franz Kafka Ernest Hemingway Mavis Gallant Flannery O'Connor Eudora Welty Margaret Atwood Alice Munro and Robert Olen Butler the nineteenth century queer short story and contemporary Danish short shorts

Edinburgh Companion to the Short Story in English Paul Delaney, 2018-11-27 This collection explores the history and development of the anglophone short story since the beginning of the nineteenth century
