Boylan, 2017-04-20 Arriving in New York City in the first decade of the twentieth century six painters Robert Henri John Sloan Everett Shinn Glackens George Luks and George Bellows subsequently known as the Ashcan Circle faced a visual culture that depicted the urban man as a diseased body under assault Ashcan artists countered this narrative manipulating the bodies of construction workers tramps entertainers and office workers to stand in visual opposition to popular political and commercial cultures They did so by repeatedly positioning white male bodies as having no cleverness no moral authority no style and no particular charisma crafting with consistency an unspectacular man This was an attempt both radical and deeply insidious to make the white male body stand outside visual systems of knowledge to resist the disciplining powers of commercial capitalism and to simply be with no justification or rationale Ashcan Art Whiteness and the Unspectacular Man maps how Ashcan artists reconfigured urban masculinity for national audiences and reimagined the possibility and privilege of the unremarkable white male body thus shaping dialogues about modernity gender and race that shifted visual culture in the United States      Cézanne and the Post-Bionian Field Robert Snell, 2020-12-29 By inviting a conversation between them this book offers a nuanced introduction both to Cézanne the father of modern art and perhaps the most vital body of theory in contemporary psychoanalysis post Bionian field theory as it has been evolving in Italy in the hands of Antonino Ferro Giuseppe Civitarese and others Cézanne and Bion each insisting on his own truths spearheaded quite new directions in painting and in psychoanalysis Both point us towards a crucial insight far from being isolated self contained subjects we fundamentally exist only within a larger interpersonal field Cézanne's painting can give us a direct experience of this For the Italian field analysts building on Bion's work the field is accessed through reverie metaphor and dream which now come to occupy the heart of psychoanalysis Here primitive proto emotions that link us all might be transformed as Cézanne transformed his sensations into aesthetic form into feelings linked to thoughts that in turn enrich and expand the field The book draws on the words of artists Cézanne himself Mann philosophers Merleau Ponty Bergson art historians and theorists Clark Smith Shaw as well as psychoanalysts Bion Ferro Civitarese and others and it is the first to focus on one particular and seminal painter as a way of exploring this aesthetic and field dimension in depth and detail Aimed at psychoanalysts

Strong,1986-01-01 No other woman in world history has been of such compulsive interest as Elizabeth Tudor While the rest of the 16th century Europe was subject to the bloodshed of religious war Tudor peace brought England its great flowering of the arts Central to that flowering was the enigmatic legend of the Queen herself a myth deliberately created and sustained over four decades by public spectacle and courtly chivalry by private sonnet and official oration     "Interior Portraiture and Masculine Identity in France, 1789-1914 " Heather Belnap

Jensen,2017-07-05 Focusing specifically on portraiture as a genre this volume challenges scholarly assumptions that regard interior spaces as uniquely feminine Contributors analyze portraits of men in domestic and studio spaces in France during the long nineteenth century the preponderance of such portraits alone supports the book's premise that the alignment of men with public life is oversimplified and more myth than reality The volume offers analysis of works by a mix of artists from familiar names such as David Delacroix Courbet Manet Rodin and Matisse to less well known image makers including Dominique Doncre Constance Mayer Anders Zorn and Lucien Etienne Melingue The essays cover a range of media from paintings and prints to photographs and sculpture that allows exploration of the relation between masculinity and interiority across the visual culture of the period The home and other interior spaces emerge from these studies as rich and complex locations for both masculine self expression and artistic creativity Interior Portraiture and Masculine Identity in France 1789 1914 provides a much needed rethinking of modern masculinity in this period **AAM Guide to Provenance Research**

Her beloved portraits of mothers and children are highlighted here, but the book also includes lesser-known work that shows Cassatt's range of talent. Children will enjoy seeing the warm and loving images of others their age relaxing with pets, enjoying the outdoors, and being held by caring adults. Inspiring for all children, but especially appropriate for those with artistic interests, this book shows how one girl's lifelong dream to become an artist came true due to an independent spirit, determination, and commitment to her craft.
