*Paul Neagu* Neagu, Paul (utstilling), 1987      The Aesthetics of Matter Sarah Posman, Anne Reverseau, David

Ayers, Sascha Bru, Benedikt Hjartarson, 2013-10-29 It has often been argued that the arrival of the early 20th century avant gardes and modernisms coincided with an in depth exploration of the materiality of art and writing The European historical avant gardes and modernisms excelled in their attempts to establish the specificity of media and art forms as well as in experimenting with the hybridity of the materials of their multiple disciplines This third volume of the series European Avant Garde and Modernism Studies sheds light on the full range and import of this aspect in avant garde and modernist aesthetics across all art forms and throughout the 19th and 20th centuries The book s contributions written by experts from some 20 countries seek to answer the following questions What sort of objects and material works and media help us to properly grasp the avant garde and modernist aesthetics of matter How were affects emotions and sensory and bodily experiences transferred and transformed in the experiment with matter How were immaterial things such as concepts of time changed in this aesthetic moment What material meanings were disseminated in the cultural transfer and translation of objects How did subsequent avant gardes deal with the aesthetics of matter in their response to historical predecessors      **Paul Neagu -**

Kemp-Welch, 2019-03-26 The story of the experimental zeitgeist in Eastern European art seen through personal encounters pioneering dialogues collaborative projects and cultural exchanges Throughout the 1970s a network of artists emerged to bridge the East West divide and the no less rigid divides between the countries of the Eastern bloc Originating with a series of creative initiatives by artists art historians and critics and centered in places like Budapest Pozna and Prague this experimental dialogue involved Western participation but is today largely forgotten in the West In *Networking the Bloc* Klara Kemp Welch vividly recaptures this lost chapter of art history documenting an elaborate web of artistic connectivity that came about through a series of personal encounters pioneering dialogues collaborative projects and cultural exchanges Countering the conventional Cold War narrative of Eastern bloc isolation Kemp Welch shows how artistic ideas were relayed among like minded artists across ideological boundaries and national frontiers Much of the work created was collaborative and personal encounters were at its heart Drawing on archival documents and interviews with participants Kemp Welch focuses on the exchanges and projects themselves rather than the personalities involved Each of the projects she examines relied for its realization on a network of contributors She looks first at the mobilization of the network from 1964 to 1972 exploring five pioneering cases a friendship between a Slovak artist and a French critic an artistic credo an exhibition a conceptual proposition and a book She then charts a series of way stations for experimental art from the Soviet bloc between 1972 and 1976 points of distribution between studios private homes galleries and certain cities Finally she investigates

convergences a succession of shared exhibitions and events in the second half of the 1970s in locations ranging from Prague to Milan to Moscow Networking the Bloc Kemp Welch invites us to rethink the art of the late Cold War period from Eastern European perspectives Demarco's Scotland Roddy Martine, Richard Demarco, 2024-08-30 Scotland's greatest gift to the world has been itself its culture its creativity the extraordinary ability of its people to integrate and celebrate what truly matters in global terms friendship and decency Add in our greatest export Scotch whisky our iconic clan and family tartans our golf courses and musical traditions and you have an identity that is instantly recognisable and internationally respected and loved Wear a kilt in Manhattan or Paris and you make friends for life Art culture and history circulate the lives of Richard Demarco and Roddy Martine This compelling sequel to Demarco's Edinburgh battles for the soul of Scotland tracing its roots from ancient pilgrimage routes to modern day artistic endeavours Richard Demarco's personal odyssey from his encounter with Terry Newman and Southampton College of Art to his profound connections with the Polish art world forms the cornerstone of this narrative As he reflects on the essence of the Edinburgh Festival he unveils a vision where Scotland's cultural legacy transcends geographical boundaries embracing the world Martine's meticulously crafted essays encapsulate Scotland's artistic landscape through insightful reflections on Demarco's journey you are invited to ponder profound questions about identity heritage and the transformative power of art A testament to the enduring spirit of creativity and the timeless quest for meaning that defines Scotland's cultural heritage this book serves as a poignant reminder of the country's evolution into a global beacon of culture and enlightenment
