Druxman,1974 **The 1931-1940: American Film Institute Catalog of Motion Pictures Produced in the United States** American Film Institute,1993 The entire field of film historians awaits the AFI volumes with eagerness Eileen Bowser Museum of Modern Art Film Department Comments on previous volumes The source of last resort for finding socially valuable films that received such scant attention that they seem lost until discovered in the AFI Catalog Thomas Cripps Endlessly absorbing as an excursion into cultural history and national memory Arthur Schlesinger Jr *The Casablanca Man* Dr James C Robertson,James Robertson,2013-09-13 Michael Curtiz 1888 1962 was without doubt one of the most important directors in film history yet he has never been granted his deserved recognition and no full scale work on him has previously been published The Casablanca Man surveys Curtiz unequalled mastery over a variety of genres which included biography comedy horror melodrama musicals swashbucklers and westerns and looks at his relationship with the Hollywood studio moguls on the basis of unprecedented archive research at Warner Brothers Concentrating on Curtiz best known films Casablanca Angels With Dirty Faces Mildred Pearce and Captain Blood among them Robertson explores Curtiz practical creative struggles and his friendships and rivalries with other film celebrities including Errol Flynn Bette Davis and James Cagney and his discovery of future stars Casablanca Man is the first comprehensive critical exploration of Curtiz entire career and linking his European work and his subsequent American work into a coherent whole Robertson firmly re establishes Curtiz true standing in the history of cinema Hollywood's War with Poland, 1939-1945 M.B.B.

Biskupski,2010-01-08 This passionate carefully researched richly detailed well written study reveals the political motives behind WWII Hollywood s portrayal of Poles Choice During World War II Hollywood studios supported the war effort by making patriotic movies designed to raise the nation s morale Often the characterizations were as black and white as the movies themselves Americans and their allies were heroes while everyone else was a villain The peoples of Norway France Czechoslovakia and England were all good because they had been invaded or victimized by Nazi Germany Yet Poland the first country to be invaded by the Third Reich was repeatedly represented in a negative light In this prize winning study Polish historian M B B Biskupski explores why Biskupski presents a close critical study of prewar and wartime films such as To Be

or Not to Be In Our Time and None Shall Escape Through memoirs letters diaries and memoranda written by screenwriters directors studio heads and actors Biskupski examines how the political climate and especially pro Soviet sentiment influenced Hollywood films of the time Winner of the Oscar Halecki Prize A Choice Outstanding Academic Title The Making and Influence of I Am a Fugitive from a Chain Gang Scott Allen Nollen,2016-10-06 Robert E Burns a World War I veteran coerced into taking part in a petty crime in Atlanta Georgia was sentenced to hard labor on a chain gang in 1922 Twice escaping and on the lam for decades he was aided only by his minister poet brother Vincent G Burns Their collaborative work I Am a Fugitive from a Georgia Chain Gang was the basis for Darryl F Zanuck s and Mervyn Leroy s hard hitting 1932 film adaptation from Warner Bros This book traces the making and influence of the film which launched a string of imitators and the Burns brothers efforts to obtain a pardon for Robert which never came **Howard Hughes and the Creation of Modern Hollywood** Jeffrey Richardson,2019-07-04 Howard Hughes was an industrialist aviator and eccentric but he was also the most important movie producer during the golden age of Hollywood At a time when filmmaking was tightly controlled and highly formulaic Hughes used his enormous wealth to challenge the dictates and restrictions that defined the motion picture industry Tackling subjects that were explicitly forbidden he pushed the boundaries of onscreen sex and violence He pioneered production and marketing techniques that were revolutionary including the multimillion dollar blockbuster and the promotion of scandal When Hughes became the first person to completely own a major Hollywood studio he continued his maverick approach to filmmaking as a mogul Most importantly Hughes s role in the federal government s antitrust case against the industry led to the collapse of the entire studio system and the transformation of American cinema Although his contributions are often overlooked Hughes was instrumental in shaping the motion picture industry that exists today **Inventing the Modern Yiddish Stage** Barbara Henry,Joel Berkowitz,2012-05-15 Scholars of Jewish performance and those interested in theater history will appreciate this wide ranging volume **The Apollonian Clockwork** Louis Andriessen,Elmer Schönberger,2006 The one book about Stravinsky Stravinsky would have liked Richard Taruskin **Once Upon a Time in Hollywood** Michael B. Druzman,2008-12-15 Once Upon a Time in Hollywood From the Secret Files of Harry Pennypacker is a revisionist history of Hollywood s Golden Era and the tabloid press that covered it Harry Pennypacker was a prolific and revered newspaper columnist a colleague of Louella Parsons Walter Winchell and the other great columnists of the day Unfortunately nobody has ever heard of him because the papers never ran his articles They were too hot Too dangerous Too likely to tarnish the delicate image of silver screen icons The newspaper syndicate couldn t fire him because he had an ironclad contract so Pennypacker wrote his stories and the editors buried them Until now The secret files of Harry Pennypacker are secret no longer **Mad, Bad and Dangerous?** Christopher Frayling,2013-06-01 From Victor Frankenstein to Dr Moreau to Doc Brown in Back to the Future the scientist has been a puzzling fascinating and threatening presence in popular culture From films we have learned that scientists are either evil maniacal geniuses or

bumbling saviors of society *Mad Bad and Dangerous* puts this dichotomy to the test offering a wholly engaging yet not uncritical history of the cinematic portrayal of scientists Christopher Frayling traces the genealogy of the scientist in film showing how the scientist has often embodied the predominant anxieties of a particular historical moment The fear of nuclear holocaust in the 1950s gave rise to a rash of radioactive mutant horror movies while the possible dangers of cloning and biotechnology in the 1990s manifested themselves in *Jurassic Park* During these eras the scientist's actions have been viewed through a lens of fascination and fear In the past few decades with increased public awareness of environmental issues and of the impact of technology on nature the scientist has been transformed once again into a villainous agent of money hungry corporate powers *Mad Bad and Dangerous* also examines biographical depictions of actual scientists illuminating how they are often portrayed as social misfits willing to sacrifice everything to the interests of science Drawing on such classic and familiar films as *Frankenstein* *Metropolis* and *The Wizard of Oz* Frayling brings social and film history together to paint a much larger picture of the evolving value of science and technology to society A fascinating study of American culture and film *Mad Bad and Dangerous* resurrects the scientists of late night movies and drive in theaters and gives them new life as cultural talismans

The History of American Literature on Film Thomas Leitch, 2019-06-13 From William Dickson's *Rip Van Winkle* films 1896 to Baz Luhrmann's big budget production of *The Great Gatsby* 2013 and beyond cinematic adaptations of American literature participate in a rich and fascinating history Unlike previous studies of American literature and film which emphasize particular authors like Edith Wharton and Nathaniel Hawthorne particular texts like *Moby Dick* particular literary periods like the American Renaissance or particular genres like the novel this volume considers the multiple functions of filmed American literature as a cinematic genre in its own right one that reflects the specific political and aesthetic priorities of different national and historical cinemas even as it plays a decisive role in defining American literature for a global audience
